The South Dakota Board of Nursing ("Board") met in Sioux Falls, South Dakota, for its regular meeting on February 17, 2017. At that meeting the Board was advised of the informal meeting which was held between you and Board staff on November 15, 2016, regarding allegations that you initiated patient cares without proper orders from a provider, failed to provide appropriate discharge planning and services for persons entrusted to your care, failed to follow up on making and filing reports regarding physical and financial abuse of a patient, and failed to document in patients' records.

Based on the information provided to the Board, the Board has determined that your conduct is in violation of SDCL § 36-9-49(5), (7), and (10).

Therefore, the Board, according to the disciplinary procedures outlined in ARSD 20:48:08, issues this Letter of Reprimand. In addition, the Board will require you to complete learning modules through NCSBN Learning Extension: (1) Sharpening Critical Thinking Skills, (2) Righting a Wrong, Ethics and Professionalism in Nursing, and (3) Working Effectively with

LPNs and Nursing Assistants (this module is available at RN.com Education Resources). You are responsible to purchase and complete these modules and return them to the Board office no later than May 25, 2017, with successful certificate of completion.

This final action is reportable discipline and will be published in the Board's newsletter, posted on its website, and reported into the National Practitioner Data Bank (NPDB) as required by law. As this is a reportable discipline, you are required to provide an affirmative response to inquiries of disciplinary action on further renewals and other nursing related inquiries.

Dated this 24th day of February, 2017.
