

SOUTH DAKOTA

BASIC PROGRAM

 <p>The following nursing homes have agreed to share progress on the implementation of their Antimicrobial Stewardship Programs (ASP). Activities listed were defined by the SD HAI Advisory Committee as those that comprise varying levels of Program implementation. An "X" indicates the facility is currently performing the activity</p>	Institution-specific ASP policy and/or procedures adopted	Physician-supervised multidisciplinary ASP committee or workgroup convenes 2 times per year	ASP support provided by a physician or pharmacist with antimicrobial stewardship training from a recognized professional organization or post graduate education	ASP activities routinely reported to quality improvement committees	Annual antibiogram developed (using CLSI guidelines), distributed to medical staff, and follow-up education provided
