Questions & Answers

Question: To what extent would you like to see the awardee of this RFP develop and implement home and community based services? In other words, are you looking for an entity that will partner with local providers to accomplish this mandate or do you wish to see the awardee itself develop and implement a home and community based service program? *The state of South Dakota seeks to develop innovative service delivery models for the full range of long term services and supports. There is a projected need for additional home and community based services in the state in the future. Proposals should describe any plans or commitments to develop and provide additional home and community based services to be integrated with any additional skilled nursing home beds in the community.*
