

### POD Manager PHEP Checklist

This checklist is designed to simplify the Public Health Emergency Preparedness (PHEP) Grant requirements into actionable steps to assure grant funding is secured. These are the MINIMUM requirements and schedule that must be followed.

- **Review** means the data entered should be reexamined for accuracy.
- **Update** means any data that is no longer accurate should be edited.
- **Validate** means that supporting evidence must be routinely maintained and documents must have dates within the required range.

According to the CDC through Public Health Emergency Preparedness (PHEP), the guidance is to review these items annually:

**POD plan with supporting documents**

Examples: annexes, ICS chart, SOPs, algorithm, flowchart, checklists, POD location map

**Facilitation of an exercise**

Full scale or tabletop example: annexes, flowchart, algorithm, dispensing log, after action report (AAR), informed consent
