* Includes matriculated and alternates who would have been admitted if there had been available slots, note that out of state residents without ties to SD are considered “not qualified” in most circumstances because the class is preferentially filled from SD

** Includes Family Medicine, Internal Medicine, Pediatrics, Internal Medicine/Pediatrics, and Obstetrics/Gynecology

*** SD Pediatrics residency began in 2011 Data from SDSMA (90% of active physicians in SD are members);

+++ From alumni database: 28% of SSOM grads practicing in SD do so in a community of <10,000. Number based on this percentage only
