You can expect that it will take 4 – 6 weeks before all forms are received by the Board office, upon receipt of all forms your application will be considered for approval. You will be notified in writing if additional information is required or that your application has been approved.

Application and Fees

Fee payment should be in the form of a money order or check payable to SD Board of Nursing. Fees are non-refundable. If a Temporary Permit is also desired, see [Temporary Permit](#) below.

Registered Nurse License

You must hold an active, unencumbered SD RN license or temporary permit; *or* hold a compact RN license with multi state privilege to practice. If you do not hold a SD RN license, or a compact license, you may apply for SD RN licensure. Complete the [RN Application for Licensure by Endorsement](#).

Criminal Background Check

Pursuant to [SDCL 36-9A-9.1](#) each applicant for initial licensure must submit a full set of fingerprints to obtain a state and federal criminal background check (CBC).

1. Fingerprint cards **must** be requested and obtained from the SD Board of Nursing because specific Board of Nursing agency data is pre-printed on the cards; to request a CBC packet email [Jill Vanderbush](mailto:Jill.Vanderbush) or call (605) 362-2760. The CBC packet will contain fingerprinting instructions.
 2. Completed fingerprint cards should be sent to the SD Board of Nursing office along with a money order payable to: South Dakota Division of Criminal Investigation (DCI).
 3. Cards will be rejected by the Federal Bureau of Investigation (FBI) if they are incomplete, bent, folded, tampered with, stained, smeared, or stapled. If rejected, the Board office will notify you to resubmit your cards.
- Your application for licensure will not be processed or a temporary permit will **not** be issued to you until your completed fingerprint cards are received. You will **not** receive a *permanent* license until the *results* of your CBC are received in the Board office from the FBI, approximately 1-2 weeks, and after meeting all other application requirements.

Request for Transcript

Submit a transcript from **each** college, university, or program you attended, or completed course work at, that pertains to your nurse practitioner (NP) education. The college/program that issued your degree must include the date the degree was conferred/awarded or post-graduate certificate awarded, the NP role, and the population focus area(s). Copies of transcripts are not accepted. *You may choose to:*

1. Complete the college's online transcript request process, have the transcript electronically sent directly to Jill.Vanderbush@state.sd.us

The Dean or designated official of the program should complete the bottom portion of the form to verify your education and the accreditation status of the NP program at the time of your attendance. The designated official of the program must return the completed form to the Board office.

Certification Verification

Primary source verification of successfully passing a NP certification examination offered by the American Academy of Nurse Practitioners – Certification Program (AANP-CP), American Nurses Credentialing Center (ANCC), American Association of critical-Care Nurses (AACN), National Certification Corporation (NCC), or the Pediatric Nursing Certification Board (PNCB) and maintaining current certification is required for licensure and renewal. Refer to the certification organizations websites to request primary source verification of your certification status be sent directly to the Board office.

Practice Verification

All applicants for licensure are required to practice a minimum of 1,040 hours as a *licensed* NP to practice without a collaborative agreement. Applicants may count licensed practice hours from other jurisdictions/states. Submit the Practice Verification [Form 4](#) to verify licensed practice hours.

If you cannot verify 1,040 hours of licensed practice you are required to submit a [Collaborative Agreement](#) with a SD licensed physician or SD licensed CNP. The physician or CNP must have a minimum of 2 years of licensed practice experience, hold an unencumbered SD license, and practice in a comparable area to your NP education and certification. Once you have met the minimum 1,040 hours of practice you may complete the Practice Verification [Form 4](#) to request retirement of the Collaborative Agreement.

Advance Practice Nursing Functions and Scope

Once licensed, an NP is permitted to practice the scope defined in [SDCL 36-9A-12](#) and shall collaborate with other health care providers and refer or transfer patients as appropriate as required in [SDCL 36-9A-13.1](#).

As outlined in SDCL 36-9A-12, upon licensure, CNPs may prescribe, procure, furnish, and administer over-the-counter, legend, and controlled substance drugs, schedules II-IV, according to federal and state registration requirements. Additionally, [ARSD 20:62:03:11](#) provides further clarification on prescribing requirements.

Temporary Permit

To practice as a NP in SD, you must possess a temporary permit, or a permanent license issued by the SD Board of Nursing authorizing your practice. A temporary permit is required *before* you can begin orientation at your place of employment. The permit is valid only for the period it has been issued and may not be renewed. Practice beyond the expiration date is a violation of law and may result in disciplinary action. The holder of a permit to practice will use the designation of **CNP-app** after name.

1. A **temporary permit by examination** is issued to an applicant who is waiting for results of the first exam they are eligible to take after completing an NP education program.

The permit will be issued when the following is completed and received in the Board office:

Temporary permit applicants are required to be supervised the first 30 days by direct personal contact, which means the collaborating physician or CNP is physically present and available. Thereafter, and until the expiration of the permit, supervision must include two, one-half business days per week. Upon issuance of a permanent license the Supervisory Agreement becomes invalid and the Collaborative Agreement becomes effective.
 - h. [Collaborative Agreement](#) must be submitted with either a SD licensed physician or SD licensed CNP. Once the minimum of 1,040 hours of *licensed* CNP practice hours are completed the Practice Verification [Form 4](#) may be submitted to request retirement of the agreement. Hours practiced on a temporary permit are not *licensed* CNP practice hours and cannot be included in the minimum 1,040 hours.
2. A **temporary permit by endorsement** is issued to an applicant who holds licensure as a NP in another state or territory and is awaiting licensure in SD. The permit becomes invalid 120 days from issuance date. The temporary permit will be issued when the following is completed and received in the Board office:
