SOUTH DAKOTA BOARD OF NURSING

IN THE MATTER OF THE LICENSURE PROCEEDINGS

RE: ANN MECHTENBERG, R.N.

License No. R-028205,

Licensee.

WHEREAS, Ann Mechtenberg, R.N., ("Licensee"), is licensed to practice as a registered nurse in the State of South Dakota and holds license number R-028205; and

WHEREAS, on February 24, 2006, the South Dakota Board of Nursing received a complaint from the Navajo Area Indian Health Service in Defiance, Arizona and from Dakota Medical Temps., Inc. in Hill City, South Dakota, alleging that Licensee had provided falsified letters of reference to prospective employers. Complainants had been contacted by these prospective employers, but had not provided any letter of reference for Licensee. After receiving the complaint, investigation was commenced.

As part of the investigative process, an Informal Meeting was scheduled with the Licensee. Licensee was unable to attend but, in lieu of appearance, she sent an e-mail dated April 26, 2006, admitting to submitting false letters of recommendation to prospective employers from persons she had asked to be her references.
As a result of this conduct, the South Dakota Board of Nursing, on June 30, 2006, issued a Letter of Reprimand with Remediation to the Licensee, which is reportable discipline.

In April, 2007, the Board of Nursing received a complaint from Licensee’s then employer, Palisades Manor of Garretson, South Dakota, in regards to medication errors and possible diversion of narcotics. Thereafter, the Board of Nursing began an investigation into that complaint. Additional reports from Palisades Manor received on July 20, 2007, revealed that the Licensee had been disciplined for sleeping on the job, not responding to patient lights, leaving medication room doors open, not documenting appropriately, and other practice intervention issues.

On July 24, 2007, the Board of Nursing received another complaint from Licensee’s then employer, Canton Good Samaritan Center alleging unsafe practice issues to include, but not limited to, medication errors, incorrect counting of narcotics (no diversion), and laboratory errors during her employment there from May 21, 2007, to July 3, 2007.

On July 25, 2007, an Informal Meeting was held with the Licensee at the South Dakota Board of Nursing office in Sioux Falls, South Dakota. Said minutes are hereby incorporated as if fully set forth herein.

At the Informal Meeting, Licensee denied any addiction to prescription medication and denied diversion of narcotics. Licensee did admit to the list of unsafe practice issues
identified by Palisades Manor and Canton Good Samaritan Center. Licensee also
admitted to having mental and physical health concerns which were affecting her nursing
practice.

On September 10, 2007, the Licensee contacted the Board of Nursing office and
asked questions regarding voluntarily surrendering her license. The process was
explained to her and she indicated her wish to surrender her license at that time.

Upon presentation of the Voluntary Surrender Consent Order document, the
Licensee withdrew her agreement to sign the Order and, instead, stated her wish to
proceed to hearing.

WHEREAS, based upon the affidavit of Andrew Albers and the above stated
conduct, the Board has concluded that the public health, safety and welfare requires
emergency action, in that Licensee’s actions may endanger the health and safety of those
who are, or will be, entrusted to her care in the future; and

WHEREAS, the Board, has a statutory obligation to protect the health, safety and
welfare set forth in SDCL §36-9, including the protection of the public from unsafe
nursing practices and practitioners.

NOW THEREFORE IT IS HEREBY ORDERED:

1. That the Board has jurisdiction of the Licensee and the subject matter of
this Order.
2. That based on the above, the Board specifically finds that the public health, safety and welfare require emergency action against Licensee’s license.

3. That based on the above, the Board specifically finds that the Licensee’s actions endanger the public health, safety and welfare, and imperatively requires emergency action in that Licensee may endanger the health and safety of those persons who are or will be entrusted to her care in the future and that these are matters of a nature that would constitute further grounds for discipline of her license to practice nursing under SDCL § 36-9-49.

4. Based upon these findings, Licensee’s license to practice nursing in South Dakota is hereby summarily suspended. Licensee may petition according to SDCL § 36-9-57 for reinstatement of her license at any time for “good cause”. This Order also affects licensee’s privilege to practice in South Dakota. Should licensee change her home state under the Nurse Licensure Compact, then licensee’s practice privilege is subject to the same requirements as set forth in this order as her South Dakota license.

5. That Licensee shall turn in her license to the Board within ten (10) days from the date of this Order and it shall be kept by the Board until further action on this matter.

6. Licensee is hereby notified that any practice of or holding herself out as a Registered nurse during the terms of this Order of Summary Suspension is a violation of SDCL § 36-9-68.
The South Board of Nursing at its meeting on the 2nd day of November, 2007, approved this Order of Summary Suspension as written without modifications and issues its Order of Summary Suspension consistent herein as follows:

IT IS HEREBY ORDERED that the above is adopted as an Order of the South Dakota Board of Nursing this 2nd day of November, 2007, by a vote of

\[9-0\]
