Dear Ms. Schulte:

You have successfully completed the Probation that was issued September 13, 2011 by the South Dakota Board of Nursing. Enclosed please find your current unencumbered RN multi-state license certificate, valid through July 10, 2015.

Please be advised that you must always answer "Yes" to any question on a nurse license or employment application regarding history of disciplinary action. Failure to answer "Yes" to this type of question would constitute falsification of that application and may lead to further disciplinary action by the Board of Nursing. Specifically, for nurse licensure renewal in South Dakota, you must answer "Yes" to the question:

Has any nursing license or certificate ever held by you in any state or country been denied, revoked, suspended, stipulated, placed on probation, or otherwise subjected to any type of disciplinary action?

You may then simply indicate that documentation is already on file at the South Dakota Board of Nursing.

Please feel free to contact Francie Miller, MBA, RN, BSN, Nursing Program Specialist, or myself if you have any questions regarding this matter. The Board of Nursing wishes you the best of luck as you continue your nursing career.

Sincerely,

Winora Robles
Program Assistant

ENC: current certificate
