The South Dakota Board of Nursing (“Board”) met in Sioux Falls, South Dakota, for its regular meeting on September 15, 2009. At that meeting the Board was advised of your arrest, guilty plea, and receipt of a suspended imposition of sentence regarding felony possession of a controlled substance (Adderall) by theft, misrepresentation, forgery, or fraud.

Based on the information provided to the Board, the Board has determined that your conduct is in violation of SDCL § 36-9-49(7) and (10).

Therefore, the Board, according to the disciplinary procedures outlined in ARSD 20:48:08, issues this Letter of Reprimand. In addition, the Board hereby mandates your continued participation with the Health Professionals Assistance Program (“HPAP”) for a period of five (5) years with credit given for time of previous successful participation in the program. All terms and conditions, as well as clearance to return to employment and
any restrictions on access to narcotics, shall be set by the HPAP and you are expected to be fully compliant with all set terms and conditions.

This final action is reportable discipline and will be published in the Board’s newsletter, posted on its website, and reported into the HIPDB and NPDB data banks as required by law. As this is a reportable discipline, you are required to provide an affirmative response to inquiries of disciplinary action on further renewals and other nursing related inquiries.

Dated this 2nd day of November, 2009.
