The South Dakota Board of Nursing (“Board”) met in Sioux Falls, South Dakota for its regular meeting on November 18, 2011.

At that meeting, the Board was advised that you had been non-compliant with the Florida’s IPN program in that you had not made arrangements to attend the required treatment program as recommended by the IPN. Recall that after the South Dakota Board of Nursing had mandated you into their Health Professionals Assistance Program (“HPAP”) on September 15, 2010, you were allowed to participate in the Florida IPN program and be monitored by them on behalf of the South Dakota Board of Nursing.

Upon your recent return to South Dakota, the IPN program in Florida, on September 30, 2011, advised the Board that due to your non-compliance, your Florida nursing license is currently null and void. Since your return to South Dakota, you have signed a voluntary

refrain from practice and have been advised that you must be completely enrolled and participating in HPAP to practice nursing in the State of South Dakota. You have also been advised that in order to complete your HPAP contract, you will need to complete a new alcohol and drug assessment. At this time, that has not been completed.

Based on the information provided to the Board, the Board has determined that your conduct is in violation of SDCL § 36-9-49(7).

Therefore the Board, according to the disciplinary procedures outlined in ARSD 20:48:08, issues this Letter of Reprimand. This final action is reportable discipline and will be published in the Board's newsletter and posted on its website and reported into the Healthcare Integrity and Protection Data Bank (HIPDB) and the National Practitioner Data Bank (NPDB) as required by law. As this is reportable discipline, you are required to provide an affirmative response to inquiries of disciplinary action on further renewals and other nursing related inquiries.

Dated this 26<sup>th</sup> day of November, 2011.
