

MIDWEST HEALTH MANAGEMENT SERVICES, LLC

SD HEALTH PROFESSIONALS ASSISTANCE PROGRAM

June 5, 2017

Jesse Freeburg

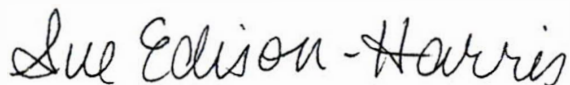

Dear Jesse,

The Evaluation Committee of the SD Health Professionals Assistance Program (HPAP) has reviewed your progress and participation to determine eligibility for successful completion of monitoring. We are pleased to share that the review clearly indicates that you have met the timeline and various components of your participation agreement, and there is neither a need, nor a benefit to the public for continued monitoring. This letter is to provide notification of your successful completion of your HP AP Participation Agreement as of June 6, 2017.

Congratulations on your successful completion. We encourage you to stay connected to your support system to support and maintain continued wellness. If you have additional funds in your AffinityHealth account, please contact them for a refund. If the South Dakota Health Professionals Assistance Program can be of further assistance, please do not hesitate to contact us.

Best wishes to you.

Sincerely,

Sue Edison-Harris, MA, LPC-MH, LAC, QMHP
