36-11-1. Public interest in regulation of practice. The practice of pharmacy in South Dakota is hereby declared to be a professional practice affecting the public health, safety, and welfare and is subject to regulation in the public interest.  

36-11-2. Definition of terms. Terms used in this chapter mean:

(1) "Association," the South Dakota Pharmacists Association;

(2) "Board" or "board of pharmacy," the State Board of Pharmacy in South Dakota;

(3) "Brand name," the proprietary or registered trademark name given to a drug product by its manufacturer, labeler or distributor and placed on the drug or on its container, label or wrapping at the time of packaging;

(4) "Chemicals," the chemical materials or medicine;

(5) "Compounding," the preparation, mixing, assembling, packaging or labeling of a drug or drug device as the result of a practitioner's prescription drug order or an initiative based on the pharmacist/patient/practitioner relationship in the course of professional practice or for the purpose of or as an incident to research, teaching or chemical analysis and not for sale or dispensing. Compounding also includes the preparation of drug or drug devices in anticipation of prescription drug orders based on routine, regularly observed prescribing patterns;

(6) "Delivery," the actual, constructive or attempted transfer of a drug or drug device from one person to another, whether or not for a consideration;

(7) "Dispense" or "Dispensing," the preparation and delivery of a drug to a patient or a patient's agent pursuant to a prescription drug order in a suitable container with appropriate labeling for subsequent administration to or use by a patient. Dispensing includes preparation of labels for drug devices if the labeling is related to the dosage and administration of drugs;

(8) "Distributing," the delivery of a drug or drug device other than by administration or dispensing;

(9) "Drug administration," the direct application of a drug or drug device by injection, inhalation, ingestion or any other means to the body of a patient or research subject;

(10) "Drug device," equipment, process, biotechnological entity, diagnostic agent or other product used in combination with a drug to provide effective management of medication regimens;

(11) "Drug utilization review program," any program operated solely or partially as a professional standards review organization whose purpose is to educate pharmacists and practitioners on severe adverse reactions to drugs, therapeutic appropriateness, overutilization and underutilization, appropriate use of generic products, therapeutic duplication, drug-disease contraindications, drug-drug interactions, incorrect drug dosage or duration of drug treatment, drug-allergy interactions and clinical abuse or misuse, as well as to identify and reduce the frequency of patterns of potential and actual fraud, abuse, gross overuse, inappropriate care or medically unnecessary care associated with specific drugs.
or groups of drugs among practitioners, pharmacists and patients;

(12) "Equivalent drug product," a drug product that is considered to be therapeutically equivalent to other pharmaceutically equivalent products as determined by the latest edition of Approved Drug Products with Therapeutic Equivalence Evaluations, as adopted by the South Dakota Board of Pharmacy pursuant to chapter 1-26;

(13) "Labeling," the process of preparing and affixing a label to any drug or drug device container exclusive of the labeling by the manufacturer, packer or distributor of a nonprescription drug or commercially packaged legend drug or drug device;

(14) "Medical device," an instrument, apparatus, implement, machine, contrivance, implant, in vitro reagent or other similar or related article, including any component, part or accessory, which is intended for use in the diagnosis of disease or other conditions or in the cure, mitigation, treatment or prevention of disease in man or other animals or is intended to affect the structure or any function of the body of man or other animals, which does not achieve any of its principal intended purposes through chemical action within or on the body of man or other animals and which is not dependent upon being metabolized for achievement of any of its principal intended purposes;

(15) "Medicines," drugs or chemicals or their preparations in suitable form for the prevention, relief or cure of diseases when used either internally or externally by man or for animals;

(15A) "Nonprescription drugs," drugs which are labeled for use by the general public in accordance with § 502 of the Federal Food, Drug and Cosmetic Act as amended through January 1, 1997, and may be sold without a prescription drug order in accordance with § 503 of the Federal Food, Drug and Cosmetic Act as amended through January 1, 1997. The term does not include drugs which are required by federal law to bear the statement, "Caution: federal law prohibits dispensing without prescription," drugs intended for human use by hypodermic injection, or animal remedies regulated by chapter 39-18;

(16) "Patient counseling," oral communication by the pharmacist of information to the patient or caregiver, as defined in rules promulgated pursuant to chapter 1-26, to improve therapy by ensuring proper use of drugs and drug devices;

(17) "Pharmaceutical care," provision of drug therapy and other pharmaceutical patient care services intended to achieve outcomes related to cure or prevention of a disease, elimination or reduction of a patient's symptoms or arresting or slowing of a disease process;

(18) "Pharmacist," an individual licensed by the State Board of Pharmacy to engage in the practice of pharmacy;

(19) "Pharmacy," any place within or outside this state licensed by the State Board of Pharmacy where drugs are dispensed and pharmaceutical care is provided to residents of this state;

(20) "Practitioner," an individual licensed, registered or otherwise authorized by the jurisdiction in which he is practicing to prescribe drugs in the course of professional practice;

(21) "Prescription drug order," a written or oral order of a practitioner for a drug or drug device for a specific patient;
(22) "Registered pharmacy technician," a person registered by the board who is employed by a pharmacy to assist licensed pharmacists in the practice of pharmacy by performing specific tasks delegated by and under the immediate personal supervision and control of a licensed pharmacist, as permitted by the board;

(23) "Retail place of business," any place where merchandise is sold at retail and from which original packages of nonprescription drugs are sold or taken to be sold at retail;

(24) "Reverse distributor," any person or business registered with the Drug Enforcement Administration that accepts drug products from vendors and returns the drug products to manufacturers for credit or destruction.

36-11-2.1. Drugs defined. Drugs are defined as follows:

(1) Articles recognized in the official United States Pharmacopoeia or the official National Formulary, as adopted by the board of pharmacy pursuant to chapter 1-26, or recognized in the official Homeopathic Pharmacopoeia of the United States as in effect on January 1, 1993;

(2) Articles intended for use in the diagnosis, cure, mitigation, treatment, or prevention of disease in humans or other animals;

(3) Articles (other than food) intended to affect the structure or any functions of the human body; and

(4) Articles intended for use as a component of any articles specified in this section.

The term "drugs" excludes medical devices.

Source: SL 1993, ch 278, § 3.

36-11-2.2. Practice of pharmacy defined. The practice of pharmacy means:

(1) Interpretation and evaluation of prescription drug orders and dispensing in the patient's best interest;

(2) Provision of patient counseling and pharmaceutical care; and

(3) The responsibility for compounding, distributing, labeling, and storage of drugs and for maintaining proper records for them.

The practice of pharmacy does not authorize a pharmacist to prescribe drugs as a practitioner or to dispense drugs without a prescription drug order.

Nothing in this section may be construed to prevent or restrict the practices, services, or activities of a person licensed in this state by any other law from engaging in the profession or occupation for which he is licensed if he is performing services within his authorized scope of practice.

36-11-3. South Dakota Pharmacists Association--Purpose--Annual meeting. Those registered pharmacists of this state electing to participate shall constitute an association under the name and title of the South Dakota Pharmacists Association. The purpose of the association is to serve as the state professional society of pharmacists which represents the profession of pharmacy, enhances the public's awareness of pharmacy, and serves the best interest of public health and pharmacy. The South Dakota Pharmacists Association shall be conducted as a nonprofit corporation pursuant to the terms of its articles of incorporation. The members of the association who have secured a current annual certificate of registration to practice pharmacy in this state and who have elected to participate in the association are entitled to all of the rights and privileges of the association and may vote, serve as an officer or director of the association, and participate in all of the meetings of the association. The association shall hold an annual meeting at such time and place as it determines.

36-11-4. Composition of State Board of Pharmacy--Terms and appointment of members--Removal of member. The State Board of Pharmacy shall include four professional members who shall hold their offices for terms of three years or until their successors are appointed and qualified. No member may serve more than three consecutive full terms. The appointment of a person to an unexpired term is not considered a full term. The Governor may remove any member of the board for just cause.

36-11-4.1. Lay member of board--Appointment and term of office. The membership of the Board of Pharmacy shall include one lay member who is a user of the services regulated by the board. The term lay member who is a user refers to a person who is not licensed by the board but where practical uses the service licensed, and the meaning shall be liberally construed to implement the purpose of this section. The lay member shall be appointed by the Governor and shall have the same term of office as other members of the board.

36-11-5. Meetings of board--Quorum. The Board of Pharmacy shall hold meetings for the examination of applicants for registration and the transaction of such other business as shall pertain to its duties. Special meetings of the board may be held whenever it shall be deemed necessary by a majority of the members thereof. Two members of such board shall constitute a quorum.

36-11-5.1. Board continued within Department of Health--Records and reports. The Board of Pharmacy shall continue within the Department of Health, and shall retain all its prescribed functions, including administrative functions. The board shall submit such records, information, and reports in the form and at such times as required by the secretary of health, except that the board shall report at least annually.

Source: SL 1973, ch 2, § 56 (n); SL 2003, ch 272, § 42.

36-11-6. Use of funds by Pharmacists Association--Approval of expenditures--Filing statement. The board may, upon receipt, pay to the South Dakota Pharmacists Association eighty percent of all fees the board receives for renewals of certificates of registration as a pharmacist. The association shall use the funds for the following association activities to benefit the public and the profession: continuing education, matters related to registration standards for pharmacists, professional service standards, and general operating expenses related to the activities enumerated in this section. The association shall also use funds received to pay any legislated assessment to support a diversion program for chemically impaired pharmacists. Expenditures of funds shall be approved by the president and treasurer of the association.
association. The association shall annually file in the office of the board an itemized statement of the receipts of the association and disbursements from the receipts.

**36-11-7.** Salary and expenses of secretary. The secretary of the Board of Pharmacy shall receive a salary which shall be fixed by the board. He shall also receive his traveling and other expenses incurred in the performance of his official duties pursuant to § 3-9-2.

**Source:** SDC 1939, § 27.1005; SL 1967, ch 102, § 6; SL 1986, ch 27, § 27.

**36-11-8.** Compensation of personnel from fees received. Expenses and compensation for services of the board, its inspectors, employees, and legal counsel shall be paid from the fees received by the board from license, registration, and other fees, and no part thereof shall be paid out of the general fund.

**Source:** SDC 1939, § 27.1005; SL 1967, ch 102, § 6.

**36-11-9.** Annual report to Governor--Contents. The Board of Pharmacy shall report annually to the Governor as provided by law for state officers and boards.

**Source:** SL 1967, ch 102, § 5; revised pursuant to SL 1971, ch 10; SL 2005, ch 199, § 34.

**36-11-10.** Residual and implied powers of board. The Board of Pharmacy shall have all other powers and authority expressly conferred upon it or reasonably implied from the provisions of this chapter.

**Source:** SL 1967, ch 102, § 5.

**36-11-11.** Promulgation of rules. The Board of Pharmacy may promulgate rules pursuant to chapter 1-26 as follows:

1. Pertaining to the practice of pharmacy;

2. Relating to the sanitation of persons and establishments licensed under the provisions of this chapter;

3. Pertaining to establishments licensed under the provisions of this chapter wherein any drug is compounded, prepared, dispensed or sold;

4. Providing for minimum equipment and standards of establishments licensed under the provisions of this chapter;

5. Pertaining to the sale of drugs by or through any mechanical device;

6. In cooperation with other governmental agencies where there exists a joint responsibility for protecting the public health and welfare;

7. Pertaining to the sale of nonprescription drugs;

8. To adopt such publications or supplements thereto as shall from time to time be deemed necessary to describe the drugs, medicines, prescription drugs, dispensing physician or other terms used in § 36-11-2;

9. Pertaining to the posting of prescription prices on the premises of a pharmacy department to provide consumers with comparative pricing information;
Pertaining to registration of drug wholesalers and manufacturers;

Pertaining to home health care and service;

Pertaining to computerized pharmacy;

Pertaining to the registration of registered pharmacy technicians and the suspension or revocation of registration; an annual registration fee not to exceed thirty dollars; and tasks that may not be delegated by a licensed pharmacist to a registered technician;

Redispensing of pharmaceuticals.

36-11-13. Unregistered practice of pharmacy as misdemeanor. It is a Class 2 misdemeanor for any person other than a pharmacist registered under the laws of South Dakota to engage in the practice of pharmacy except as provided by § 36-11-14. Source: SDC 1939, § 27.1013; SL 1964, ch 86; SL 1967, ch 102, § 14; SL 1977, ch 190, § 166; SL 1993, ch 278, § 5.

36-11-14. Physicians and veterinarians unaffected by chapter. Nothing in this chapter applies to or in any manner interferes with the business of any physician, as a physician, or any licensed veterinarian, as a licensed veterinarian, or an optometrist, as a licensed optometrist, or prevent him from supplying, under his supervision, to his patients such drugs and medicines as may seem to him proper. Source: SDC 1939, § 27.1013; SL 1964, ch 86; SL 1967, ch 102, § 14; SL 1986, ch 306, § 4.

36-11-15. Unregistered dispensing of drugs or operation of pharmacy as misdemeanor. Any person other than a registered pharmacist who compounds or dispenses drugs, medicines, or poisons, or who keeps a pharmacy or store for retailing or compounding medicines, or who takes, uses or exhibits the title of a registered pharmacist is guilty of a Class 2 misdemeanor. Source: SDC 1939, § 27.9922; SL 1967, ch 102, § 21; SL 1977, ch 190, § 167.

36-11-16. Character, age, education, and experience requirements for registration as pharmacist. Any person of good moral character and temperate habits, not less than eighteen years of age, who is a graduate of a four-year high school course or whose education is equivalent thereto, in the discretion of the board of pharmacy, who is a graduate of a college of pharmacy recognized and approved by the board, and who has had the necessary experience as determined by the board in the practice of pharmacy under a regularly licensed pharmacist in a pharmacy where physicians' prescriptions are compounded and who shall pass a satisfactory examination prescribed by the State Board of Pharmacy, shall be entitled to a certificate of registration as a licentiate in pharmacy. The board shall have the authority to allow credit for suitable military and research activities in the field of pharmacy as part of the experience requirement. Source: SDC 1939, § 27.1007; SL 1967, ch 102, § 9; revised pursuant to SL 1972, ch 15, § 4.

36-11-16.1. Criminal background investigation of applicants for licensure and licensees under disciplinary investigation--Fees. Each applicant for licensure as a pharmacist in this state shall submit to a state and federal criminal background investigation by means of fingerprint checks by the Division of
Criminal Investigation and the Federal Bureau of Investigation. Upon application, the board shall submit completed fingerprint cards to the Division of Criminal Investigation. Upon completion of the criminal background check, the Division of Criminal Investigation shall forward to the board all information obtained as a result of the criminal background check. This information shall be obtained prior to permanent licensure of the applicant. The board may require a state and federal criminal background check for any licensee who is the subject of a disciplinary investigation by the board. Failure to submit or cooperate with the criminal background investigation is grounds for denial of an application or may result in revocation of a license. The applicant shall pay for any fees charged for the cost of fingerprinting or the criminal background investigation.

36-11-17. Registration fee. Every person initially applying for a certificate of registration with the Board of Pharmacy as a registered pharmacist shall pay to the board with the application a fee, not to exceed thirty-five dollars, set by the board by rule promulgated pursuant to chapter 1-26.

36-11-18. Examination of applicants for registration--Grant of certificates to qualified persons. It shall be the duty of the Board of Pharmacy to examine all applications for registration submitted in due form as provided in the rules and regulations of the board and to grant certificates of registration to such persons as may be entitled to the same under the provisions of this chapter.

Source: SDC 1939, § 27.1004; SL 1967, ch 102, § 5.

36-11-19. Registration of applicants registered in other states--Fee. The Board of Pharmacy may in its discretion grant certificates of registration to such persons as shall furnish with their applications satisfactory proof that they have been registered by examination in some other state; provided that such other state required a degree of competency at the time such person was licensed at least equal to that required of licentiates in this state at that same time. The State Board of Pharmacy, in order to be informed, may, in determining the degree of fitness required by the several states' boards of pharmacy for granting license and reciprocal registration, join with other states' boards of pharmacy. Every person applying for registration pursuant to this section shall pay to the board upon application a fee, not to exceed one hundred fifty dollars, set by the board by rule promulgated pursuant to chapter 1-26.

36-11-19.1. Authority of registered pharmacists. Registered pharmacists may:

(1) Perform drug administration pursuant to a prescription drug order. The Board of Pharmacy shall establish standards for drug administration pursuant to chapter 1-26 with the approval of a committee composed of two persons appointed by the Board of Pharmacy, two persons appointed by the Board of Nursing and two persons appointed by the Board of Medical and Osteopathic Examiners;

(2) Perform drug reviews;

(3) Perform or participate in scientific or clinical drug or drug-related research as an investigator or in collaboration with other investigators;

(4) Interpret and apply pharmacokinetic data and other pertinent laboratory data to design safe and effective drug dosage regimens;

(5) Participate in drug and drug device selection pursuant to a prescription drug order;
(6) Initiate or modify drug therapy by protocol or other legal authority established and approved within a licensed health care facility or by a practitioner authorized to prescribe drugs; and

(7) Provide information on prescription drugs, which may include advising, consulting, and educating, as necessary or as required, patients, the public, and other health care providers on the rational, safe and cost-effective use of drugs, including therapeutic values, content, hazards and appropriate use.

36-11-19.2. Nonresident pharmacy defined. For purposes of §§ 36-11-19.2 to 36-11-19.9, inclusive, a nonresident pharmacy is any pharmacy located outside this state that:

(1) Ships, mails, or delivers any dispensed drug to a resident in this state pursuant to a legally issued prescription; and

(2) Provides to a resident of this state information on drugs or devices including advice relating to therapeutic values, potential hazards, and uses; or

(3) Counsels pharmacy patients residing in this state concerning adverse and therapeutic effects of drugs.

36-11-19.3. Requirements for licensure of nonresident pharmacy. Any nonresident pharmacy shall be licensed before conducting business in this state. The Board of Pharmacy shall issue a license to any nonresident pharmacy which meets the requirements of §§ 36-11-19.2 to 36-11-19.9, inclusive. In order to be licensed by the board to do business in this state, a nonresident pharmacy shall:

(1) Be licensed and in good standing in the state in which its dispensing facilities are located;

(2) Comply with all applicable laws, rules, and standards of that state and the United States, and if requested by the board, provide evidence that it has complied; and

(3) Submit an application upon a form prescribed by the Board of Pharmacy and pay a fee set by the board.

The application shall include information on ownership and location of the pharmacy, the identity of licensed pharmacist in charge of the pharmacy, identity of licensed pharmacists who are providing services to patients residing in this state, and provide a copy of the most recent inspection report resulting from an inspection conducted by the regulatory or licensing agency of the state in which it is located. The board shall establish pursuant to chapter 1-26 the application fee, which may not be greater than that assessed resident pharmacies.

36-11-19.4. Denial of nonresident pharmacy's application--Appeal. The board may approve, approve with conditions, or deny the application for licensure or renewal of licensure as a nonresident pharmacy based on information concerning the qualifications of the applicant provided in the application. An applicant may appeal the decision of the board regarding licensure or renewal of licensure pursuant to contested case procedure in chapter 1-26.

Source: SL 1997, ch 217, § 3.
36-11-19.5. Expiration and renewal of nonresident pharmacy license. Each nonresident pharmacy license expires on June thirtieth following the date of issue. The board shall mail an application for license renewal to each licensee before June first of each year. If application for renewal of the license accompanied by the annual license fee is not made before the expiration date, the existing license lapses on the date of expiration.  

36-11-19.6. Conduct causing denial, revocation, or suspension of nonresident pharmacy license—Contested case. The board may deny, revoke, or suspend a nonresident pharmacy registration for conduct which causes serious bodily injury or serious psychological injury to a resident of this state if the board has referred the matter to the regulatory or licensing agency in the state in which the nonresident pharmacy is located and the regulatory or licensing agency fails to initiate an investigation within forty-five days after the referral. Any action taken to deny, revoke, or suspend a nonresident pharmacy registration is a contested case proceeding pursuant to chapter 1-26.  

36-11-19.7. Dispensing equivalent drug product by nonresident pharmacy. No nonresident pharmacy may dispense an equivalent drug product if a brand name has been prescribed, unless the dispensing is done in compliance with the laws of this state nor may dispense an equivalent drug product to a resident of this state without informing the patient of the selection and the right to refuse the product selected either by telephone or in writing.  

36-11-19.8. Recording patient information—Toll-free telephone service—Written information on new or changed prescriptions. A nonresident pharmacy shall obtain, record, and maintain pertinent patient information. The pharmacy shall provide patients a written offer to consult and access to a toll-free telephone service to facilitate communications between the patient and the pharmacist at the pharmacy. The number of the toll-free telephone service shall be printed on a label affixed to each container of a prescription drug dispensed by the pharmacy to a patient. The toll-free telephone service shall be available for a minimum of six days a week and forty hours a week.

In addition, a nonresident pharmacy shall provide the patient written information about the medication on all new or changed prescriptions. The information shall include directions for storage and use, precautions and relevant warnings about drug interactions and common side effects, and directions for patient action if the patient misses a scheduled dose of the prescription.  

36-11-19.9. Designation of resident agent for nonresident pharmacy. A nonresident pharmacy shall designate a resident agent in this state for service of process. If an agent is not designated, the secretary of state of this state shall be considered to be its agent, upon whom may be served all legal process in any action or proceeding against the nonresident pharmacy. A copy of any service of process shall be mailed by certified mail, return receipt requested, postage prepaid, at the address the nonresident pharmacy has designated on its application for licensure. If any nonresident pharmacy is not licensed in this state, service on the secretary of state is sufficient service.  

36-11-20. Suspension, revocation, or refusal of license—Grounds—Fraudulent registration void. The Board of Pharmacy may, in compliance with chapter 1-26, suspend, revoke, or refuse to grant a license or certificate of registration to any person guilty of a felony or a misdemeanor involving moral turpitude, or who is addicted to the use of alcoholic liquors or narcotic drugs to such an extent as to render him
unfit to practice pharmacy with reasonable skill and safety; and the board may, in compliance with chapter 1-26, revoke a license for like cause, or any license which has been procured by fraud or by false representation. Any license or registration, or renewal thereof, obtained through fraud or by any fraudulent or false representations shall be void. The board may suspend, revoke or refuse to grant a license or certificate of registration to any person permitting or engaging in the unauthorized sale of legend or controlled drugs or substances or who the board finds to be in violation of any law, rule, or regulation governing pharmacists.

36-11-22. Registration record maintained by board--Contents. The Board of Pharmacy shall keep a record of registration in which shall be entered the names and places of business of all persons registered under this chapter which records shall also specify such facts as such persons shall claim to justify their registration.

36-11-23. Annual registry fee and renewal--Suspension of certificate for failure to renew--Reinstatement after suspension. Each pharmacist shall annually by October first each year, pay to the board a registry fee to be fixed by the board in compliance with chapter 1-26, not to exceed one hundred fifty dollars. Upon payment of the fee by a pharmacist, the Board of Pharmacy shall renew the pharmacist's certificate of registration. Any pharmacist who fails to pay the renewal fee by the due date is subject to suspension of certificate by the board in compliance with chapter 1-26. Any suspended certificate may be reinstated if all delinquent fees have been paid, plus a penalty of twenty- five dollars, and the Board of Pharmacy has approved the application for reinstatement.

36-11-23.1. Continuing education program established. There is hereby established a program of continuing education for licensed pharmacists within this state.

36-11-23.2. Rules relating to continuing education--Maximum annual requirement. The State Board of Pharmacy shall promulgate rules pertaining to continuing education of pharmacists. Such continuing education program shall not exceed twelve hours in length in any one year.

36-11-23.3. Continuing education required for relicensure. As of October 1, 1980, no active pharmacist shall be eligible for relicensure in this state unless the pharmacist has met the continuing education requirements established by the State Board of Pharmacy.

36-11-23.4. Advisory council on continuing education. There is hereby established an advisory council to the State Board of Pharmacy consisting of two pharmacists appointed by the State Board of Pharmacy, two pharmacists appointed by the state college of pharmacy and four pharmacists appointed
by the South Dakota Pharmacists Association who shall serve without compensation and whose duties shall be to advise the State Board of Pharmacy in the establishment and accreditation of programs of continuing education.

36-11-25. Pharmacy intern certificates—Restrictions on practice. Pharmacy intern certificates may be issued by the Board of Pharmacy to persons who are gaining experience as a qualification for licensure as a registered pharmacist. Any pharmacy intern granted an intern certificate shall perform his internship pursuant to regulations which shall be promulgated by the Board of Pharmacy. Nothing in this section shall be construed as giving such pharmacy intern authority to fill any prescription, except under the supervision and in the presence of the registered pharmacist.

36-11-26. Board power to discipline registrant. If the Board of Pharmacy is satisfied that any person holding a certificate of registration is for any reason incompetent or disqualified to perform the duties of a registered pharmacist pursuant to § 36-11-20 or as contemplated by the provisions of this chapter, it may, in compliance with § 36-11-28:

(1) Issue a reprimand to the registrant;

(2) Place the registrant on probation and supervision;

(3) Suspend the registrant's certificate until he completes a course of therapy, treatment, training, or any combination thereof;

(4) Suspend the registrant's certificate for a fixed period; and

(5) Revoke the registrant's certificate.

36-11-28. Procedure for revocation or suspension of certificate. A certificate of registration as a pharmacist shall not be revoked or suspended except after hearing before the Board of Pharmacy at which a majority of its members are present and in compliance with chapter 1-26.

36-11-29. Appeal from revocation or suspension of certificate. An appeal from the decision of the Board of Pharmacy may be taken as provided by chapter 1-26.

36-11-30. Registration and permit required for operation of pharmacy—Violation as misdemeanor. No pharmacy shall open or be kept open for transaction of business until it has been registered and a permit
A violation of this section is a Class 2 misdemeanor. Each day of violation is a separate offense.

36-11-32. Pharmacy permit issued by board—Fee. Upon a form prescribed by the State Board of Pharmacy and the payment of a fee, not to exceed two hundred dollars, set by the Board of Pharmacy in accordance with chapter 1-26, the State Board of Pharmacy shall issue to pharmacists in good standing, registered under the laws of this state, a permit to conduct a pharmacy.  

**Source:** SDC 1939, § 27.1015; SL 1943, ch 105; SL 1953, ch 122; SL 1967, ch 102, § 15; SL 1975, ch 236; SL 1984, ch 251; SL 2008, ch 191, § 27.

36-11-33. Institutional pharmacy permits—Scope of services provided—Minimum standards. The Board of Pharmacy may issue to pharmacists in good standing a permit to conduct a part-time, limited, or conditional pharmacy in hospitals, nursing homes or related facilities provided that the pharmacy services are limited to patients. A permit to conduct a pharmacy, the merchandise and fixtures of which are owned by a person, firm, or corporation other than a registered pharmacist, upon said registered pharmacist making application for a permit hereunder, may be issued and granted to the said registered pharmacist, on compliance with the provisions of this chapter, and with minimum standards as established by the board.  

**Source:** SL 1967, ch 121, § 15.

36-11-34. Ownership or control by pharmacist required for pharmacy permit. No permit to conduct a pharmacy shall be issued to any pharmacist applicant unless such pharmacist applicant is owner, or part owner, of the merchandise and fixtures of the place of business for which such pharmacy registration is applied for, or unless application is made jointly with a registered pharmacist owner, or unless the nonpharmacist owner of the merchandise and fixtures of the place of business for which pharmacy registration is applied for, has made affidavit on a form prescribed by the state board of pharmacy delegating complete responsibility for the pharmaceutical services in said place of business to the pharmacist applicant.  

**Source:** SDC 1939, § 27.1014; SL 1967, ch 102, § 15.

36-11-35. Pharmacy permit as legal registration—Expiration date. Each permit for a pharmacy shall constitute and signify a legal registration for the pharmacy to which it applies, and shall expire on the last day of June following the date of issue.  

**Source:** SDC 1939, § 27.1015; SL 1943, ch 105; SL 1953, ch 122; SL 1967, ch 102, § 15.

36-11-36. Permit and certificate displayed in pharmacy. Each permit for a pharmacy, together with a certificate naming the pharmacist actively conducting said pharmacy, issued by the State Board of
Pharmacy, which shall be a part of said permit, shall be exposed in a conspicuous place in the pharmacy to which it applies.

**Source:** SDC 1939, § 27.1015; SL 1943, ch 105; SL 1953, ch 122; SL 1967, ch 102, § 15.

### 36-11-37. Transfer of pharmacy permit to another pharmacist

Each permit for a pharmacy may be transferred to another pharmacist in good standing and registered under the laws of this state without the payment of an additional fee; provided an application for the transfer of said permit is made upon a form prescribed by the State Board of Pharmacy and filed with the secretary thereof not less than ten days before the transfer of such active management is made.

**Source:** SDC 1939, § 27.1015 as added by SL 1943, ch 105; SL 1953, ch 122; SL 1967, ch 102, § 15.

### 36-11-38. Permit void after death of pharmacist--Time allowed for transfer

In the event of the death of the pharmacist permittee, the pharmacy permit issued to the deceased under this chapter shall, within one hundred twenty days after the death of such permittee, become null and void unless transfer thereof, as provided in § 36-11-37, shall have been made within the said one hundred twenty day period.

**Source:** SDC 1939, § 27.1015 as added by SL 1943, ch 105; SL 1953, ch 122; SL 1967, ch 102, § 15.

### 36-11-39. Report to board of changes in location or ownership of pharmacy

The change of location of any pharmacy for which a permit has been issued from one municipality to another within this state, any change in the ownership of such pharmacy, or the cessation of business by such pharmacy shall be reported to the State Board of Pharmacy within ten days from such occurrence on forms prescribed by the State Board of Pharmacy.

**Source:** SDC 1939, § 27.1015 as added by SL 1943, ch 105; SL 1953, ch 122; SL 1967, ch 102, § 15.

### 36-11-40. Permit void on unreported transfer, change of location or change in management

Any permit issued under the provisions of § 36-11-32 shall be void if the active management of any pharmacy is changed without the transfer, as provided in § 36-11-37, of the permit therefor, or if the location of said pharmacy is changed without the same being reported as provided in § 36-11-39, or if the pharmacy is kept open for business after the permittee has ceased to be in active management of said pharmacy, and whenever the minimum requirements of this chapter and the Board of Pharmacy are no longer met.

**Source:** SDC 1939, § 27.1015 as added by SL 1943, ch 105; SL 1953, ch 122; SL 1967, ch 102, § 15.

### 36-11-41. Equipment, supplies and publications required for pharmacy permit

No permit may be issued under 36-11-32 unless:

1. The pharmacy is equipped with the pharmaceutical instruments and utensils prescribed by the State Board of Pharmacy, and shall possess a stock of pharmaceuticals adequate to serve the needs of the community in which the pharmacy is located; and
2. The pharmacy has on file at all times the publications and supplements of formularies and drug information prescribed by the board by rules promulgated pursuant to chapter 1-26.

**Source:** SDC 1939, § 27.1015 as added by SL 1943, ch 105; SL 1953, ch 122; SL 1967, ch 102, § 15; SL 1987, ch 271; SL 2003, ch 204, § 1.

### 36-11-42. Sanitary conditions required in pharmacy

Any permit issued under the provisions of § 36-11-32 shall be void and subject to cancellation by the State Board of Pharmacy, unless such pharmacy is maintained and operated in a clean and sanitary condition, free from unhealthful, foreign, or injurious contamination.

**Source:** SDC 1939, § 27.1015 as added by SL 1943, ch 105; SL 1953, ch 122; SL 1967, ch 102, § 15.
36-11-43. Code of professional ethics--Association recommendations considered--Employment rights not regulated--No basis for criminal prosecution. The Board of Pharmacy may, in the manner provided by chapter 1-26, adopt a code of professional ethics for pharmacists in this state in the practice of their profession. In adopting such code, or any amendments thereafter, the board will consider the recommendations of the South Dakota Pharmaceutical Association and the vote of its members, provided however, that any such code so adopted shall at no time contain any provision that would in any way restrain, prohibit or attempt to regulate the rights of any pharmacist to be employed in any pharmacy holding a valid pharmacy permit. Violation of the code of professional ethics shall not be the basis for criminal prosecution unless otherwise declared unlawful.

36-11-44. Permitting unauthorized practice or false representation to secure registration as misdemeanor. Any registered pharmacist who permits the compounding or dispensing of prescriptions or the vending of drugs or poisons in his store or place of business, except under the personal supervision of a registered pharmacist, or any pharmacist who, while continuing in business, makes any false representations to procure registration for himself or any other person, is guilty of a Class 2 misdemeanor.

36-11-46. Dispensing of substandard drugs prohibited--Violation as misdemeanor. No person may compound, dispense, sell, or offer for sale, or cause to be compounded, dispensed, sold or offered for sale any medicine or preparation under or by a name recognized in the United States Pharmacopoeia or National Formulary, for internal or external use, which differs from the standard of strength, quality or purity as determined by the test laid down in the United States Pharmacopoeia or National Formulary, official at the time of such compounding, dispensing, sale, or offering for sale. A violation of this section is a Class 2 misdemeanor.

36-11-46.1. Dispensing equivalent drug products. A pharmacist dispensing a prescription drug order for a drug product prescribed by its brand name may select any equivalent drug product, if the manufacturer or distributor of the equivalent drug product holds, if applicable, either an approved new drug application or an approved abbreviated new drug application, unless other approval by law or from the Federal Food and Drug Administration is required.

36-11-46.2. Written prescription to prohibit substitution--Notation by pharmacist. A practitioner may prohibit a pharmacist from selecting an equivalent drug product by handwriting on the prescription drug order the words "brand necessary" or words of similar meaning. The prohibition may not be preprinted or stamped on the prescription drug order. This selection does not preclude a reminder of the procedure required for the practitioner to prohibit selection by a pharmacist from being preprinted on the prescription drug order. If an oral prescription is given to a pharmacist, the practitioner or practitioner's authorized agent shall instruct the pharmacist if selection of an equivalent drug product is prohibited. The pharmacist shall note the instructions on the file copy of the prescription drug order.

36-11-46.3. Notification to person receiving equivalent drug product--Right of refusal. The pharmacist or the pharmacist's agent shall inform the person receiving the drug pursuant to the prescription drug order of the selection of an equivalent drug product and of the person's right to refuse.
the product selected. A pharmacist shall, upon request of the prescribing practitioner, provide information regarding substitutions of equivalent drug products.

36-11-46.4. Standards for selecting prescription drug. A pharmacist may not select a product unless it has been manufactured, labeled, or distributed by a manufacturer, labeler, or distributor who:

(1) Marks capsules and tablets with an identification code or monogram;

(2) Labels products with their expiration date;

(3) Provides reasonable services to accept return goods that have reached their expiration date;

(4) Maintains reasonable resources for product information;

(5) Maintains recall capabilities for unsafe or defective drugs; and

(6) Makes available therapeutic equivalency ratings.

36-11-46.5. Liability for dispensing substituted drug. A pharmacist who selects an equivalent drug product pursuant to this chapter assumes no greater liability for selecting the dispensed drug than would be incurred in filling a prescription for a drug product prescribed by its established or generic name.

Source: SL 1986, ch 309.

36-11-46.6. Label to contain drug name--Form when generic equivalent selected--Contents of prescription files--Label information. The pharmacist shall, unless otherwise instructed by the prescriber, label the prescription container with the name of the dispensed drug. If the dispensed drug does not have a brand name, the prescription label shall indicate the generic name or the United States Pharmacopoeia pharmacy equivalent name of the drug dispensed. If a pharmacist selects a generically equivalent drug product for the brand name drug product prescribed, the prescription container label shall identify the generic name and may identify the brand name for which the selection is made. The dual identification allowed under this section shall take the form of the following statement on the prescription container label: "(generic name) Generic for (brand name)". The pharmacy file copy of each prescription shall include the brand name, if any, or the name of the manufacturer, labeler, or distributor of the drug product dispensed. The prescription container label shall include all information required by federal and state law or by rule promulgated by the board pursuant to chapter 1-26.

36-11-46.7. Equivalent drug requirements not applicable to hospital patients. The requirements of §§ 36-11-46.1 to 36-11-46.3, inclusive, and § 36-11-46.6 do not apply to an order to dispense a drug to a hospital patient.

36-11-46.8. Cause of action for selection of equivalent drug product. The selection of an equivalent drug product does not, in itself, in the absence of willful misconduct or negligence, constitute a cause of action against the practitioner.

36-11-47.1. Posting of prescription drug prices authorized--Rules and regulations. The posting of prescription drug prices upon the premises of a duly licensed pharmacy department is hereby specifically authorized and shall not constitute "advertising of prescription prices" within the meaning of this chapter when performed in accordance with such rules and regulations as may be adopted by the State Board of Pharmacy to provide consumers with comparative pricing information.  
Source: SL 1973, ch 244, § 5.

36-11-47.2. Refusal to quote prescription price as misdemeanor. It is a Class 2 misdemeanor for any pharmacist to refuse to quote the price of any prescription legend drug when said quote is requested by a person.  

36-11-48. Grounds for suspension or revocation of pharmacy permit. The State Board of Pharmacy may suspend or revoke any permit obtained by false representations made in the application therefor, or when the pharmacy for which the permit shall be issued is kept open for the transaction of business without a registered pharmacist in charge thereof, or upon conviction of a violation of any law of this state or of the United States pertaining to the drug business or for the aiding or abetting in the violation of any such law.  
Source: SDC 1939, § 27.1016; SL 1967, ch 102, § 16.

36-11-49. Procedure for revocation of pharmacy permit. Before any permit for a pharmacy shall be revoked chapter 1-26 shall be complied with. Two members of the board shall constitute a quorum and no permit shall be revoked except by a vote of two or more members of the State Board of Pharmacy.  
Source: SDC 1939, § 27.1016; SL 1967, ch 102, § 16; revised pursuant to SL 1972, ch 15, § 4.

36-11-50. Appeal from cancellation of pharmacy permit. An appeal from the decision of the Board of Pharmacy may be taken as provided by chapter 1-26.  
Source: SDC 1939, § 27.1016; SL 1967, ch 102, § 16; revised pursuant to SL 1972, ch 15, § 4.

36-11-63. Fees paid to secretary of board--Employment of personnel and payment of expenses from funds collected. All fees shall be paid to the secretary of the State Board of Pharmacy, and out of the funds so collected the board may, in conformity with chapter 3-6A, employ such agents, inspectors, and clerical assistance and pay such expenses as may be necessary for the enforcement of the provisions of this chapter.  

36-11-64. Employment of inspectors--Inspection of licensed establishments. The Board of Pharmacy may employ inspectors of pharmacy. The members of the board and inspectors of pharmacy may inspect during business hours, all establishments required to be licensed under the authority of the board.
36-11-65. Injunction proceedings to prevent violations of chapter--Election of remedies. Whenever the Board of Pharmacy believes, from evidence satisfactory to it, that any person is violating or about to violate any provisions of this chapter or any order or requirement of the board issued or promulgated pursuant to authority expressly granted the board by law, the board may bring an action in the name of the State of South Dakota against such person to enjoin such violation or any act in furtherance thereof. Such action shall be an alternate to criminal proceedings, and the commencement of one proceeding by the board constitutes an election. In such action an order or judgment may be entered awarding such temporary or permanent injunction as is proper.

36-11-66. Severability of provisions. If any provision of this chapter is declared unconstitutional or the applicability thereof to any person or circumstance is held invalid, the constitutionality of the remainder of the chapter and applicability thereof to other persons and circumstances shall not be affected thereby.

36-11-67. Participants in drug utilization review program immune from liability. Pharmacists licensed under this chapter or physicians licensed under chapter 36-4 who participate on a drug utilization review program as defined in § 36-11-2 are individually or jointly not subject to and are immune from claim, suit, liability, damages, or any other recourse, civil or criminal, arising from any act or proceeding, decision or determination undertaken, performed or reached in good faith and without malice when acting individually or jointly in carrying out the responsibilities, authority, duties, powers and privileges of the program conferred upon them under any provisions of law or rule, good faith being presumed until proven otherwise, with malice required to be shown by the complainant.

36-11-68. Counseling patients and caregivers--Maintenance of patient records. After receipt of a prescription drug order, the pharmacist shall offer to counsel each patient or caregiver who receives a prescribed drug or device from him on matters which in the exercise of the pharmacist's professional judgment the pharmacist deems significant. To this purpose, the pharmacist shall make a reasonable effort to obtain, record, and maintain pertinent patient information. Before January 1, 1993, the board shall establish minimum standards by rules adopted pursuant to chapter 1-26 for counseling patients and caregivers and for maintenance of patient information.

Nothing in this section shall be construed to require a pharmacist to provide patient counseling for prescribed drugs:

1. Administered to an inpatient or resident of a health care facility;
2. Administered by a certified or licensed health professional to registered outpatients of a hospital; or
3. Provided in less than a seventy-two-hour supply to inpatients or outpatients as a part of the discharge process.

36-11-69. Release of patient information--Good faith required. Patient information may be released only in the following circumstances:

(1) If it is authorized by the patient;

(2) If it is requested by the board as part of an inspection or investigation of a pharmacy or pharmacist;

(3) If, in the pharmacist's professional judgment, release to practitioners and other pharmacists is necessary to protect the patient's health and well-being; and

(4) If other persons are authorized or required by law to obtain access to patient information.

A pharmacist or pharmacy is immune from civil liability for any action based on good faith release of patient information under this section.

36-11-70. Refusal to dispense medication. No pharmacist may be required to dispense medication if there is reason to believe that the medication would be used to:

(1) Cause an abortion; or

(2) Destroy an unborn child as defined in subdivision 22-1-2(50A); or

(3) Cause the death of any person by means of an assisted suicide, euthanasia, or mercy killing.

No such refusal to dispense medication pursuant to this section may be the basis for any claim for damages against the pharmacist or the pharmacy of the pharmacist or the basis for any disciplinary, recriminatory, or discriminatory action against the pharmacist.

36-11-71. Central pharmacy, remote pharmacy, and telepharmacy practice defined. Terms as used in this section and § 36-11-72 mean:

(1) "Central pharmacy," a pharmacy with one or more remote pharmacies in which all sites are connected via computer link, video link, and audio link. The central pharmacy may be retail or hospital-based;

(2) "Remote pharmacy," a pharmacy staffed by a registered pharmacy technician with access to a central pharmacy with a registered pharmacist by computer link, video link, and audio link while open;

(3) "Telepharmacy practice," the practice whereby a licensed pharmacist uses telecommunications technology to provide personalized, electronically documented, real-time pharmaceutical care to patients at a remote pharmacy, including prescription dispensing and counseling, and to oversee and supervise remote pharmacy operations.

36-11-72. Telepharmacy—Promulgation of rules. The board shall promulgate rules pursuant to chapter 1-26 to provide for the regulation of telepharmacy in the state. The rules shall include:

(1) License requirements, including establishment of an annual license fee not to exceed two hundred fifty dollars;

(2) Minimum structural, security, and equipment requirements for the remote pharmacy;

(3) Minimum staffing requirements for the central pharmacy and remote pharmacy;

(4) Record keeping requirements for the central pharmacy and remote pharmacy;

(5) Establishment of policies and procedures for the daily operation of the remote pharmacy; and

(6) Use of automated dispensing machines.

20:51:02:01. Definitions. Terms used in this chapter mean:

(1) "Board" or "board of pharmacy," as defined in SDCL 36-11-2(2);
(2) "Pharmacist," as defined in SDCL 36-11-2(18);
(3) "Pharmacy," as defined in SDCL 36-11-2(19);
(4) "Pharmacy intern," any one of the following:

(a) A person currently registered by the board to engage in the practice of pharmacy while under the supervision of a pharmacist and is enrolled in a professional degree program of a school or college of pharmacy that has been approved by the board and is satisfactorily progressing toward meeting the requirements for licensure as a pharmacist;
(b) A graduate of an approved professional degree program of a school or college of pharmacy or a graduate who has established educational equivalency by obtaining a Foreign Pharmacy Graduate Examination Committee (FPGEC) Certificate, who is currently registered by the board for the purpose of obtaining practical experience as a requirement for licensure as a pharmacist;

(c) A qualified applicant awaiting examination for licensure or meeting board requirements for re-licensing; or

(d) A qualified applicant participating in a residency or fellowship program.

Law Implemented: SDCL 36-11-11, 36-11-25.

20:51:02:01.01. Goal and objectives of internship. A pharmacy internship shall provide the pharmacy intern with the opportunity, over a period of time, to attain and build upon the intern's knowledge, skills, and ability to safely, efficiently, and effectively practice pharmacy under the laws and rules of the state.

The objectives of an internship are to provide each intern with the following responsibilities:

(1) To manage drug therapy to optimize patient outcomes. The pharmacy intern shall evaluate the patient and patient information to determine the presence of a disease or medical condition to determine the need for treatment or referral and to identify patient-specific factors that affect the patient's health to ensure the appropriateness of the patient's specific pharmacotherapeutic agents, dosing regimens, dosage forms, routes of administration, and delivery systems; and monitor the patient and patient information and manage the drug regimen to promote health and ensure safe and effective pharmacotherapy;

(2) To perform calculations required to compound, dispense, and administer medications; to select and dispense drugs and devices; and to prepare and compound extemporaneous preparations and sterile products;

(3) To assess, evaluate, and apply information to promote optimal healthcare and to educate patients and other healthcare professionals regarding prescription drugs, nonprescription drugs, and medical devices; and

(4) To develop a general understanding of the business procedures of a pharmacy and develop knowledge concerning the employment and supervision of pharmacy employees.

While performing these responsibilities, the pharmacy intern shall adhere to the professional, legal, moral, and ethical standards relative to the practice of pharmacy.
Law Implemented: SDCL 36-11-25.

20:51:02:04. Registration. The board shall grant a certificate as a pharmacy intern to any person enrolled in a college of pharmacy professional program who has completed one week of classes or has graduated from a college of pharmacy and who desires to secure credit for practical pharmacy experience by applying on a form provided by the board and accompanying the form with a fee of $40. The board may not grant internship credit for experience obtained prior to the individual's registration as a pharmacy intern.

Law Implemented: SDCL 36-11-25.

20:51:02:04.01. South Dakota State University College of Pharmacy practice experiences. The board shall periodically review the Introductory Pharmacy Practice Experience and the Advanced Pharmacy Practice Experience programs of the college of pharmacy located in South Dakota. The board reserves the right to approve and set conditions relating to the practice site of such programs.

Law Implemented: SDCL 36-11-25.

20:51:02:04.02. Identification. A pharmacy intern shall be designated as a pharmacy intern in the intern's professional relationship and may not hold himself or herself out, directly or by inference, as a pharmacist. The board shall issue to the pharmacy intern a certificate for the purposes of identification and verification of his or her role as a pharmacy intern.

Law Implemented: SDCL 36-11-25.
20:51:02:05. **Renewal of certificate.** Each pharmacy intern shall apply for renewal of his or her certificate before October 1 each year. A pharmacy intern who desires to continue in the practice of pharmacy in South Dakota shall file with the board an application in such form and containing such facts as the board may require for renewal of the certificate. The board shall issue a certificate to the applicant if the board finds that the applicant has continued his or her pharmacy education in accordance with the rules of the board and is entitled to continue in the practice of pharmacy.

20:51:02:10. **Practical experience defined.** The term practical experience, as it relates to qualification for licensure, means performing the practice of pharmacy as defined in SDCL 36-11-2.2 and the functions authorized to registered pharmacists in SDCL 36-11-19.1, all of which must be performed under the immediate and personal supervision of a registered pharmacist. The Board of Pharmacy may not accept practical experience of more than 48 hours a week or less than eight hours a week.

**Source:** SL 1975, ch 16, § 1; 12 SDR 151, 12 SDR 155, effective July 1, 1986; 22 SDR 133, effective April 25, 1996.

**General Authority:** SDCL 36-11-11, 36-11-25.

**Law Implemented:** SDCL 36-11-11, 36-11-25.

20:51:02:11. **Supervising pharmacist requirements.** A registered pharmacist who agrees to supervise the practical experience of a registered pharmacy intern must certify this on a form provided by the board and agree to abide by the South Dakota pharmacy law and the rules of the South Dakota Board of Pharmacy. A pharmacist must be in continuous contact with and actually giving instructions to the intern during all professional activities of the entire internship. Interns may receive written or verbal prescriptions if the pharmacist reviews and makes the necessary professional determinations about the medication order, including the name of the drug, its strength and dosage, directions for use, and the number of allowable refills.

A pharmacist must verify the accuracy of all information entered into the computer by the intern. The identity of the pharmacist must be included in the record.

The pharmacist must inspect the prepared prescription and verify the accuracy of the preparation, and its labeling, prior to dispensing the prescription to the patient or patient's representative.

20:51:02:12.01. Required hours. An internship shall consist of a minimum of 2000 hours, of which 1740 hours may be a college-based pharmacy practical experience program approved or accepted by the board. A program shall be reviewed by the board and be structured to provide experience in community, institutional, and clinical pharmacy practices. The remaining 260 hours shall be acquired under the supervision of one or more preceptors in a board-licensed community or hospital pharmacy where the goal and objectives of a pharmacy internship as set forth in § 20:51:02:01.01 apply. Credit toward the 260 hours will be allowed, at a rate not to exceed 10 hours per week, for an internship served while the person is a full-time student carrying, in a given school term, at least 75 percent of the average number of credit hours each term needed to graduate and receive an entry level degree in pharmacy. Internship hours during any recognized academic break, such as summer break, spring break and Christmas break, may be allowed at a rate of eight hours per day while the person is a full-time student. The competencies in § 20:51:02:01.01 shall not apply to college-based pharmacy practice experience programs.

Law Implemented: SDCL 36-11-25.

20:51:02:13. Internship experiences from other states. The South Dakota Board of Pharmacy may give credit for practical experience obtained in a state other than South Dakota if the credit for the experience has been certified by the Board of Pharmacy of the other state.

Law Implemented: SDCL 36-11-25.

20:51:02:13.01. Foreign pharmacy graduate internship. A graduate of a foreign school of pharmacy who is a candidate for licensure in South Dakota and who has met the requirements of § 20:51:01:10 must obtain a minimum of 1500 hours of internship in a licensed pharmacy or other board-approved location before receiving a South Dakota pharmacist license.

Law Implemented: SDCL 36-11-16, 36-11-25.

20:51:02:14. Credit given for military and research activities. The Board of Pharmacy may allow up to 400 hours of intern credit for suitable military and research activities in the field of pharmacy as part of the experience requirement.

General Authority: SDCL 36-11-11, 36-11-25.
Law Implemented: SDCL 36-11-25.

20:51:02:15. Badge and certificate required. While on duty, a pharmacy intern registered under this chapter, must wear a badge identifying the intern as a pharmacy intern and must post the intern certificate in the location where the intern is practicing.
20:51:02:16. Denial of pharmacy intern registration. The Board of Pharmacy may deny an application for registration as a pharmacy intern for any violation of law of this state, another state, or the United States relating to prescription drugs, controlled substances, or nonprescription drugs (or for any violation of state pharmacy laws or rules).

Law Implemented: SDCL 36-11-25.

20:51:02:17. Sanctions. The board may impose the following disciplinary sanctions on a pharmacy intern for any violations of this chapter:

(1) Revoke a registration;
(2) Suspend a registration until further order of the board or for a specified period; or
(3) Prohibit permanently, until further order of the board, or for a specified period, the engaging in specified procedures, methods, or acts.

Law Implemented: SDCL 36-11-25.

Law Implemented: SDCL 36-11-11.

20:51:05:15. Controlled drug to be dispensed only by prescription. No pharmacist may dispense a controlled drug unless the controlled drug is dispensed pursuant to the prescription of a practitioner licensed to prescribe controlled drugs. A pharmacist shall exercise sound professional judgment with respect to the legitimacy of prescription orders. Any facsimile transmission of a Schedule II controlled drug prescription must comply with the requirements of § 44:58:08:18.03. A prescription must be dated and signed on the date issued. The prescription must bear the name and address of the patient and the name, strength, dosage form, quantity prescribed, directions for use, and the name, address, and registration number of the practitioner. Where an oral prescription for a schedule II controlled drug is not permitted, a prescription order must be written in ink or typewritten and manually dated and signed by the practitioner or issued and signed electronically where permissible by law.

Law Implemented: SDCL 36-11-11(1), 34-20B-41.

20:51:05:16. Prescription for Schedule II controlled drug requires date and signature of prescriber -- Not refillable. No pharmacist may dispense a Schedule II controlled drug for which a written prescription is required under federal or state law until a prescription bearing the date of issue and the written signature of the prescriber has been delivered to the pharmacy or issued and signed electronically where permissible by law. No pharmacist may refill a Schedule II controlled drug prescription.

General Authority: SDCL 36-11-11(1).
Law Implemented: SDCL 36-11-11.

20:51:05:19. Prescription required to dispense Schedule III or IV controlled drug -- Refill restricted. No pharmacist may dispense a Schedule III or IV controlled drug without a written, oral, or electronic prescription. A prescription by the prescriber may be delivered to a pharmacist by handwritten order, facsimile, or electronic equipment where permissible by law. The pharmacist may refill the prescription, if so authorized on the prescription, up to five times within six months after the date of issue. The partial dispensing of refills may not exceed the total amount authorized on the prescription. Each refill shall be entered on the back of the prescription or captured electronically and shall indicate the quantity dispensed, date refilled, and the initials or name of the dispensing pharmacist. After six months or the dispensing of all authorized refills, whichever comes first, a new controlled drug prescription is required either orally, in writing, or electronically where permissible by law from the prescriber. Any prescription renewed by the prescriber shall be considered a new and separate prescription, assigned a new serial number, and subject to the restrictions in this section.

Electronic data processing equipment, when used to maintain patient files, must provide online retrieval of original prescription information for those prescription orders which are currently authorized for refilling. The original hard copy, facsimile, or electronic prescription must be stored in a file at the pharmacy and be maintained for a two-year period from the dispensing date. The identity of the pharmacist dispensing a refill must be included in the record.

A pharmacist may not fill any expired prescription for a controlled drug prior to authorization from the prescriber.

Source: 8 SDR 101, effective February 28, 1982; 12 SDR 151, 12 SDR 155, effective July 1, 1986; 26 SDR 92, effective January 6, 2000; 40 SDR 40, effective September 16, 2013.
General Authority: SDCL 36-11-11(1).
Law Implemented: SDCL 36-11-11(1).

20:51:05:20. Legend drug to be dispensed by prescription only -- Refill restricted. A pharmacist may only dispense a legend drug or medicine pursuant to the written, oral, or electronic prescription of a practitioner licensed to prescribe drugs and medicines. A prescription by a prescriber may be delivered to a pharmacist by handwritten order, facsimile, or electronic equipment where permissible by law. An oral prescription shall be reduced promptly to writing by the pharmacist and the written record filed or electronically recorded in the same manner as though it were a written prescription. No legend drug prescription may be refilled except as designated in the original prescription or as subsequently authorized by the prescriber. Each refill shall be entered on the back of the original prescription or captured electronically and shall indicate the quantity dispensed, date refilled, and the initials or name of the dispensing pharmacist.

General Authority: SDCL 36-11-11(1).
Law Implemented: SDCL 36-11-11(1).
Electronic data processing equipment, when used to maintain patient files, must provide on-line retrieval of all original prescription information for those prescription orders which are currently authorized for refilling. The identity of the pharmacist refilling the prescription must be included in the record. The original hard copy, facsimile, or electronic version shall be filed and retained two years. Electronic records must contain daily back-up functionality to protect against record loss and be capable of printing the documentation of the record at the board's request.

A prescription renewed by the prescriber shall be considered a new and separate prescription, assigned a new serial number, and subject to the same restrictions in this section. A pharmacist may not fill any expired noncontrolled drug prescription prior to authorization from the prescriber.

General Authority: SDCL 36-11-11(1).
Law Implemented: SDCL 36-11-11(1).

20:51:05:21. Labeling of prescription container for controlled or noncontrolled legend drug. A pharmacist filling a prescription for a controlled or noncontrolled legend drug shall attach to the container a label showing the date, the name, address, and telephone number of the pharmacy, the serial number of the prescription, the name of the prescriber, the name of the patient, and the directions for use, precautions, if any, the name, strength, and quantity of the drug, and the initials of the dispensing pharmacist. The prescription label for controlled drugs must comply with the label requirements of § 44:58:08:20, including the transfer auxiliary label warning.

All medications ordered for nursing facility patients, including over-the-counter medications, are considered prescription medications and must be labeled as required in chapter 44:04:08.

20:51:06:11 Pharmacy requirements for nonpharmacist owners.
20:51:06:12 Pharmacy requirements for pharmacist owners.
20:51:06:13 Repealed.

20:51:06:01. Application for pharmacy permit. A registered pharmacist actively conducting a pharmacy in the state of South Dakota must apply each year to the Board of Pharmacy for a permit to conduct the pharmacy for the fiscal year ending June thirtieth. Application blanks and affidavit forms may be secured by writing to the secretary of the Board of Pharmacy. The fee is $200.

Law Implemented: SDCL 36-11-32.

20:51:06:02. Ownership or control by pharmacist required. No permit to conduct a pharmacy shall be issued to any pharmacist applicant unless such pharmacist applicant is owner, or part owner, of the merchandise and fixtures of the place of business for which pharmacy registration is applied for, or unless application is made jointly with a registered pharmacist owner, or unless the nonpharmacist owner of the merchandise and fixtures of the place of business for which pharmacy registration is applied for, has made affidavit on a form prescribed by the state Board of Pharmacy delegating full and complete authority to the pharmacist applicant to be in active management of said place of business for the fiscal year ending June 30.

Law Implemented: SDCL 36-11-32.
**20:51:06:02.01. Pharmacist-in-charge -- Defined, duties.** An application for a permit to conduct a pharmacy as specified in § 20:51:06:02 shall indicate the pharmacist-in-charge. The term, pharmacist-in-charge, means a pharmacist manager or pharmacist permittee duly licensed in South Dakota who has been so designated by the employer.

The pharmacist-in-charge shall:

1. Be employed or contracted for pharmacy services at the pharmacy so licensed;
2. Establish policy and procedure for the pharmacy;
3. Supervise all pharmacy employees; and
4. Establish recordkeeping systems for the purchase, safekeeping, storage, compounding, sale, and return of drugs.

The pharmacist-in-charge shall notify the secretary of the Board of Pharmacy immediately upon knowledge of termination of employment. A new pharmacist-in-charge shall be designated by the employer within ten working days.

**General Authority:** SDCL 36-11-11(1)(4).

**Law Implemented:** SDCL 36-11-11(1)(4), 36-11-32

**20:51:06:03. Renewal required each year.** Application for the renewal of a permit to conduct a pharmacy shall be filed with the secretary of the Board of Pharmacy before July 1 each year. The fee set by the Board of Pharmacy shall accompany the application. Applications for opening and conducting a new pharmacy in South Dakota shall be filed with the secretary of the Board of Pharmacy at least 30 days before the date when the new pharmacy is to be opened to the public. If the applicant for a permit to open and conduct a new pharmacy in South Dakota will not be the owner of the merchandise and fixtures of the proposed new pharmacy to the extent that the applicant will be self-employed, the place and space to be registered as a pharmacy shall not include any floor space where general merchandise is offered for sale at retail.

If the proposed new pharmacy is to include either a prescription department or the dispensing and sale of narcotics, or both, the space registered as a pharmacy shall be separated from the remainder of the building in which it is located by walls extended from the floor to the ceiling. The walls may contain doors to the interior of the building which shall be closed and locked whenever a registered pharmacist is not on duty in and in charge of the pharmacy.

If the proposed new pharmacy will be for the exclusive sale of packaged drugs, medicines, and poisons other than those labeled "Caution: Federal law prohibits dispensing without prescription," the place and space to be registered as a pharmacy shall be designated as a packaged drug department. The space shall be separated from the remainder of the building in which it is located by solid walls at least eight feet high. The wall may contain doors to the interior of the building which shall be closed and locked whenever a registered pharmacist is not on duty in and in charge of the pharmacy.

Law Implemented: SDCL 36-11-36.
20:51:06:09. Permit expires 120 days after death of pharmacist. Except in the event of the death of the pharmacist permittee, a permit to conduct a pharmacy is void when the holder of the permit ceases to be in active management of the pharmacy. When a pharmacist permittee dies, the pharmacy for which the pharmacist held a permit to conduct may not be kept open for the transaction of business without a pharmacist on duty and in charge. A permit to conduct a pharmacy in the name of a pharmacist who is deceased shall within 120 days after the death of the permittee become void, unless transfer of the permit has been made within the 120-day period to a pharmacist owner or to an employee pharmacist manager for whom an affidavit has been filed by a nonpharmacist owner or owners of the merchandise and fixtures of the pharmacy.

Law Implemented: SDCL 36-11-38.

20:51:06:10. Provisions for pharmacist temporary absence from pharmacy. Where the place regularly registered as a pharmacy by the state Board of Pharmacy includes:

(1) A space or unrestricted floor area where general merchandise is sold, or offered for sale; and

(2) A restricted drug area where only packaged drugs, medicines and poisons are displayed and offered for sale; and

(3) A prescription department, and where facilities not less than eight feet high are maintained within such pharmacy for closing and isolating such restricted drug area and prescription department from the unrestricted floor area where general merchandise is sold.

It shall not be considered in violation of the state pharmacy law if public entrances to such general merchandise area are kept open for the transaction of business without a pharmacist on duty in such pharmacy; provided, all entrances to the restricted area and the prescription department are closed for the transaction of business when no pharmacist is on duty within such pharmacy and a sign bearing the words "pharmacy services closed" has been posted at public entrances to such general merchandising area by the pharmacist permittee before leaving the premises.

Law Implemented: SDCL 36-11-11.

20:51:06:11. Pharmacy requirements for nonpharmacist owners. If a pharmacist permittee has the authority to be in active management of a pharmacy by affidavit of nonpharmacist individuals or by affidavit of a nonpharmacist officer of a corporation and if the pharmacy regularly registered by the Board of Pharmacy on the renewal application of the pharmacist permittee includes:

(1) A space or unrestricted floor area where general merchandise is sold or offered for sale;
(2) A restricted floor area where only packaged drugs, medicines, and poisons are displayed and offered for sale; and
(3) A prescription department,
the pharmacist permittee shall require the nonpharmacist employer to maintain on the premises a prescription department and restricted floor area that is surrounded by a continuous partition or wall not less than 3/8 inch in thickness extending from the floor to the permanent ceiling, containing doors capable of being securely locked for closing and isolating the prescription department and restricting the drug area from any unrestricted floor area where general merchandise is sold or offered for sale. The pharmacist permittee may not leave the pharmacy department in charge of the nonpharmacist employer until the pharmacist permittee has first closed and locked all entrances to the prescription department.

Law Implemented: SDCL 36-11-11(1).
20:51:13:02.01. Return of unused unit dose drugs by patients in hospice programs, nursing facilities, or assisted living facilities. Only unused unit dose drugs from patients in a hospice program, a nursing facility, or an assisted living facility may be returned to the pharmacy that dispensed the drugs for credit and redispensing if the following requirements are met:

(1) The facility or hospice program consults with a licensed pharmacist to oversee the drug distribution to ensure that a person trained and knowledgeable in the storage, use, and administration of the drug has been in control of any unit dose drug being returned to the pharmacy and that the unit dose drug has not come into the physical possession of the person for whom it was prescribed;

(2) The pharmacy's manager has received written approval from the board of a protocol detailing the procedure used to repack, label, transfer, restock, redispense, and credit any unit dose drugs returned to the pharmacy;

(3) The drugs are provided in the manufacturer's unit dose packaging or are repackaged by the pharmacy in a hermetically sealed single unit dose container that meets Class A or Class B standards on pages 1937 and 1938 of the United States Pharmacopeia;

(4) The unit dose package is labeled by the manufacturer with the drug lot number and expiration date;

(5) If the drug is repackaged by the pharmacy, each single unit dose prepackaged or repackaged container must be labeled in accordance with this regulation. Labeling must include the following:

   (a) Name and strength of the medication;

   (b) A suitable expiration date which shall not be later than the expiration date on the manufacturer's container, or one year maximum from the date the drug is prepackaged or repackaged;

   (c) The date the product was prepackaged or repackaged;

   (d) The manufacturer's lot number, expiration date, and identity;

   (e) The identity of the pharmacist responsible for prepackaging or repackaging;

   If the requirements of subdivisions (d) and (e) are maintained in the internal records of the drug outlet, those requirements may be omitted from the labeling.

(6) The drug's packaging is tamper resistant and shows no evidence of contamination, such as an opened or stained container;

(7) The unit dose drugs have not reached the expiration date;
(8) The drugs have not been dispensed in packaging that intermingles different drugs in a single compartment; and

(9) The drugs are not controlled drugs.

Unused unit dose drugs that are returned under this section may be redispensed pursuant to § 20:51:13:02.03.

20:51:13:02.03. Redispensing unit dose drugs returned from hospice programs, nursing facilities, or assisted living facilities. Unused unit dose drugs that are returned under § 20:51:13:02.01 may be redispensed under the following conditions:

(1) Drugs may not be removed and repackaged from the returned unit dose package prior to redispensing;

(2) Drugs in a manufacturer's unit dose package may be redispensed as often as necessary, if the integrity of the original product and package is maintained;

(3) Drugs which have been repackaged into a unit dose package by the pharmacy may be redispensed into a unit dose distribution system and mixed with drugs of a different lot number provided that all lot numbers and expiration dates are placed on the unit dose package;

(4) Drugs may be removed from a unit dose package for dispensing in a traditional dispensing system as defined in § 20:51:21:01.

20:51:15:15.01 Pharmacist controls emergency kit in nursing facility.

20:51:15:01. Definition and general provisions. Definitions and general provisions used in this chapter are as follows:

(1) The terms "part-time," "limited," or "conditional" pharmacy, mean the providing of pharmaceutical services by a registered pharmacist under a pharmacy license issued by the South Dakota Board of Pharmacy on less than a full-time operation basis, in hospitals, nursing facilities, and related facilities and where such pharmaceutical services are limited to inpatients;

(2) "Pharmacist," a person licensed by the South Dakota State Board of Pharmacy, to prepare, compound, and dispense physicians' prescriptions, drugs, medicines, and poisons, and whose license has not been revoked or suspended;

(3) The term "pharmaceutical services" means and includes:

(a) The conduct, operation, management, or control of a pharmacy; or
(b) Preparing, compounding, processing, packaging, labeling, or dispensing one or more doses of medication either upon prescription of an authorized practitioner for subsequent administration to, or use by, a patient; or

(c) Any other act, service, operation, or transaction incidental to or forming a part of any of the acts in the above subdivisions (1) and (2) requiring, involving, or employing the science or art of any branch of the pharmaceutical profession, study, or training;

(4) "Compounding," the taking of two or more measured ingredients, and by simple or complicated means, depending on the nature of the ingredients, fabricating them into a single preparation, usually referred to as a dosage form;

(5) "Dispensing," includes, but is not limited to, issuing to a patient, or to a person acting on a patient's behalf one or more unit doses of medication in a suitable container with appropriate labeling. Dispensing affects one or many patients. Dispensing, while including compounding, also includes the act of packaging a drug or medication either from a bulk container, or as a result of compounding, in a container other than the original and labeling the new container with all required information;

(6) "Original container," a container which has been packaged by a licensed manufacturer and which is labeled in compliance with federal and South Dakota law;

(7) "Hospice program," a coordinated program of inpatient services providing palliative rather than curative care for a patient.

Law Implemented: SDCL 36-11-33.

20:51:15:13. Access to pharmacy -- Records. Only a registered pharmacist may have access to the pharmacy stock of drugs in the hospital, nursing facility, or related facilities. However, when the pharmacist is absent from the hospital or other like facility, a registered nurse designated by the hospital may obtain from a hospital pharmacy stock of drugs a unit dose of a drug or medication necessary to administer to a bona fide patient in carrying out treatment and medication orders as prescribed by a licensed physician when the drug is not available in floor supplies or the emergency drug kit, to meet the immediate need in an emergency. This nurse shall leave in the pharmacy, on a suitable form, a record of any drugs removed, showing the name of the patient, the name of the drug, dosage size, amount taken, the date and the time, and signed by the nurse. Further, the nurse shall leave with the record the container from which the emergency dose
was taken for drug administration purposes in order that it may be properly checked by the pharmacist. Such records shall be kept for three years.

20:51:15:15. Pharmacist controls emergency drugs in health care facilities. A pharmacist of a registered pharmacy in a health care facility may provide, upon written request of the health care facility's physicians, a defined supply of legend drugs in an emergency drug kit or crash cart. The emergency drugs shall meet the immediate therapeutic needs of a patient to prevent harm to the patient due to a delay in obtaining such drugs from the pharmacy. The emergency drugs shall remain the property of the registered pharmacy and shall be stored on-site in a suitable controlled location in the health care facility. The emergency drug supplies shall comply with the following requirements:

(1) The facility's registered pharmacist controls the emergency drugs contained in an emergency kit or crash cart;

(2) Drug quantities are limited, properly labeled, and supplied in single dose packaging, if possible;

(3) All legend drugs used for an emergency shall be identified for replacement by a pharmacist;

(4) The pharmacist or the pharmacist's employee shall inventory the contents of the emergency drug supply after each reported use or at least monthly.

General Authority: SDCL 36-11-11(1)(4).
Law Implemented: SDCL 36-11-33.

20:51:15:15.01. Pharmacist controls emergency kit in nursing facility. A registered pharmacist may provide to a nursing facility a limited quantity of controlled legend drugs pursuant to § 44:04:08:07.01 and a limited amount of noncontrolled legend drugs and nonprescription drugs, for emergency and supportive treatment, when requested in writing by the medical director. The pharmacist shall retain control of all medications provided in emergency kits.

The provider pharmacist shall comply with the following requirements:
(1) The provider pharmacy shall provide to the Board of Pharmacy yearly the name of each nursing facility where emergency drugs are kept and stored;

(2) The medical director and provider pharmacist shall jointly determine and prepare a limited list of emergency drugs by identity and quantity;

(3) Noncontrolled legend drugs in the emergency kit shall be limited to the extent possible with the following requirements:

   (a) No more than 30 different noncontrolled legend drugs, up to a 24-hour supply shall be stocked, not counting oral antibiotics; and
   (b) An unlimited number of oral antibiotics may be stocked;

(4) The provider pharmacist shall review all first dose antibiotic drug orders prior to administration to the patient from the emergency kit;

(5) The provider pharmacist shall be notified of any drug taken from the emergency kit;

(6) The provider pharmacist or the pharmacist's employee shall inventory the contents of the emergency kit after reported use or at least monthly;

(7) The emergency kit shall be stored in a suitable, controlled location in the nursing facility to prevent the unauthorized access and preservation of the drugs within it. The emergency kit exterior shall be labeled clearly, and unmistakably, that it is an emergency kit and is for emergency use only. The emergency kit shall contain the name, strength, quantity, and expiration date of drugs contained therein.

All other controlled and noncontrolled legend medications shall be obtained from a pharmacy licensed to distribute to patients pursuant to SDCL 34-12B-1 and 34-12B-2.

20:51:16:03. **The pharmacist's relation to the public.** In relation to the public, the pharmacist:

(1) Upholds the approved legal standards of the U.S. Pharmacopeia and the National Formulary, and encourages the use of official drugs and preparations. The pharmacist purchases, compounds, and dispenses only drugs of good quality;

(2) Uses every precaution to safeguard the public when dispensing any drugs or preparations. Being legally entrusted with the dispensing and sale of these products, the pharmacist assumes responsibility by upholding and conforming to the laws and regulations governing the distribution of these substances;

(3) Seeks to enlist and to merit the confidence of the pharmacist's patrons. The pharmacist zealously guards this confidence. The pharmacist considers the knowledge and confidence which the pharmacist gains of the ailments of patrons as entrusted to the pharmacist's honor, and does not divulge such facts;

(4) Holds the health and safety of the pharmacist's patrons to be of first consideration; the pharmacist makes no attempt to prescribe for or treat diseases or to offer for sale any drug or medical device merely for profit;

(5) Keeps the pharmacy clean, neat, and sanitary, and well equipped with accurate measuring and weighing devices and other apparatus suitable for the proper performance of professional duties;
(6) Is a good citizen and upholds and defends the laws of the states and nation; the pharmacist keeps informed concerning pharmacy and drug laws and other laws pertaining to health and sanitation and cooperates with the enforcement authorities;

(7) Supports constructive efforts in behalf of the public health and welfare. The pharmacist seeks representation on public health committees and projects and offers to them full cooperation; and

(8) At all times seeks only fair and honest remuneration for services.

20:51:16:04. The pharmacist's relations to other health professions. In the pharmacist's relations to other health professions, the pharmacist shall meet the following requirements:

(1) Willingly make available the pharmacist's expert knowledge of drugs to the other health professions;

(2) Refuse to prescribe or diagnose, but refer those needing such services to a licensed practitioner. In an emergency and pending the arrival of a qualified practitioner, the pharmacist may apply first aid treatment;

(3) Compound and dispense prescriptions carefully and accurately, using correct pharmaceutical skill and procedure. If there is a question in the pharmacist's mind regarding the ingredients of a prescription, a possible error, or the safety of the directions, the pharmacist shall privately consult the practitioner before making any changes. The pharmacist shall exercise the best professional judgment following the prescriber's directions in the matter of refilling prescriptions, copying the formula upon the label, or giving a copy of the prescription to the patient. The pharmacist may add extra directions or caution on poison labels for the wishes of the prescriber and the safety of the patient; and

(4) Not have clandestine arrangements either directly or indirectly with a practitioner of the health sciences or any person, partnership, or corporation by which fees are divided or in which secret or coded prescriptions are involved.

Law Implemented: SDCL 36-11-43.

20:51:16:05. The pharmacist's relations to fellow pharmacists. In relations to fellow pharmacists, the pharmacist:

(1) Strives to perfect and enlarge the pharmacist's professional knowledge. The pharmacist contributes to the scientific progress of the profession of pharmacy and encourages and participates
in research, investigation, and study. The pharmacist keeps informed regarding professional matters by reading current pharmaceutical, scientific, and medical literature, attending seminars and other means;

(2) Seeks to attract to the profession of pharmacy youths of good character and intellectual capacity and aids in their instruction;

(3) The pharmacist associates with organizations having for their objective the betterment of the pharmaceutical profession and contributes time, energy, and funds to carry on the work of these organizations;

(4) The pharmacist keeps the pharmacist's reputation in public esteem by continuously giving the kind of professional service that earns its own reward. The pharmacist does not engage in any activity or transaction that will bring discredit or criticism to self or to the profession;

(5) The pharmacist will expose any corrupt or dishonest conduct of any member of the profession which comes to the pharmacist's certain knowledge, through those accredited processes provided by the civil laws of the rules and regulations of pharmaceutical organizations, and the pharmacist will aid in driving the unworthy out of the calling;

(6) The pharmacist does not lend support or the pharmacist's name to the promotion of objectionable or unworthy products;

(7) The pharmacist courteously aids a fellow pharmacist who may request advice or professional information or who, in an emergency, may need supplies;

(8) The pharmacist will not imitate the labels of a competitor or attempt to take any unfair advantage of a competitor's professional or commercial success. The pharmacist does not fill orders that the pharmacist knows are intended for a competitor. The pharmacist deals fairly with manufacturers and wholesalers and recognizes the significance and legal aspects of brand names and trademarked products. The pharmacist adheres to fair business practices, meets obligations promptly and fulfills agreements and contracts; and

(9) The pharmacist is proud to display in the pharmacist's establishment the pharmacist's own name and the names of other pharmacists employed by the pharmacist.

CHAPTER 20:51:17

AUTOMATED MECHANICAL DISTRIBUTION DEVICES

Section
20:51:17:01  Definitions.
20:51:17:01.01 Approval for use of automated mechanical distribution device.
20:51:17:01.02 Pharmacist shall review first-dose prescription drug order -- Exception.
20:51:17:02 Procedure for distributing drugs in automated mechanical distribution device.

20:51:17:01. Definitions. Terms used in this chapter mean:

(1) "Automated mechanical distribution device," a mechanical device that delivers a drug or drug device other than by administration or dispensing and uses automated data processing technology to do the following:

   (a) Limit access of stocked drugs or drug devices to only authorized personnel;
   (b) Record identity of all personnel who have access to drugs or drug devices stocked within the device; and
   (c) Document both stocking and removal transactions;

(2) "Health care facility," any state licensed hospital, nursing facility, or related facility that offers supervised care of the sick or injured;

(3) "Health care facility pharmacist," a registered pharmacist who is practicing the profession of pharmacy in a licensed health care facility pharmacy;

(4) "Health care facility pharmacy," a place registered with the Board of Pharmacy where drugs are dispensed and pharmaceutical care is provided to the patients;

(5) "Pharmacist permittee," the pharmacist named on the pharmacy permit issued by the Board of Pharmacy as the person who has been delegated complete responsibility for the operation of the health care facility pharmacy.

Source: SL 1975, ch 16, § 1; 12 SDR 151, 12 SDR 155, effective July 1, 1986; 22 SDR 32, effective September 14, 1995; 26 SDR 92, effective January 6, 2000.
General Authority: SDCL 36-11-11(6).
Law Implemented: SDCL 36-11-11(6).

20:51:17:01. Approval for use of automated mechanical distribution device. Drugs may be distributed by an automated mechanical distribution device in a health care facility that has a registered pharmacy. Any pharmacist permittee seeking use of an automated mechanical distribution device in a health care facility shall register with the South Dakota Board of Pharmacy and file a notice of intent to use the device, the name of the manufacturer of the device, and the location in the health care facility. No such device may be used by a pharmacist in a health care facility until approval has been granted by the board.
20:51:17:01.02. Pharmacist shall review first-dose prescription drug order -- Exception. The pharmacist permittee may not allow the first dose of a prescription drug to be distributed from an automated mechanical distribution device until the pharmacist has reviewed the prescriber's orders. However, the medical staff may request in writing a defined number of drugs that may be removed without review by a pharmacist in an emergency situation.

20:51:17:02. Procedures for distributing drugs in automated mechanical distribution device. Drugs may be distributed by an automated mechanical distribution device under the following conditions:

(1) The automated mechanical distribution device is controlled by the pharmacist permittee. The pharmacist permittee shall develop policies and procedures to address all situations in which drugs are secured, removed, and accounted for;

(2) The automated mechanical distribution device shall be stocked with a limited supply of drugs only by a health care facility pharmacist or a person authorized by the pharmacist permittee. The health care facility pharmacist shall maintain electronic or written stocking records which contain the following information in the pharmacy for two years:

   (a) The name of the person stocking the drug or medicine;
   (b) The name, quantity, and strength of the drug or medicine; and
   (c) The date of stocking;

(3) The pharmacist permittee shall designate the person that may have access to that portion, section, or part of the automated mechanical distribution device in which the drugs or medicines are stored;

(4) All containers of drugs or medicines to be stored in the device must be correctly labeled. The label shall contain the following information:

   (a) The name of the drug;
   (b) The strength of the drug;
   (c) The lot or control number; and
   (d) The expiration date of the drug;

(5) The health care facility pharmacy shall maintain the electronic or written records for the drugs or medicines distributed from the device in the pharmacy for two years. The records shall contain the following information:
(a) The patient's name and the location within the hospital;
(b) The name of the person withdrawing the drug or medicine;
(c) The name, quantity, and strength of the drug or medicine; and
(d) The date of issue;

(6) When repackaging drug dosage forms from original manufacturers' containers, the new package must assure the stability of each drug and meet the storage and packaging standards on pages 10, 11, 12, 13, 1786, and 1787 of the United States Pharmacopeia, Twenty-third Revision - The National Formulary, Eighteenth Edition, January 1, 1995;

(7) When using automated mechanical or electronic devices as pharmaceutical tools, the health care facility pharmacy must arrange to provide pharmaceutical services if the device fails;

(8) The device may be used for the furnishing of drugs and medicines only to registered health care facility patients;

(9) Notwithstanding any of the provisions in this section, the pharmacist permittee of the health care facility pharmacy is responsible for maintaining and enforcing written procedures that establish safeguards for distributing drugs and medicines through the automated mechanical distribution device.

20:51:19:03 Hours required.
20:51:19:03.01 Extension of time for good cause.
20:51:19:04 Hours defined.
20:51:19:05 Pharmacists keep own records.
20:51:19:05.01 Audit to verify hours earned.
20:51:19:06 Continuing education from other states.
20:51:19:08 Different ways of obtaining accredited continuing education hours.
20:51:19:09 Sponsors defined.
20:51:19:10 Program approval.
20:51:19:12 Program changes.
20:51:19:14 Attendance by board or council members.
20:51:19:15 Sponsors' records.
20:51:19:16 Sponsor to provide list of pharmacists attending program.

20:51:19:01. Continuing professional education defined. As used in this chapter continuing professional education is accredited, post-registration professional educational experience derived from participation in postgraduate studies, institutes, seminars, lectures, conferences, workshops, and such other forms of educational experiences designed to maintain the professional competency of the practice of pharmacy, improve professional skills, and preserve pharmaceutical standards for the purpose of the protection of the health and welfare of the citizens of the state of South Dakota.

Law Implemented: SDCL 36-11-23.2.

20:51:19:10. Program approval. Each continuing education program must have the approval of the Board of Pharmacy. Sponsors must apply for approval to the board, on forms
furnished by the board, at least 30 days before the initiation of the course. The board shall send written notice of its approval or disapproval to sponsors.

The board shall give each approved program an identification number and an hourly value. The board's approval of a program expires at the end of two years.

Each program evaluated must be supported by back-up material, such as a brochure, a critique of material covered, a script, or a cassette or book for a correspondence course.

CHAPTER 20:51:20
COMPUTER PHARMACY

Section
20:51:20:01 Input of drug information into electronic data processing to be by pharmacist or under supervision of pharmacist.
20:51:20:02 Requirements for storing prescription information.
20:51:20:03 Original prescription to be retained.
20:51:20:01. Input of drug information into electronic data processing to be by pharmacist or under supervision of pharmacist. When electronic data processing equipment is employed by any pharmacy, input of drug information shall be performed only by a pharmacist or under the immediate and personal supervision of a pharmacist. The pharmacist must certify the accuracy of the information to be entered and verify the prescription order at the time of entry. The identity of the pharmacist must be carried in the record.

Source: 5 SDR 77, effective March 20, 1979; 12 SDR 151, 12 SDR 155, effective July 1, 1986.

General Authority: SDCL 36-11-11.
Law Implemented: SDCL 36-11-11.

20:51:20:02. Requirements for storing prescription information. Electronic data processing equipment, when used to store prescription information, shall meet the following requirements:

1. Guarantee the confidentiality of the information contained in the data bank;
2. Be capable of producing a hard-copy daily summary of controlled substance transactions;
3. Provide on-line retrieval of original prescription order information for those prescription orders which are currently authorized for refilling;
4. Be capable of recording and carrying in the record all dates of refills of any prescription and the initials of the pharmacist. This shall meet the requirements of § 20:51:05:06;
5. Be capable of producing a patient profile indicating all drugs being taken and the date of refills of these prescriptions; and
6. Be capable of being reconstructed in the event of a computer malfunction or accident resulting in destruction of the data bank.

Source: 5 SDR 77, effective March 20, 1979; 12 SDR 151, 12 SDR 155, effective July 1, 1986.

General Authority: SDCL 36-11-11.
Law Implemented: SDCL 36-11-11.

20:51:20:03. Original prescription to be retained. The original prescription order shall be retained manually or electronically according to law.

Source: 5 SDR 77, effective March 20, 1979; 12 SDR 151, 12 SDR 155, effective July 1, 1986; 40 SDR 40, effective September 16, 2013.

General Authority: SDCL 36-11-11.
Law Implemented: SDCL 36-11-11.

20:51:20:04. Use of common electronic data base. Upon approval of the Board of Pharmacy, two or more pharmacies licensed by the board may utilize a common electronic data base to practice pharmacy as provided by SDCL 36-11-2.2. Prescriptions may be refilled at any of
these pharmacies as long as each pharmacy is identified by a unique code that documents the location of each filling and provisions are made to assure that the number of authorized refills is not exceeded. Application for approval must be made on a form supplied by the Board of Pharmacy.

A nonresident pharmacy not licensed by the board and sharing a common electronic data base with a pharmacy licensed by the board may not practice pharmacy in this state, but may refill a prescription if requested by the patient as long as the number of authorized refills is not exceeded. Information must be verified and communicated orally between two licensed pharmacists at the time of refilling.

Licensed South Dakota pharmacies with a common electronic data base are exempt from chapter 20:51:23 if the requirements of this section are met.

20:51:21:06 Pharmacist to maintain drug profile.
20:51:21:07 Pharmacist to be responsible for delivery of medications to healthcare facility.

20:51:21:01. Definitions. Terms used in this chapter mean:

(1) "Automated mechanical distribution device," see § 20:51:17:01 for definition and use;

(2) "Container," that which holds the drug and is or may be in direct contact with the drug without interacting chemically or physically affecting the drug placed in it so as to alter the strength, quality, or purity of the drug beyond the official compendium requirements;

(3) "Customized patient medication package," a package that contains two or more drugs per compartment;
(4) "Prepackage," to prepare a drug in a container for dispensing, prior to the receipt of an order. Such packaging may be in a unit dose, single dose, or unit of issue package for use in a unit dose dispensing system, in a container suitable for a traditional dispensing system, or in a customized patient medication package;

(5) "Repackage," to prepare a unit dose, single dose, unit of issue package, customized patient medication package, or traditional dispensing system package for dispensing pursuant to an existing order;

(6) "Sealed unit dose container," a container that holds the drug in a hermetically sealed compartment to reduce the drug's exposure to moisture, air, and tampering until the time of administration;

(7) "Traditional dispensing system," a drug package system in which individual doses are not packaged in unit dose packages or unit of issue packages;

(8) "Unit dose," a single dose of a drug in an individually sealed, labeled container ready for administration to a particular patient by the prescribed route at the prescribed time;

(9) "Unit dose distribution system," a drug distribution system that is in a pharmacy outlet, hospital, or other healthcare facility and uses unit dose packages, or unit of issue packages, labeled in accordance with § 20:51:21:05 and preserves the identity of the drug until the time of administration;

(10) "Unit dose package," an individual package that contains one single unit dose of a drug packaged by a manufacturer or a pharmacy and preserves the integrity and identity of the drug from the point of packaging to the point of administration; and

(11) "Unit of issue package," a package that provides multiple units of the same drug doses, each separated in a medication card or other specifically designed container.

General Authority: SDCL 36-11-11(1).

Law Implemented: SDCL 34-12B-2, 36-11-11(1).

20:51:21.01. Prepackaging and repackaging. In a pharmacy prepackaging and repackaging may only be done by a pharmacist, an intern, or a support person with direct supervision of a pharmacist. Such packaged drugs may only be dispensed or distributed from the premises where prepackaged or repackaged. Such drugs may only be distributed to a location which is under the same ownership as, or is affiliated with the premises where prepackaged or repackaged. Any container used for prepackaging or repackaging must meet United States Pharmacopeia compendium requirements. Medication packaging must meet requirements of § 20:51:13:02.01 if medications are returned for credit or redispensing.

**TRANSFER OF PRESCRIPTION INFORMATION**

Section
20:51:23:01 Transfer of original prescription information permitted.
20:51:23:02 Requirements of transferring pharmacist.
20:51:23:04 Additional requirements for controlled substances.
20:51:23:05 Pharmacies with electronic data processing equipment.

20:51:23:01. **Transfer of original prescription information permitted.** For the purpose of dispensing refills of prescriptions, a pharmacy may transfer prescription information to another pharmacy, subject to the following requirements:

(1) The transfer is limited to the number of refills authorized on the original prescription;
(2) The transfer is communicated directly between two licensed pharmacists; and
(3) Both the original and the transferred prescriptions are kept for two years from the date of the last refill.

**Source:** 17 SDR 170, effective May 16, 1991.

**General Authority:** SDCL 36-11-11.

**Law Implemented:** SDCL 36-11-11.
20:51:23:02. Requirements of transferring pharmacist. The pharmacist transferring the prescription information shall:

(1) Record on the original prescription the following information:

(a) The name and address of the pharmacy to which the prescription is transferred;
(b) The name of the pharmacist receiving the prescription information;
(c) The name of the pharmacist transferring the prescription information; and
(d) The date of the transfer.

(2) Record the number of refills transferred. If all refills are transferred, the original prescription shall be marked "void".

General Authority: SDCL 36-11-11.
Law Implemented: SDCL 36-11-11.

20:51:23:03. Requirements of receiving pharmacist. The pharmacist receiving the transferred prescription information shall:

(1) Write the word "transfer" on the face of the transferred prescription; and
(2) Record on the transferred prescription the following information:

(a) The original date of issuance and the date of dispensing, if different from date of issuance;
(b) The original prescription number and the number of refills authorized on the original prescription;
(c) The number of valid refills remaining and the date of the last refill;
(d) The name and address of the pharmacy from which the prescription information is transferred; and
(e) The name of the pharmacist transferring the prescription information.

General Authority: SDCL 36-11-11.
Law Implemented: SDCL 36-11-11.

20:51:23:04. Additional requirements for controlled substances. The following additional requirements apply to the transfer of controlled substances listed in SDCL 34-20B-18 to 34-20B-26, inclusive:

(1) The transfer of original prescription drug order information is permissible between pharmacies once, after which the original prescription is void;

(2) The transferring pharmacist shall write the word "void" on the face of the invalidated prescription drug order and record on the prescription the drug enforcement administration (DEA) registration number of the pharmacy to which the prescription is transferred; and
(3) The receiving pharmacist shall record the DEA registration number of the pharmacy from which the prescription was transferred.

**20:51:23:07. Prescription orders for patients discharged from hospitals.** If a patient is discharged from a hospital with an initial quantity of medication dispensed by the hospital pharmacy and the patient is authorized to receive additional quantities of medication, the hospital pharmacy may provide the original prescription to the patient under the following conditions:

1. The hospital pharmacy retains a copy of the original prescription marked on the face "Original provided to patient -- No refills authorized";

2. The original prescription provided to the patient has marked on its face "initial quantity supplied by hospital" and has on its reverse the following information:

   (a) The name and address of the hospital pharmacy;
   (b) The hospital prescription number;
   (c) The quantity dispensed;
   (d) The date of dispensing; and
   (e) The name of the pharmacist dispensing the medication.

CHAPTER 20:51:24

PATIENT RECORD SYSTEM

Section
20:51:24:01 Transitory patient defined.
20:51:24:02 Patient record system.
20:51:24:03 Reasonable effort to obtain information.
20:51:24:04 Maintenance of records.

20:51:24:01. Transitory patient defined. A transitory patient is a patient that the pharmacist determines will have prescription drug orders filled at the pharmacy on a one-time basis or no more than once each year. If a pharmacist determines from information provided by a patient or caregiver that the patient is a transitory patient, the pharmacist may forego the requirement to record and maintain information. Source: 19 SDR 93, effective December 31, 1992. General Authority: SDCL 36-11-68. Law Implemented: SDCL 36-11-68.

20:51:24:02. Patient record system. A pharmacy shall maintain a patient record system for patients for whom it dispenses prescription drug orders. The patient record system shall provide for the immediate retrieval of information necessary for the dispensing pharmacist to identify previously dispensed drugs or drug devices at the time a prescription drug order is presented for dispensing. The record shall include as much of the following information as the pharmacy is able to obtain:

(1) The full name of the patient for whom the drug or drug device is intended;
(2) The address and telephone number of the patient;
(3) The patient's age or date of birth;
(4) The patient's gender;
(5) A list of all prescription drugs or drug devices obtained by the patient at the pharmacy maintaining the patient record during the one-year period immediately preceding the most recent entry, showing the prescription number, name and strength of the drug or drug device, the quantity and date received, and the name of the practitioner;
(6) Any known allergies, drug reactions, idiosyncrasies, and chronic conditions or disease states of the patient;
(7) The identity of any other drugs, including over-the-counter drugs, or drug devices currently being used by the patient which may relate to prospective drug review; and
(8) Comments of the pharmacist relevant to the individual's drug therapy, including any other information peculiar to the specific patient or drug.

General Authority: SDCL 36-11-68.
Law Implemented: SDCL 36-11-68.

20:51:24:03. Reasonable effort to obtain information. A reasonable effort to obtain information is an oral or written request for the information listed in § 20:51:24:02 made by the pharmacist or a designee to the patient or the patient's caregiver.

Source: 19 SDR 93, effective December 31, 1992.
General Authority: SDCL 36-11-68.
Law Implemented: SDCL 36-11-68.

20:51:24:04. Maintenance of records. A pharmacy shall maintain information in a patient record system for at least one year from the date of the last entry in the record. The information must be readily retrievable and may be maintained in an electronic data system or as a paper copy.

PATIENT COUNSELING

Section
20:51:25:01 Definitions.
20:51:25:03 Elements of counseling.
20:51:25:04 Standards for counseling.
20:51:25:06 Record of counseling.

20:51:25:01. Definitions. Terms used in this chapter mean:

(1) "Adverse medical result," a clinically significant undesirable effect experienced by a patient as a result of a course of drug therapy;
(2) "Caregiver," a person who provides care for a friend, family member, or patient.

Source: 19 SDR 93, effective December 31, 1992.
General Authority: SDCL 36-11-68.
Law Implemented: SDCL 36-11-68.
20:51:25:02. Review of patient's record. A pharmacist shall review the patient's record at the time a prescription drug order or prescription refill request is presented for dispensing for the purpose of identifying any of the following conditions:

(1) Overutilization, use of a drug in quantities or for durations that put the patient at risk of an adverse medical result;

(2) Underutilization, use of a drug by a patient in an insufficient quantity to achieve a desired therapeutic goal;

(3) Therapeutic duplication, use of two or more drugs from the same therapeutic class in such a way that the combined daily dose puts the patient at risk of an adverse medical result;

(4) Drug-disease contraindications, the potential for or the occurrence of an undesirable alteration of the therapeutic effect of a given drug because of the presence of a disease condition in the patient or an adverse effect of the drug on the patient's disease condition;

(5) Adverse drug-drug interactions, the potential for or the occurrence of an adverse medical effect as a result of the patient using two or more drugs together;

(6) Incorrect drug dosage, the dosage lies outside the daily dosage range specified in predetermined standards listed in 42 C.F.R. § 456.703(f)(1), published in 57 Fed. Reg. 49,408 (November 2, 1992) as necessary to achieve therapeutic benefit. Dosage range is the strength multiplied by the quantity dispensed divided by days supply;

(7) Incorrect duration of drug treatment, the number of days of prescribed therapy exceeds or falls short of the recommendations contained in predetermined standards listed in 42 C.F.R. § 456.703(f)(1), published in 57 Fed. Reg. 49,408 (November 2, 1992);

(8) Drug-allergy interactions, the significant potential for or the occurrence of an allergic reaction as a result of drug therapy; or

(9) Clinical abuse or misuse.

The pharmacist shall attempt to avoid or resolve any problems identified during the review and may, if necessary, consult with the practitioner.

Source: 19 SDR 93, effective December 31, 1992.
General Authority: SDCL 36-11-68.
Law Implemented: SDCL 36-11-68.

20:51:25:03. Elements of counseling. Patient counseling must occur after review of the patient's record required in § 20:51:25:01. The counseling may include any of the following elements of patient counseling, as applicable:

(1) The name and description of the drug;
(2) The dosage form, dose, route of administration, and duration of drug therapy;
(3) The intended use of the drug and its expected action;
(4) Special directions and precautions for preparation, administration, and use by the patient;
(5) Common severe side or adverse effects or interactions and therapeutic contraindications that may be encountered, including their avoidance, and the action required if they occur;
(6) Techniques for self-monitoring drug therapy;
(7) Storage requirements;
(8) Prescription refill information;
(9) Action to be taken if a dose is missed; and
(10) The pharmacist's comments relevant to the individual's drug therapy, including any other information peculiar to the specific patient or drug.

Source: 19 SDR 93, effective December 31, 1992.
General Authority: SDCL 36-11-68.
Law Implemented: SDCL 36-11-68.

20:51:25:04. Standards for counseling. The pharmacist is responsible for meeting standards for counseling as follows:

(1) If a prescription drug is dispensed for the first time to a patient, the pharmacist shall orally counsel the patient or caregiver in person whenever practicable. If the prescription drug is delivered or mailed, the pharmacist shall initiate counseling by telephone. If the counseling cannot be completed by telephone, the pharmacist may use alternative forms of patient information;

(2) If a prescription drug has been previously dispensed to a patient and review of the patient's record reveals any condition listed in § 20:51:25:02, the pharmacist shall orally counsel the patient or caregiver in person whenever practicable. If the prescription drug is delivered or mailed, the pharmacist shall initiate counseling by telephone. If the counseling cannot be completed by telephone, the pharmacist may use alternative forms of information;

(3) If a prescription drug has been previously dispensed to a patient and the patient's record shows no change in the dosage, form, strength, or directions for use, the pharmacist or designee may offer counseling to a patient or caregiver in one or more of the following ways:

   (a) Face-to-face;
   (b) By a notation affixed to or written on the bag in which the prescription is dispensed; or
   (c) By telephone.

Source: 19 SDR 93, effective December 31, 1992.
General Authority: SDCL 36-11-68.
Law Implemented: SDCL 36-11-68.

20:51:25:05. Alternative forms of patient information. Alternative forms of patient information include written information leaflets, pictogram labels, video programs, or information generated by electronic data processing equipment. When used to replace oral counseling, alternative forms of patient information shall advise the patient or caregiver that the pharmacist may be contacted for consultation in person at the pharmacy, by toll-free telephone, or by collect telephone call. Alternative forms of patient information may also be used to supplement patient counseling.
20:51:25:06. **Record of counseling.** The absence of a record signifies that counseling was accepted and provided or that an offer was made. Failure to complete counseling to a patient or caregiver shall be recorded for the following instances:

(1) The patient or caregiver refuses to accept the pharmacist's personal oral counseling;
(2) Counseling was not practicable; or
(3) Counseling could not be accomplished by telephone contact.

Section
20:51:27:02  Application form.
20:51:27:03  Application fee.
20:51:27:04  Report of change in ownership or location.

20:51:27:01. **Definitions.** In addition to terms defined by SDCL 36-11-2, terms used in this chapter mean:

(1) "Home state," the state in which the dispensing facilities of a nonresident pharmacy are located.

General Authority: SDCL 36-11-11(4).
Law Implemented: SDCL 36-11-19.3.

20:51:27:02. **Application form.** The application form for licensure of a nonresident pharmacy shall include the following information in addition to that required by SDCL 36-11-19.3:

(1) Evidence of licensure in good standing in the nonresident pharmacy's home state;
(2) A description of any disciplinary action against the nonresident pharmacy in the home state or any other state within the last three years and the resolution of any such action; and

(3) If the pharmacist in charge is not the sole owner or part owner of the merchandise and fixtures of the nonresident pharmacy, an affidavit as described in SDCL 36-11-34.

Law Implemented: SDCL 36-11-19.3.

20:51:27:03. Application fee. The fee to accompany the initial application and each application for renewal is $200.

20:51:27:04. Report of change in ownership or location. The pharmacist in charge of a nonresident pharmacy shall report any changes in the location of the nonresident pharmacy, any change in the ownership of the merchandise and fixtures of a nonresident pharmacy, or the cessation of business as a nonresident pharmacy to the secretary of the Board of Pharmacy within ten days after the occurrence. The license of a nonresident pharmacy is not transferable to a new ownership. Any new ownership of a nonresident pharmacy must apply for licensure pursuant to § 20:51:27:02.

General Authority: 36-11-11(4).
Law Implemented: 36-11-19.3.

CHAPTER 20:51:28
ADMINISTRATION OF INFLUENZA IMMUNIZATIONS

Section
20:51:28:01 Authority to administer influenza immunizations.
20:51:28:02 Qualifications for authorization to administer influenza immunizations.
20:51:28:03 Standards for approval of influenza immunization training programs.
20:51:28:04 Training program requirements.
20:51:28:05 Record keeping and reporting requirements.
20:51:28:06 Confidentiality of records maintained.
20:51:28:07 Renewal of authorization to administer influenza immunizations.
20:51:28:01. Authority to administer influenza immunizations. A pharmacist may administer influenza immunizations to eligible patients eighteen years of age and older if the pharmacist has met the qualifications set forth by this chapter and has been granted authorization by the board. The board may issue a certificate authorizing this function to the pharmacist who meets the qualifications established in § 20:51:28:02. The authority to administer influenza immunizations is valid only for the pharmacist meeting this requirement and may not be delegated to any other pharmacist or employee.

Source: 29 SDR 37, effective September 26, 2002.

20:51:28:02. Qualifications for authorization to administer influenza immunizations. The board may issue a certificate authorizing the administration of influenza immunizations to a pharmacist that meets the following qualifications:

(1) Active licensure to practice pharmacy in this state;
(2) Successful completion of an approved training program as outlined in this chapter; and
(3) Active certification in basic cardiopulmonary resuscitation.

Source: 29 SDR 37, effective September 26, 2002.

20:51:28:03. Standards for approval of influenza immunization training programs. An institution desiring to offer a training program for administration of influenza immunizations must submit an application for approval to the board. The board may grant approval to an applicant training program upon proof that the training program meets the following requirements:

(1) The training program is based on the course requirements outlined in § 20:51:28:04;
(2) The training program is offered in an institution accredited by the American Council on Pharmaceutical Education;
(3) A completion certificate is awarded to a pharmacist who has successfully completed the training program. The certificate must include the name and location of the institution, the date of completion, the full name of the person who completed the program, the signature of the faculty member in charge of the course, and the date the certificate was awarded; and
(4) Records are maintained which include documentation of the following:
   (a) Each person enrolled in the program, including documentation of performance and the date the person failed or completed the program;
   (b) Each faculty member teaching the program, including qualifications;
   (c) The course of study; and
   (d) A list of graduates of the program who were awarded certificates and the date of the awards.
The applicant must submit an evaluation of the program standards for compliance with this section to the board every two years in order to maintain ongoing approval.

**Law Implemented:** SDCL 36-11-19.1.

**20:51:28:04. Training program requirements.** The training program for administration of influenza immunizations must include the following course of study:

1. Basic immunology and the human immune response;
2. Mechanics of immunity, adverse effects, dose, and administration schedule of available vaccines;
3. Response to an emergency situation as a result of the administration of an immunization;
4. Administration of intramuscular injections; and
5. Record keeping and reporting requirements as set forth by § 20:51:28:05.

**Source:** 29 SDR 37, effective September 26, 2002.
**General Authority:** SDCL 36-11-11, 36-11-19.1.
**Law Implemented:** SDCL 36-11-19.1.

**20:51:28:05. Record keeping and reporting requirements.** A pharmacist granted authorization under this chapter to administer influenza immunizations shall maintain the following documentation in the pharmacy regarding each immunization administered for a minimum of five years:

1. The name, address, and date of birth of the patient;
2. The date of administration and site of injections;
3. The name, dose, manufacturer's lot number, and expiration date of the vaccine;
4. The name and address of the patient's primary health care provider, as identified by the patient;
5. The name of the pharmacist administering the immunization;
6. The date that the written report was sent to the patient's primary health care provider;
7. Consultation or other professional information provided to the patient; and
8. The name of the vaccine information sheet provided to the patient.

The pharmacist must provide a written report to the patient's primary health care provider of the above information within 14 days of the immunization. The required records as set forth in this section are open to inspection by the board and must be made available upon the board's request.

20:51:29:00. Definitions.

(1) "Board" or "board of pharmacy," as defined in SDCL 36-11-2(2);
(2) "Pharmacist," as defined in SDCL 36-11-2(18);
(3) "Pharmacist intern," as defined in § 20:51:02:01;
(4) "Registered pharmacy technician," as defined in SDCL 36-11-2(22A);
(5) "Pharmacy technician-in-training," an individual who is registered with the board to receive on-the-job training in a licensed pharmacy for preparation for registration as a pharmacy technician.

Law Implemented: SDCL 36-11-11(14).

20:51:29:02. Registration required. Any person employed in South Dakota as a pharmacy technician or pharmacy technician-in-training shall obtain and maintain during such employment a current registration as a pharmacy technician or pharmacy technician-in-training pursuant to this chapter. Any person accepting employment as a pharmacy technician or pharmacy technician-in-training in South Dakota who fails to register as a pharmacy technician or pharmacy technician-in-training as provided by rule may be subject to disciplinary sanction as provided by rule § 20:51:29:27.

Source: 31 SDR 35, effective September 19, 2004; 38 SDR 121, effective January 17, 2012.
Law Implemented: SDCL 36-11-11(14).

20:51:29:03. Original application. Any person initially applying for a certificate of registration as a pharmacy technician or pharmacy technician-in-training shall submit an application to the board within 30 days of accepting employment in a South Dakota pharmacy as a pharmacy technician or pharmacy technician-in-training.
Effective July 1, 2014, the board shall not issue an initial pharmacy technician registration or pharmacy technician-in-training registration to any individual who does not present the board with evidence of high school graduation or possession of a general educational development certificate equivalent. An individual who was registered by the board prior to July 1, 2011, may renew the individual's registration provided that all other requirements for renewal are met and provided that the individual maintains a pharmacy technician registration or national certification on an uninterrupted basis. Any individual whose registration or national certification lapses for a period of one year must meet the registration requirements in effect at the time the individual applies for reinstatement of registration.

**Law Implemented:** SDCL 36-11-11(14).

### 20:51:29:04. College or vocational based training program.

Any person who is enrolled in a college or vocational-based technician training program is required to obtain a pharmacy technician-in-training registration prior to beginning on-site practical experience. The length of technician-in-training program may not exceed a period of more than two years.

**Source:** 31 SDR 35, effective September 19, 2004; 38 SDR 121, effective January 17, 2012.

**General Authority:** SDCL 36-11-11(1), 36-11-11(14).

**Law Implemented:** SDCL 36-11-11(14).

### 20:51:29:05. Exemptions from registration.

A registered pharmacy intern whose South Dakota registration is in good standing and who assists in the technician function of the practice of pharmacy is not required to register as a pharmacy technician.

**Source:** 31 SDR 35, effective September 19, 2004.

**General Authority:** SDCL 36-11-11(1), 36-11-11(14).

**Law Implemented:** SDCL 36-11-11(14).

### 20:51:29:06. Certification of pharmacy technicians.

The national certification of pharmacy technicians is required. Effective July 1, 2014, the board shall not renew the registration of a pharmacy technician who was initially registered after July 1, 2011, unless the pharmacy technician is nationally certified and has passed a board-approved pharmacy technician certification examination that is accredited by the National Commission for Certifying Agencies (NCCA).

Pharmacy technician national certification does not supplant the need for a licensed pharmacist to exercise control over the performance of a delegated function nor does national certification exempt the pharmacy technician from registration pursuant to this chapter.

**Source:** 31 SDR 35, effective September 19, 2004; 38 SDR 121, effective January 17, 2012.

**General Authority:** SDCL 36-11-11(1), 36-11-11(14).

**Law Implemented:** SDCL 36-11-11(14).
20:51:29:07. Registration application form. The application form for registration as a pharmacy technician shall include the following:

(1) Information sufficient to identify the applicant including name, address, phone number, date of birth, gender, and social security number;
(2) Work experience; and
(3) Current and past places of employment.

Law Implemented: SDCL 36-11-11(14).

20:51:29:08. Declaration of current impairment or limitations. The applicant shall declare any current use of drugs, alcohol, or other chemical substances that in any way impairs or limits the applicant's ability to perform the duties of a pharmacy technician with reasonable skill and safety.

Law Implemented: SDCL 36-11-11(14).

20:51:29:09. Felony or misdemeanor crimes. The applicant shall declare any history of being charged, convicted, found guilty of or entering a plea of guilty or no contest to a felony or misdemeanor crime other than minor traffic violations with fines under $100.

Law Implemented: SDCL 36-11-11(14).

20:51:29:10. Sworn signature. The applicant shall sign the application under penalty of perjury and shall submit it to the board.

Law Implemented: SDCL 36-11-11(14).

20:51:29:11. Registration renewal. The registration of a pharmacy technician expires on October 31 each year following initial registration.

Effective July 1, 2014, the board shall not renew the registration of a pharmacy technician who was initially registered after July 1, 2011, or who was initially registered prior to that date but did not maintain continuous registration, unless the individual provides the board with evidence of completion of one of the following:

(1) A pharmacy technician training program offered by a board-approved, accredited vocational/technical institution or college;
(2) A pharmacy technician training program accredited by a board-approved, national organization that accredits pharmacy technician training programs;

(3) A pharmacy technician training program provided by a branch of the United States armed forces or Public Health Service; or

(4) An employer-based pharmacy technician training program that includes a minimum total of 480 hours in a one-year period to include both theoretical and practical instruction. An employer utilizing such a program must develop and regularly update a technician training manual that must be available for board inspection upon request. The employer must also supply a pharmacy technician who completes the training program with evidence of completion. The employer-based pharmacy technician training program must include written guidelines, policies, and procedures that define the specific tasks the technician will be expected to perform.

Law Implemented: SDCL 36-11-11(14).

20:51:29:12. Registration fee. The fee for initial registration is $25. The renewal fee for the registration is $25. Fees shall be paid at the time the new application or the renewal application is submitted. Fee payment shall be in the form of a personal check, certified or cashier check, or money order payable to the Board of Pharmacy.

Law Implemented: SDCL 36-11-11(14).

20:51:29:13. Timeliness of initial application or renewal application. An application for initial or renewal application may be denied if not received within the applicable period specified in § 20:51:29:03 for new applicants or by the expiration date of the renewal registration. Any registration not renewed before its expiration date is delinquent. An individual who continues employment as a pharmacy technician without a current registration may be subject to disciplinary sanctions as provided in § 20:51:29:27.

Law Implemented: SDCL 36-11-11(14).

20:51:29:14. Registration certification. The pharmacy technician shall maintain the original certificate of registration as a pharmacy technician issued by the board. The pharmacist-in-charge (§ 20:51:06:02.01) of each pharmacy utilizing a pharmacy technician is responsible for verifying that any technician working in the pharmacy is registered and compliant with all rules of this chapter. Any violation by the technician may be grounds for disciplinary action against the pharmacist-in-charge.

20:51:29:15. **Notification to the board.** Within ten days of any change of the technician's name, address, or pharmacy employment status, a pharmacy technician shall report that change to the board.

**Source:** 31 SDR 35, effective September 19, 2004.
**General Authority:** SDCL 36-11-11(1), 36-11-11(14).
**Law Implemented:** SDCL 36-11-11(14).

20:51:29:16. **Training and utilization of pharmacy technicians.** Notwithstanding the fact that a pharmacy technician has completed a training program as specified in § 20:51:29:11, it is the responsibility of the pharmacist-in-charge of a pharmacy to ensure that a technician receives adequate training in the tasks performed by pharmacy technicians working at that pharmacy. Any pharmacy utilizing a pharmacy technician shall develop, implement, and periodically review written policies and procedures for training and utilizing pharmacy technicians appropriate to the practice of pharmacy at that pharmacy. Each pharmacy shall specify in its policies the frequency of review. Each pharmacy shall document and maintain each technician's training for the duration of employment. The pharmacy shall make its policies and procedures and documentation of technician training available for inspection by the board.

**Law Implemented:** SDCL 36-11-11(14).

20:51:29:17. **Identification of pharmacy technicians.** A pharmacy technician shall wear a visible identification badge while on duty that clearly identifies the person as a pharmacy technician and includes the technician's first name.

**Source:** 31 SDR 35, effective September 19, 2004.
**General Authority:** SDCL 36-11-11(1), 36-11-11(14).
**Law Implemented:** SDCL 36-11-11(14).

20:51:29:18. **Misrepresentation prohibited.** A pharmacy technician may not represent himself or herself in any manner as a pharmacist.

**Source:** 31 SDR 35, effective September 19, 2004.
**General Authority:** SDCL 36-11-11(1), 36-11-11(14).
**Law Implemented:** SDCL 36-11-11(14).

20:51:29:19. **Ratio.** The ratio of pharmacy technicians to pharmacists that may be on duty in a pharmacy at a given time is three technicians for every pharmacist. A pharmacy intern does not count in this ratio (§ 20:51:02:11.01).

**Source:** 31 SDR 35, effective September 19, 2004; 42 SDR 19, effective August 19, 2015.

20:51:29:19.02. Exception to ratio for hospital, mail order, and long-term care pharmacy. The maximum ratio of pharmacy technicians to pharmacists that may be on duty in a hospital, mail order, and long-term care pharmacy will be determined by the pharmacist in charge. However, all of the following requirements must be met:

1. Medication is dispensed pursuant to a legal prescription;

2. The technology includes tablet or product imaging and or bar code scanning, or both, to insure accuracy in the prescription filling process;

3. A role-based access software automation system that places stop points within the prescription filling process is used, which requires a pharmacist's intervention before allowing the prescription to move to the next step in the prescription dispensing process;

4. Pharmacy software that screens and detects drug allergies, identifies drug interactions, and checks age appropriate dosage ranges is used;

5. A pharmacist reviews clinically significant computer warnings of drug interactions, therapy duplications, and contraindications;

6. Electronic surveillance technology is used to control access or to provide continuous monitoring of all areas where drugs are stored or dispensed or both;

7. All non-pharmacist personnel who input patient drug information into a computer or whose duties include receiving, packaging, shipping of drugs, or who have access to any areas where drugs are dispensed are registered as pharmacy technicians and meet the requirements in chapter 20:51:29;

8. In hospital and long-term care pharmacies, nursing personnel in facilities served by the pharmacy have telephone access to a pharmacist 24 hours a day, 7 days a week. In mail order pharmacies, a patient has access to a pharmacist 24 hours a day, 7 days a week on a dedicated pharmacist staff line;

9. Drug information, both electronic and hard copy, is readily available to pharmacists;

10. A quality assurance program that identifies and evaluates dispensing errors, accompanied by a continuous quality improvement program that assures very high dispensing accuracy rates in place;

11. There are written policies and procedures for all pharmacy functions -- clerical, supportive, technical, and clinical;
(12) There are written policies and procedures for training personnel, including on-going training programs for all personnel and documentation of that training for each employee;

(13) There is a strict monitoring program designed to prevent diversion of controlled substances. This includes perpetual inventory of all schedule II controlled drugs as well as selected high-risk schedule III, IV, and V drugs. Routine audits are conducted to review purchases versus dispensing of controlled drugs to deter and detect diversion.

**General Authority:** SDCL 36-11-11(1)(14).

**Law Implemented:** SDCL 36-11-11(14).

20:51:29:20. Delegation and supervision of technical functions. A pharmacist may delegate technical dispensing functions to a pharmacy technician, but only if the pharmacist is on site supervising the delegated functions performed. The pharmacist shall provide and document the final verification for the accuracy, validity, completeness, and appropriateness of the patient's prescription or medication order prior to the delivery of the medication to the patient or the patient's representative.

The physical presence requirement of the pharmacist does not apply when utilizing an automated dispensing device approved by the board. After proper checking and verification with the physician orders by the pharmacist, the technician may replace medications to the automated dispensing device that have been checked by the pharmacist. The pharmacist is not required to accompany the technician when placing medications into the automated dispensing device. The automated dispensing device must be capable of printing out a record of medications filled by the technician. The record shall be checked and verified by the pharmacist daily.

**General Authority:** SDCL 36-11-11(1), 36-11-11(14).

**Law Implemented:** SDCL 36-11-11(14).

20:51:29:21. Technical functions. At the discretion of the supervising pharmacist, technical functions which may be delegated to a pharmacy technician include the following:

(1) Performing packaging, manipulative, or repetitive tasks relating to the processing of a prescription or medication order in a licensed pharmacy;

(2) Accepting prescription refill authorization communicated to a pharmacy by a prescriber, or by the prescriber's agent;

(3) Contacting prescribers to obtain prescription refill authorization;

(4) Collecting pertinent patient information;

(5) Inspecting drug supplies provided and controlled by a South Dakota licensed pharmacy, including drug supplies maintained in an automated mechanical dispensing device, emergency
medical room, ambulance vehicle, long-term care facility, a hospital nursing unit, or a hospice facility;

(6) Assisting the pharmacist with the preparation of medications for administration to the patient topically, by injection, or other approved methods.

Law Implemented: SDCL 36-11-11(14).

20:51:29:22. Tasks a pharmacy technician may not perform. A pharmacy technician may not:

(1) Provide the final verification for the accuracy, validity, completeness, or appropriateness of a filled prescription or medication order;

(2) Conduct prospective drug use review or evaluate a patient's medication record for purposes identified in § 20:51:25:02;

(3) Provide final verification of automated dispensing medication fill records for accuracy and completeness;

(4) Make decisions that require a pharmacist's professional judgment such as interpreting new orders, applying information, or making product selection for drugs that are substitutable;

(5) Accept new oral prescription medication orders communicated to the pharmacy by a prescriber or the prescriber's agent; or

(6) Open, keep open, or provide pharmaceutical services from a pharmacy without a pharmacist being present as provided in §§ 20:51:06:11, 20:51:15:02, and 20:51:15:04.

A violation of this section constitutes illegal conduct or practice and may be grounds for disciplinary action as provided in § 20:51:29:27.

Law Implemented: SDCL 36-11-11(14).

20:51:29:23. Misrepresentative deeds. A pharmacy technician may not make any statement tending to deceive, misrepresent, or mislead anyone, or be a party to or an accessory to any fraudulent or deceitful practice or transaction in a pharmacy or in the operation or conduct of a pharmacy.

Law Implemented: SDCL 36-11-11(14).
20:51:29:24. **Confidentiality.** In the absence of express written consent from the patient or written order or direction of a court, except where the best interests of the patient require, a pharmacy technician may not divulge or reveal to any person other than the patient or the patient's authorized representative, the prescriber, or other licensed practitioner then caring for the patient, a licensed pharmacist or a person duly authorized by law to receive such information, any of the following:

1. The contents of any prescription drug order or medication or the therapeutic effect thereof or the nature of professional pharmaceutical services rendered to a patient;
2. The nature, extent, or degree of illness suffered by any patient; or
3. Any medical information furnished by the prescriber.

**General Authority:** SDCL 36-11-11(1), 36-11-11(14).
**Law Implemented:** SDCL 36-11-11(14).

20:51:29:25. **Illegal/unethical behavior.** A pharmacy technician may not exhibit illegal/unethical behavior in connection with the technician's pharmacy employment. Illegal/unethical behavior includes the following acts: verbal or physical abuse, coercion, intimidation, harassment, sexual advances, threats, degradation of character, profanity, indecent or obscene conduct, and theft. A violation of this section may be grounds for disciplinary action as provided in § 20:51:29:27.

**Source:** 31 SDR 35, effective September 19, 2004.
**General Authority:** SDCL 36-11-11(1), 36-11-11(14).
**Law Implemented:** SDCL 36-11-11(14).

20:51:29:26. **Denial of registration.** The board may deny an application for registration as a pharmacy technician for any violation of the laws of this state, another state, or the United States relating to prescription drugs, controlled substances, or nonprescription drugs (or for any violation of this chapter).

**Source:** 31 SDR 35, effective September 19, 2004.
**General Authority:** SDCL 36-11-11(1), 36-11-11(14).
**Law Implemented:** SDCL 36-11-11(14).

20:51:29:27. **Sanctions.** The board may impose the following disciplinary sanctions for violations of this chapter:

1. Revoke a pharmacy technician registration;
2. Suspend a pharmacy technician registration until further order of the board or for a specified period;
3. Not renew of a pharmacy technician registration;
4. Prohibit permanently, until further order of the board, or for a specified period, the engaging in specified procedures, methods, or acts;
5. Impose a probationary period;
6. Order a physical or mental examination;
7. Issue a citation and warning.
### Chapter 20:51:30

#### Telepharmacy

**Section 20:51:30:01 Definitions.** Terms used in this chapter mean:

1. "Automated mechanical distribution device," as defined in § 20:51:17:01;
2. "Central pharmacy," as defined in SDCL 36-11-71(1);
3. "Remote pharmacy," as defined in SDCL 36-11-71(2);

**Source:** 35 SDR 183, effective February 2, 2009.

**General Authority:** SDCL 36-11-11(1).

**Law Implemented:** SDCL 36-11-11(1), 36-11-71(2), 36-11-71(3).

**20:51:30:02. Application for remote pharmacy site.** No remote pharmacy may be established, operated, or maintained unless the board issues a license. An application for licensure to establish, operate, or maintain a remote pharmacy shall be made on a form provided by the board. The applicant shall submit an initial license fee of $200 and provide a set of blueprints and documentation showing that all requirements of this chapter have been met. The applicant shall
demonstrate to the board that there is limited or no access to pharmacy services in the community. When considering whether to approve an application, the board shall consider the needs of the community. The board shall approve or disapprove an application within 60 days of receipt.

**Source:** 35 SDR 183, effective February 2, 2009.
**General Authority:** SDCL 36-11-11(1), 36-11-72(1).
**Law Implemented:** SDCL 36-11-72(1).

**20:51:30:03. Ownership or control by pharmacist required.** The board may not issue a permit to conduct a remote pharmacy to any pharmacist applicant unless such pharmacist applicant is an owner, or part owner, of the place of business from which the pharmacist will practice telepharmacy, or unless the non-pharmacist owner of the place of business from which the pharmacist will practice telepharmacy files an affidavit on a form prescribed by the board delegating full and complete authority to the pharmacist applicant to be in active management of the place of business for the license year ending June 30.

**General Authority:** SDCL 36-11-11(1), 36-11-72(1).
**Law Implemented:** SDCL 36-11-34, 36-11-72.

**20:51:30:04. Board inspection.** No remote pharmacy may provide pharmacy services until the board has inspected the remote pharmacy for minimum equipment, size, security, and sanitation standards as set forth in § 20:51:07:01 and found the remote pharmacy to be in compliance with such standards.

**Source:** 35 SDR 183, effective February 2, 2009.
**General Authority:** SDCL 36-11-11(1), 36-11-72(1).
**Law Implemented:** SDCL 36-11-71, 36-11-72.

**20:51:30:05. License renewal.** A remote pharmacy license expires on June 30 of each year and may be renewed annually by filing an application provided by the board. The renewal fee is $200.

**Source:** 35 SDR 183, effective February 2, 2009.
**General Authority:** SDCL 36-11-72(1).
**Law Implemented:** SDCL 36-11-72(1).

**20:51:30:06. License required.** Any pharmacy licensed by the board may operate a remote pharmacy in South Dakota. The remote pharmacy is considered an extension of the central pharmacy. However, the remote pharmacy must have its own license as a pharmacy.

**Source:** 35 SDR 183, effective February 2, 2009.
**General Authority:** SDCL 36-11-72(1).
**Law Implemented:** SDCL 36-11-72(1).

**20:51:30:07. Audiovisual link.** There must be a continuously accessible, two-way audiovisual link between the central pharmacy and the remote pharmacy. The transmission of
information through the computer link must make information available to the central pharmacy and the remote pharmacy simultaneously. The video camera used for the certification of prescriptions must be of sufficient quality and resolution so that the certifying pharmacist can visually identify the markings on tablets and capsules. A second camera is required to meet security needs if the camera used to certify prescriptions is not able to monitor activities in other parts of the remote site.

Law Implemented: SDCL 36-11-72(3).

20:51:30:15. Requirements for prescription orders. Only a registered pharmacist may take a verbal prescription order. A pharmacy technician at the remote pharmacy may not accept verbal orders for new prescriptions, but may accept written orders. A written order for a new prescription may be entered at the central pharmacy or the remote pharmacy. The pharmacist must approve or override all drug utilization review alerts.

General Authority: SDCL 36-11-11(1), 36-11-72(5).
Law Implemented: SDCL 36-11-72(5).

20:51:30:16. Requirements for operation. The following requirements must be adhered to when operating a remote pharmacy:

(1) The remote pharmacy may only be open if a computer link, video link, and audio link with the central pharmacy are functioning properly. If any link is not functioning properly, the remote pharmacy must be closed unless a pharmacist is working at the remote pharmacy;
(2) No remote pharmacy may be open when the central pharmacy is closed, unless a licensed pharmacist is working at the remote pharmacy;

(3) Any prescription filled at the remote pharmacy must be profiled, reviewed, and interpreted by a pharmacist at the central pharmacy before the prescription is dispensed;

(4) Any remotely dispensed prescriptions must have a label properly prepared in accordance with § 20:51:05:21 attached to the final drug container before the pharmacist certifies the dispensing process. This prescription certification process must be done in real time. All prescription certification must be documented in the computer record. The computer must be capable of carrying the initials of the technician preparing the prescription and the pharmacist verifying the prescription. Verification is required for both new prescriptions and refills;

(5) When the patient receives a prescription, the pharmacist must use audiovisual communication to counsel the patient regarding use of the prescription being dispensed. Counseling is required only for new prescriptions. The pharmacist must meet the counseling standards in accordance with § 20:51:25:04;

(6) The remote pharmacy must maintain a log, signed by the patient, that documents a patient's refusal for counseling by the pharmacist.

General Authority: SDCL 36-11-11(1), 36-11-72(2),(3),(4),(5).
Law Implemented: SDCL 36-11-72(2),(3),(4),(5).

20:51:30:17. Routine quality assurance required. The pharmacist-in-charge must adhere to the following procedures:

(1) An inspection of the remote pharmacy shall be conducted by a licensed pharmacist at weekly intervals or more if deemed necessary. Inspection must be documented and kept on file at the remote pharmacy and available upon request by the board;

(2) Implement and conduct a quality assurance plan that provides for on-going review of dispensing errors, with appropriate action taken, if necessary, to assure patient safety;

(3) Verify controlled substance prescriptions for both accuracy and legitimacy of the original prescription by the pharmacist-in-charge or a designated pharmacist during weekly inspection visits;

(4) Maintain records of all controlled substances stocked by the remote pharmacy through a daily perpetual inventory. Controlled substance perpetual inventory records must be available for inspection by the board's inspectors. A remote pharmacy stocking controlled drugs must be registered by the Drug Enforcement Administration and South Dakota Department of Health;

(5) Conduct an inventory of all controlled substances at least monthly to verify accuracy.

General Authority: SDCL 36-11-11(1), 36-11-72(4),(5).
Law Implemented: SDCL 36-11-72(4),(5).

20:51:30:18. Use of automated mechanical dispensing device. If the remote pharmacy uses an automated mechanical dispensing device, the stocking and loading of this device must either be checked by a pharmacist, prior to use, or employ a secure bar coding system or its equivalent. Policies and procedures consistent with § 20:51:17:02 regarding the operation of the automated mechanical distribution system must be developed and submitted to the board for consideration. After approval, these policies and procedures must be available at both the central pharmacy and the remote pharmacy.

20:51:31:27 Environmental monitoring requirements.
20:51:31:01. Definitions. Terms used in this chapter mean:

(1) "Ante area," an ISO Class 8 or superior area where personnel perform hand hygiene and garbing procedures, staging of components, order entry, preparation labeling, and other high-particulate generating activities;

(2) "Aseptic preparation," the technique involving procedures designed to preclude contamination by microorganisms during processing;

(3) "Batch preparation," compounding or repackaging of multiple units, in a single process, by the same operator;

(4) "Beyond-use date," the date or time following compounding after which the preparation may not be stored, transported, or used. The beyond-use date is determined from the date or time compounding of the preparation is completed;

(5) "Biological safety cabinet, Class II" or "BSC," a ventilated cabinet having an open front with inward airflow for personnel protection, downward HEPA-filtered laminar airflow for product protection, and HEPA-filtered exhausted air for environmental protection;

(6) "Buffer area," a clean room or area where the primary engineering control device is physically located and in which the concentration of airborne particles is controlled to meet a specified airborne particulate cleanliness class;

(7) "Compounding," the constitution, reconstitution, combination, dilution, or another process causing a change in the form, composition, or strength of any ingredient or any other attribute of a product;

(8) "Compounding aseptic isolator" or "CAI," a form of barrier isolator specifically designed for compounding pharmaceutical ingredients or preparations;

(9) "Critical site," a location that includes any component or fluid pathway surfaces (such as injection ports) or openings (such as opened ampoules or needle hubs) exposed and at risk of direct contact with air, moisture, or touch contamination;

(10) "Hazardous drug," a pharmaceutical that is antineoplastic, carcinogenic, mutagenic, or teratogenic;

(11) "HEPA filter," a high efficiency particulate air filter where air is forced through in a uniform flow and 99.97 percent of all particles three-tenths (0.3) microns or larger are removed;
(12) "High-risk preparation," a sterile preparation that is compounded from nonsterile ingredients; that is compounded with nonsterile components, containers, or equipment and requires terminal sterilization; or that meets the conditions of § 20:51:31:21;

(13) "ISO (International Organization for Standardization) Classification of Particulate Matter in Room Air," limits in particles of 0.5 microns or larger in diameter per cubic foot of air:

   (a) ISO Class 5, less than 100 particles per cubic foot;
   (b) ISO Class 7, less than 10,000 per cubic foot; and
   (c) ISO Class 8, less than 100,000 per cubic foot;

(14) "Laminar airflow workbench," or "LAFW," an apparatus designed to provide an ISO Class 5 environment for the preparation of sterile products that uses air circulation in a defined direction that passes through a HEPA filter to remove the initial particles and the particles generated within the controlled environment;

(15) "Low-risk preparation," a sterile preparation that is compounded with sterile equipment, sterile ingredients, and sterile contact surfaces or that meets the conditions of § 20:51:31:19;

(16) Medium-risk preparation," a sterile preparation that is compounded with sterile equipment, sterile ingredients, and sterile contact surfaces and involves complex or numerous manipulations of a sterile product or that meets the conditions of § 20:51:31:20;

(17) "Media-fill test" or "MFT," a test used to validate aseptic technique of compounding personnel or of processes and to ensure that the processes used are able to produce a sterile product without microbial contamination;

(18) "Multiple-dose container," a multiple-unit container for articles or preparations intended for parenteral administration only usually containing antimicrobial preservatives;

(19) "Negative pressure room," a room that is at a lower pressure compared to adjacent spaces, creating a new airflow into the room;

(20) "Positive pressure room," a room that is at a higher pressure compared to adjacent spaces, creating a net airflow out of the room;

(21) "Preparation" or "compounded sterile preparation," a sterile drug or nutrient that is compounded in a licensed pharmacy or other health care-related facility pursuant to the order of a licensed prescriber, which preparation may or may not contain sterile products;

(22) "Product," a commercially manufactured sterile drug or nutrient that has been evaluated for safety and efficacy by the FDA; and

(23) "Sterile compounding," the aseptic processing in a clean air environment of any pharmaceutical including the following preparations that are required to be sterile when they are administered to patients; baths and soaks for live organs and tissues, injections (e.g., colloidal dispersions, emulsions, solutions, and suspensions), aqueous bronchial and nasal inhalations, irrigations for wounds and body cavities, ophthalmic drops and ointments, and tissue implants.
20:51:31:02. Standards and procedures. The standards and procedures outlined in this chapter apply to pharmacy practice when a preparation:

1. Is prepared according to the manufacturer's labeled instructions and requires other manipulations that expose the original contents to potential contamination;

2. Contains nonsterile ingredients or employs nonsterile components or devices that must be sterilized before administration; or

3. Is a biologic, diagnostic, drug, or nutrient that possesses characteristics of either subdivision (1) or (2) of this section and includes the following preparations that are required to be sterile when they are administered to patients: baths and soaks for live organs and tissues, injections, aqueous bronchial and nasal inhalations, irrigations for wounds and body cavities, ophthalmic drops and ointments, and tissue implants.

20:51:31:03. Manual required. Each pharmacy shall prepare, implement, maintain, and adhere to a written policy and procedure manual for the compounding, dispensing, administration, storage, and use of sterile preparations. The manual shall be available for inspection by the board. The manual shall address the following:

1. Responsibilities of compounding personnel;
2. Personnel training and testing;
3. Competency practices and assessment of compounding personnel;
4. Quality assurance as described in § 20:51:31:12;
5. Proper use and deployment of environmental controls;
6. Gowning and garbing practices;
7. Inspection of finished products, labeling, storage, and transfer to final use areas for storage or use;
8. Introduction of supplies and products into the compounding area; and
9. The formulation, process for compounding, beyond-use dating, and storage requirements for each routinely compounded sterile preparation.

20:51:31:04. Physical environment requirements for sterile products. The pharmacy shall have a designated area for compounding sterile preparations with entry restricted to designated personnel. The area shall be used only for sterile compounding. The area shall be
structurally isolated from other areas and shall be designed to avoid unnecessary traffic and airflow disturbances. The area shall be of sufficient size to accommodate at least one primary engineering control device and to provide for the storage of drugs and supplies under appropriate temperature, light, moisture, sanitation, ventilation, and security conditions.

Law Implemented: SDCL 36-11-11.

20:51:31:05. Requirement for primary engineering control device or room. The primary engineering control device or room shall be capable of maintaining at least ISO Class 5 air quality in the area where critical objects are exposed and critical activities are performed. The device shall be capable of maintaining ISO Class 5 air quality during normal activity. A primary engineering control device includes, but is not limited to, a horizontal or vertical laminar airflow workbench or CAI.

General Authority: SDCL 36-11-2.2, 36-11-11(1), (4), and (5).
Law Implemented: SDCL 36-11-11, 36-11-41.

20:51:31:06. Placement of primary engineering control device. The primary engineering control device shall be placed in a room where HEPA filters are employed and the air quality is maintained at ISO Class 7. This area shall have cleanable, non-shedding, smooth surfaces; all junctures shall be coved; and all cracks and crevices shall be caulked. The ceiling shall be impervious and hydrophobic. The room may not contain any drains or sinks. Only the furniture, equipment, supplies, and other material required for compounding activities to be performed shall be brought into the room. Such items brought into the room shall be cleaned and disinfected. Placement in rooms of objects and devices not essential to the compounding process is dictated by the measured effect of those objects and devices on the required environmental quality of air atmospheres and surfaces.

General Authority: SDCL 36-11-2.2, 36-11-11(1), (4), and (5).
Law Implemented: SDCL 36-11-11, 36-11-41.

20:51:31:07. Compounding aseptic isolator (CAI). A CAI is designed to maintain an aseptic compounding environment within the isolator throughout the compounding and material transfer process. Air exchange into the isolator from the surrounding environment should not occur unless it has first passed through a microbiologically retentive filter, HEPA minimum.

General Authority: SDCL 36-11-2.2, 36-11-11(1), (4), and (5).
Law Implemented: SDCL 36-11-11, 36-11-41.

20:51:31:08. Exception for placement of CAI. The CAI shall be placed in an ISO Class 7 room unless the CAI meets each of the following conditions:
(1) The CAI provides isolation from the room and maintains ISO Class 5 conditions when ingredients, components, and devices are transferred into and out of the CAI during the preparation process; and

(2) The manufacturer provides documentation verifying that the CAI meets the standard in subdivision (1) when the CAI is located in an environment inferior to ISO Class 7.

General Authority: SDCL 36-11-2.2, 36-11-11(1), (4), and (5).
Law Implemented: SDCL 36-11-11, 36-11-41.

20:51:31:09. Ante area requirements. An ante area shall be located adjacent to the buffer area and maintained at ISO Class 8 air quality. If the ante area is adjacent to a negative pressure room, then the ante area must maintain ISO Class 7 air quality.

20:51:31:10. Delayed implementation. A pharmacy whose sterile compounding area is in substantial compliance with the physical and structural requirements of this chapter may engage in the compounding of sterile preparations pursuant to the practice standards established by this chapter. However, any pharmacy engaged in the compounding of sterile preparations shall, no later than December 31, 2011, complete any necessary changes or improvements to the sterile compounding area to ensure compliance with the physical and structural requirements of this chapter.

Any pharmacy that commences operation after December 31, 2010, or any new construction or remodeling of a pharmacy sterile compounding area completed after December 31, 2010, shall comply with the physical and structural requirements of this chapter.

20:51:31:11. Cleaning, maintenance, and supplies. The pharmacy shall have the following appropriate equipment and supplies and documented procedures for maintaining an environment suitable for the aseptic processing of sterile preparations:

(1) Required supplies and equipment shall include the following:

(a) Appropriate attire, including non-shedding coveralls or gowns, head and facial covers, face masks, appropriate gloves, and shoe covers; and

(b) A sink with hot and cold running water, with soap available for the purpose of hand and forearm scrubs, which shall be located convenient to the area used for compounding sterile preparations but outside the room; and
(2) Documented procedures shall include the following:

(a) Specific cleaning procedures and frequencies for each compounding area involved;

(b) A list of approved cleaning agents for each procedure;

(c) A written plan and schedule for the evaluation of airborne microorganisms in each controlled air environment (e.g., LAFW, barrier isolators, room, and ante area);

(d) Equipment calibration and monitoring of proper function of equipment, apparatus, and devices used to compound sterile preparations, in accordance with § 20:51:31:25; and

(e) An appropriate cleansing and garbing procedure. Coveralls and gowns may be hung outside the entry of the room and reused for one shift, if the coveralls and gowns are not visibly soiled and have not been worn during the compounding of hazardous drugs.

**20:51:31:12. Additional records required.** In addition to records required in § 20:51:24:02, the pharmacy shall maintain records of lot numbers of the components used in compounding sterile products if:

(1) The preparation will be dispensed to a home care patient; or

(2) Non-sterile ingredients are used in preparing high risk sterile products.

**20:51:31:13. Quality assurance.** The pharmacy shall establish, implement, and document an ongoing quality assurance program in order to maintain and improve facilities, equipment, personnel performance, and the provision of patient care. The two portions of the quality assurance program are as follows:

(1) Monitoring facilities, equipment, and personnel performance, which shall include the following:

(a) Methods for verification of automated compounding devices for parenteral nutrition compounding;

(b) Methods for sampling finished preparations to ensure that the pharmacy is capable of consistently preparing sterile preparations that meet appropriate risk level specifications and to ensure product integrity;

(c) Procedures for inspection of all prescription orders, written compounding procedures, preparation records, and materials used to compound at all contamination risk levels, to ensure
accuracy of ingredients, aseptic mixing, sterilizing, packaging, labeling, and expected physical appearance of the finished preparation;

(d) Procedures for visual inspection of preparations to ensure the absence of particulate matter in solutions, the absence of leakage from vials and bags, and the accuracy and thoroughness of labeling;

(e) Procedures for review of all orders and packages of ingredients to ensure that the correct ingredients and quantity of ingredients were compounded;

(f) Methods for routine disinfection and air quality testing of the direct compounding environment to minimize microbial surface contamination and maintain ISO Class 5 air quality;

(g) Methods for ensuring personnel qualifications, training, and performance, including periodic performance of applicable MFT procedures;

(h) Procedures for visual confirmation that compounding personnel are properly donning and wearing appropriate items and types of protective garments; and

(i) Methods for establishing beyond-use dates of preparation;

(2) Monitoring patient care, which shall include the following:

(a) Utilizing specific procedures for recording, filing, and evaluating reports of adverse events and the quality of preparation identified in the adverse event;

(b) Utilizing written policies and procedures that include specific procedures or instructions for receiving, acknowledging, and dating the receipt of products;

(c) Reviewing documented patient or caregiver education and training required pursuant to § 20:51:31:31;

(d) Ensuring that a qualified pharmacist is available and accessible at all times to respond to the questions and needs of other health professionals, the patient, or the patient's caregiver; and

(e) Identifying activities and processes that are deemed high-risk, high-volume, or problem-prone and providing effective corrective actions to remedy these activities and processes.

20:51:31:14. Pharmacist responsibilities. Each pharmacy shall have a pharmacist responsible for ensuring that:

(1) Preparations are accurately identified, measured, diluted, and mixed and are correctly sterilized, packaged, sealed, labeled, stored, dispensed, and distributed;
(2) Cleanliness is maintained, including preservation of the sterile environment during the compounding process;

(3) Beyond-use dates are established based on direct testing or extrapolation from reliable literature sources. The pharmacy shall maintain written justification of the chosen beyond-use date or, if a written statement is not available, a maximum 24-hour expiration shall be used;

(4) Equipment, apparatus, and devices used to compound a preparation are consistently capable of operating properly and within acceptable tolerance limits;

(5) Procedures are followed for measuring, mixing, diluting, sterilizing, packaging, and labeling of the specific preparation;

(6) Packaging selection is appropriate to preserve the sterility and strength of the preparation; and

(7) All functions performed by non-pharmacists are verified by the pharmacist before the preparation is dispensed to the patient. Pharmacist verification of a preparation shall include visual inspection of labeling, physical integrity, and expected appearance, including final fill amount.

**20:51:31:15. Training documentation.** Documentation of training shall verify that compounding personnel are able to adequately complete the following activities:

(1) Perform antiseptic hand cleansing and disinfection of nonsterile compounding surfaces;
(2) Select and appropriately don protective garb;
(3) Maintain or achieve sterility of preparations in ISO Class 5 primary engineering control devices;
(4) Identify, weigh, and measure ingredients;
(5) Manipulate sterile products aseptically, sterilize high-risk preparations, and label preparations; and
(6) Protect personnel and compounding environments from contamination by hazardous drugs.

**Law Implemented:** SDCL 36-11-11.

**20:51:31:16. Reference requirements.** The pharmacy shall have current reference materials related to sterile products and preparations. References may be printed or computer-accessed. In addition to meeting the requirements set forth in § 20:51:07:04, any pharmacy involved in sterile compounding shall maintain a minimum of one current reference, including access to current periodic updates, from each of the following categories:

(1) An injectable drug compatibility reference; and
(2) If the pharmacy is compounding hazardous drugs, a reference related to hazardous drugs.

A pharmacist shall label containers as follows:

1. At the time of delivery, a patient-specific dispensing container used for a preparation shall bear a label with at least the following information:
   
   (a) Name and quantity of all contents;
   (b) Patient's name;
   (c) For home care patient prescriptions, unique serial number or prescription number;
   (d) Preparer's and reviewing pharmacist's initials or unique identifiers;
   (e) Stability (beyond-use date) as set forth in the pharmacy's policy and procedure manual (unless the contents will be used within 24 hours of preparation);
   (f) The prescribed flow rate in ml/hr, if applicable; and
   (g) Auxiliary labels as needed;

2. Each container of a batch preparation that is compounded in anticipation of later dispensing shall bear a label with at least the following information:
   
   (a) Name and quantity of all contents;
   (b) Internal code to identify the date and time of preparation and the preparer's and reviewing pharmacist's initials or unique identifiers;
   (c) Stability (beyond-use date) as set forth in the pharmacy's policy and procedure manual; and
   (d) Auxiliary labels as needed.

**Law Implemented:** SDCL 36-11-11.

A pharmacist shall assign each preparation the appropriate risk level—low, medium, or high--according to the corresponding probability of contaminating a preparation with microbial contamination such as microbial organisms, spores, and endotoxins, and chemical and physical contamination such as foreign chemicals and physical matter.

**Source:** 36 SDR 100, effective December 14, 2009.
**General Authority:** SDCL 36-11-2.2, 36-11-11(1), (3), and (5).
**Law Implemented:** SDCL 36-11-11.

Any preparation compounded under all of the following conditions is at a low risk of contamination:
(1) The preparations are compounded with aseptic manipulations entirely within ISO Class 5 or superior air quality using only sterile ingredients, products, components, and devices;

(2) The compounding involves only transferring, measuring, and mixing no more than three commercially manufactured sterile products and entries into one container (e.g., bag, vial) of sterile product to make the preparation;

(3) Manipulations are limited to aseptically opening ampoules, penetrating sterile stoppers on vials with sterile needles and syringes, and transferring sterile liquids in sterile syringes to sterile administration devices, containers of other sterile products, and containers for storage and dispensing.

If a low risk preparation does not pass a sterility test but is properly stored before administration, the preparation may be stored under the following conditions and time period restrictions:

(a) At controlled room temperature for 48 hours;
(b) At a cold temperature for 14 days; or
(c) In a solid-frozen state at minus 20 degrees Celsius or colder for 45 days.

Source: 36 SDR 100, effective December 14, 2009.
General Authority: SDCL 36-11-2.2(3), 36-11-11(1).
Law Implemented: SDCL 36-11-11.

Examples: The single-volume transfer of sterile dosage forms from ampoules, bottles, bags, and vials using sterile syringes with sterile needles, other administration devices, and other sterile containers. When ampoules are employed, solution content shall be passed through a sterile filter to remove any particles. The manual measuring and mixing of no more than three manufactured products including an infusion or diluent solution to compound drug admixtures and nutritional solutions.

20:51:31:20. Medium-risk preparations. Any preparation compounded aseptically under low-risk conditions with one or more of the following additional conditions is at a medium risk of contamination:

(1) Multiple individual or small doses of sterile products are combined or pooled to prepare a sterile preparation for administration either to multiple patients or to one patient on multiple occasions;

(2) The compounding process includes complex aseptic manipulations other than the single-volume transfer;

(3) The compounding process requires an unusually long duration, such as that required to complete dissolution or homogeneous mixing.

If a medium-risk preparation does not pass a sterility test but is properly stored before administration, the preparation may be stored under the following conditions and time period restrictions:
(a) At controlled room temperature for 30 hours; 
(b) At a cold temperature for 9 days; or 
(c) In a sold-frozen state at minus 20 degrees Celsius or colder for 45 days.

General Authority: SDCL 36-11-2.2(3), 36-11-11(1) 
Law Implemented: SDCL 36-11-11.

Examples: Examples of medium-risk compounding include:

1. Compounding total parenteral nutrition fluids, using manual or automated devices and involving multiple injections, detachments, or attachments of nutrient source products to the device or machine to deliver all nutritional components to a final sterile container;

2. Filling reservoirs of injection or infusion devices with more than three sterile drug products and evacuating air from those reservoirs before dispensing the filled device; and

3. Transferring volumes from multiple ampoules or vials into one or more final sterile containers.

20:51:31:21. High-risk preparations. Any preparation that is either contaminated or likely to become contaminated with infectious microorganisms when compounded under any of the following conditions is at a high risk of contamination:

1. Nonsterile ingredients, including manufactured products not intended for sterile use, are incorporated or a nonsterile device is used in the compounding process before terminal sterilization;

2. Sterile contents of commercially manufactured products, preparations that lack effective antimicrobial preservatives, and sterile surfaces of devices and containers intended for the preparation, transfer, sterilization, and packaging of preparations are exposed to air quality inferior to ISO Class 5 for more than one hour;

3. Nonsterile procedures such as weighing and mixing in air quality inferior to ISO Class 7 are performed before sterilization, compounding personnel are not properly garbed and gloved, or water-containing preparations are stored for more than six hours;

4. The chemical purity and content strength of bulk ingredients, whether the ingredients are in opened or unopened packages, are not verified by examination of labeling and documentation of suppliers or by direct determination.

20:51:31:22. **Immediate-use preparations.** For the purpose of emergency or immediate patient care, a pharmacy is exempt from requirements described in this chapter for low- and medium-risk preparations if all of the following criteria are met:

(1) Only simple aseptic measuring and transfer manipulations are performed with not more than three sterile commercial drug products including an infusion or diluent solution;

(2) Unless required for the preparation, the compounding procedure occurs continuously without delays or interruptions and does not exceed one hour;

(3) At no point during preparation are critical surfaces and ingredients of the preparation directly exposed to contact contamination, such as human touch, cosmetic flakes or particulates, blood, human body substances (e.g., nasal and oral excretions and secretions), and nonsterile inanimate sources;

(4) Unless immediately and completely administered by the person who prepared it, or immediate and complete administration is witnessed by the preparer, the compounded sterile preparation shall bear a label listing patient identification information, the names and amounts of all ingredients, the name or initials of the person who prepared the compounded sterile preparation, and the exact beyond-use date and time; and

(5) Administration begins not later than two hours after compounding of the preparation has begun. If administration has not begun within two hours after compounding of the preparation has begun, the preparation is promptly and safely discarded. Immediate-use preparations may not be stored for later use.

20:51:31:23. **Utilization of single-dose and multiple-dose containers.** Any pharmacy utilizing single-dose and multiple-dose containers in sterile compounding shall comply with the following requirements:

(1) Single-dose containers that are opened or needle-punctured shall be used within one hour if opened in air quality conditions inferior to ISO Class 5;

(2) Single-dose vials that are continuously exposed to ISO Class 5 air shall be used within six hours after initial needle puncture;

(3) Opened single-dose ampoules may not be stored for any period of time under any air quality conditions;

(4) Multiple-dose containers that are entered or opened shall be used within 28 days of initial entry or opening unless otherwise specified by the manufacturer; and

(5) Multiple-dose and single-dose sterile products may not be combined for use as multiple-dose applications.

**General Authority:** SDCL 36-11-2.2, 36-11-11(1).
**Law Implemented:** SDCL 36-11-11.

20:51:31:26. **Media-fill testing by personnel.** The pharmacy shall develop, maintain, and implement written procedures that include media-fill testing by personnel authorized to compound preparations. The tests shall be performed without interruption in an ISO Class 5 environment under conditions that closely simulate the stressful conditions encountered during compounding of the specific risk level preparations for which the test is intended. The pharmacy shall maintain records of media-fill testing performed, and results of testing procedures shall be available to the board. Compounding personnel whose media-fill test vials result in gross microbial colonization shall be immediately reinstructed and reevaluated by expert compounding personnel to ensure correction of all aseptic practice deficiencies.

Each person authorized to compound low-risk and medium-risk preparations shall annually perform a successful MFT procedure.

Each person authorized to compound high-risk preparations shall semiannually perform a successful MFT procedure.

**General Authority:** SDCL 36-11-2.2, 36-11-11(1).
**Law Implemented:** SDCL 36-11-11.

20:51:31:27. **Environmental monitoring requirements.** Each pharmacy shall meet the following environmental requirements:

1. All buffer areas, laminar airflow workbenches, and barrier isolators shall be certified for operational efficiency at least every six months and whenever the device or room is relocated or
altered or whenever major service to the facility is performed. Inspection and certification records shall be maintained for two years from the date of certification; and

(2) The pharmacy shall establish written procedures appropriate for the risk level preparations compounded by the pharmacy. The procedures shall include environmental testing, end testing, and evaluation of validation results of the following:

(a) Microbial sampling of air within the primary engineering control devices, buffer areas, and ante areas is required every six months; and
(b) Unidirectional air flow shall be maintained and validated.

Note: It is recommended that this be done using a pressure gauge or a velocity meter installed between the buffer area and ante area. In absence of a pressure gauge or velocity meter, unidirectional flow and velocity should be tested and documented semi-annually at the time of hood and room certification.

20:51:31:28. Storage and delivery of sterile preparations. The pharmacy is responsible for proper packaging, labeling, handling, transport, and storage of preparations compounded and dispensed by the pharmacy and for education, training, and supervision of pharmacy and non-pharmacy personnel responsible for such functions. The pharmacy shall establish, maintain, and implement written policies and procedures to ensure product quality and packaging integrity until the preparation is administered. The policies and procedures shall address:

(1) Storage areas -- Controlled temperature storage areas within the pharmacy shall be monitored at least once daily and the results documented on a temperature log. Temperature-sensing mechanisms shall be suitably placed within the storage space to accurately reflect the area's temperature;

(2) Packaging, handling, and transport, including:

(a) Instruction in proper hand washing, aseptic techniques, site care, and change of administration sets to ensure the quality and sterility of the preparation;

(b) Special requirements for those products and techniques for the pharmacy that compounds or prepares products or devices or uses techniques where in-line filtration, automated infusion control devices, or replenishment of drug products into reservoirs of portable infusion pumps is required;

(c) Provisions for the return to the pharmacy of unused preparations for appropriate disposition. Unused preparations may be redispensed only if the continuing quality and sterility of the preparation can be fully ensured. To avoid contamination of the ISO Class 5 containment area (hood), any returned preparation may not be placed in the containment area unless properly decontaminated. The pharmacist is the sole authority for determining whether a preparation that
was not administered as originally intended may be used for an alternate patient or under alternate conditions; and

(d) Handling of hazardous preparations shall identify safeguards intended to maintain the integrity of the preparations and to minimize the exposure potential of these products to the environment and to personnel who have contact with the products.

Law Implemented: SDCL 36-11-11.

20:51:31:29. Additional requirements for preparation of hazardous drugs. Hazardous drugs may only be prepared for administration under conditions that protect pharmacy personnel in the preparation area. The following requirements shall be met by pharmacies that prepare hazardous drugs:

(1) The pharmacist shall prepare policies and procedures to identify requirements for storage and handling of hazardous drugs to prevent contamination and personnel exposure;

(2) Preparations containing hazardous drugs shall be labeled on the primary container and placed in an overwrap bag that is also properly labeled. Prepared doses of dispensed hazardous drugs shall be labeled and distributed in a manner to minimize the risk of accidental rupture of the primary container. Proper labeling shall include any necessary precautions;

(3) All hazardous drugs shall be compounded in a vertical flow Class II or Class III biological safety cabinet or in a compounding aseptic isolator containment and control device with biohazard control capabilities:

   (a) The ISO Class 5 BSC or CAI shall be placed in a contained environment where air pressure is negative and where the ISO Class 5 BSC or CAI is appropriately vented to the outside of the building;

   (b) If the pharmacy compounds fewer than five preparations per week in a BSC or CAI and uses a closed system vial transfer device to compound the preparations, the BSC or CAI may be located in a positive pressure room;

(4) Personnel compounding hazardous drugs shall wear proper protective apparel in accordance with documented procedures. Protective apparel may include disposable, non-shedding coveralls or gowns with tight cuffs, face masks, eye protection, hair covers, double gloves, and shoe covers;

(5) Proper safety and containment techniques for compounding hazardous drugs shall be used in conjunction with the aseptic techniques required for processing sterile preparations;

(6) All personnel who compound hazardous drugs shall be fully trained in the storage, handling, and disposal of these drugs. This training shall occur before personnel prepare or handle hazardous preparations and shall be verified and documented for each person at least annually;
(7) Disposal of hazardous waste shall comply with all applicable local, state, and federal requirements; and

(8) Each pharmacy shall develop, maintain, implement, and adhere to written procedures for handling both major and minor spills of hazardous drugs. The procedures shall be maintained with the policies and procedures required in § 20:51:31:03.

20:51:31:30. Responsibilities for patient care. Pharmacies that provide sterile products to the patient in the home environment shall:

(1) Be knowledgeable of the roles of the physician, patient, pharmacy, and home health care provider related to delivery of care and the monitoring of the patients;

(2) Have a pharmacist accessible at all times to respond to a patient's and other health professional's questions and needs;

(3) Use the clinical and laboratory data of each patient to monitor initial and ongoing drug therapy. If the pharmacist does not have access to the data, the name of the health care provider assuming responsibility for monitoring drug therapy shall be documented in the patient's profile; and

(4) Report to the prescribing physician any knowledge of unexpected or untoward response to drug therapy.

PRESCRIPTION DRUG MONITORING PROGRAM

Section
20:51:32:01 Definitions.
20:51:32:02 Data submission.
20:51:32:03 Data elements.
20:51:32:04 Access to data.
20:51:32:05 Disclosure of data.
20:51:32:10 Disclosure of data -- Other entities.
20:51:32:11 Data retention.

20:51:32:01. Definitions. Terms defined in SDCL 34-20E-1 have the same meaning in this article.

General Authority: SDCL 34-20E-20.
Law Implemented: SDCL 34-20E-20.

20:51:32:02. Data submission. Each dispenser may submit the data to the central repository using any electronic device compatible with the board's receiving device or the receiving device of the board's contracted vendor. The data submitted to the central repository may be on electronic media approved by the board accompanied by a transmittal form identifying the dispenser submitting the electronic media, the number of prescription records included on the media, and the individual submitting the media.

If the dispenser does not have an automated recordkeeping system capable of producing an electronic report of the required data in the format established by the American Society for Automation in Pharmacy (ASAP), the dispenser may request a waiver from the electronic reporting requirement from the board.

If the board grants a waiver from the electronic reporting requirement, then the dispenser shall comply with an alternative method of reporting the data as determined by the board, such as submitting the required data on a form approved by the board.

General Authority: SDCL 34-20E-20.
Law Implemented: SDCL 34-20E-2, 34-20E-20(1).

20:51:32:03. Data elements. The information submitted for each prescription shall include the following items:
(1) Dispenser identification number;
(2) Date prescription filled;
(3) Prescription number;
(4) Prescription is new or is a refill;
(5) Identification code for drug dispensed;
(6) Quantity dispensed;
(7) Day's supply dispensed;
(8) Number of refills ordered;
(9) Patient name;
(10) Patient address;
(11) Patient date of birth;
(12) Patient gender;
(13) Prescriber identification number;
(14) Date prescription issued by the prescriber.

General Authority: SDCL 34-20E-20(2).
Law Implemented: SDCL 34-20E-2, 34-20E-20(2).

20:51:32:04. Access to data. Healthcare practitioners authorized to prescribe or dispense controlled substances may request on-line access to the data for the purpose of providing patient health care. Prior to being granted access to program information, a practitioner shall submit a request for registration and program access. The board will verify the licensure status of the practitioner with the appropriate licensing authority. The program safeguards to protect the privacy of the data include a secure login and password for the practitioners authorized to access the data.

The board shall conduct regular reviews of data access by practitioners to identify possible violations of law or breach of professional standards that may have occurred. Whenever such information is identified, the board will notify the appropriate professional licensing, certification or regulatory agency or entity, and provide information necessary for an investigation.

General Authority: SDCL 34-20E-20(4).
Law Implemented: SDCL 34-20E-12, 34-20E-20(4).

20:51:32:05. Disclosure of data. Each request for information from the central repository must be submitted on a form provided by the board and must be mailed, faxed, or submitted electronically to the board office. The information may be mailed, faxed or submitted electronically to the individual requesting the profile, and marked "confidential".

A prescriber or dispenser may request patient information if the request:

(1) Is signed by the prescriber or dispenser requesting the information and includes the business name and address;
(2) Includes the patient's name, date of birth, purpose of the request, and the date range for the profile; and
(3) Includes a statement indicating a prescriber or a dispenser and patient relationship exists.
20:51:32:06. Disclosure of data — Individual. An individual or the individual's agent, authorized in writing, may request prescription information of the individual or the individual's minor child.

The individual requesting the prescription information or an authorized agent of the individual shall submit a signed, written request on a form provided by the board for records of the individual's prescriptions reported to the program.

The individual or agent will be required to present a current government-issued photo identification at the time of delivery of the request.

An individual who is unable to personally deliver the request to the board office may submit a request by mail or a commercial delivery service. The request shall comply with the provisions above, a copy of the current government issued photo identification shall be enclosed, and the signature of the requesting individual shall be notarized.

20:51:32:07. Disclosure of data — Regulatory board. A state board or regulatory agency with appropriate authority may request information.

The request shall include a statement of its purpose and authority, the name and license number of the individual, the date range requested, and the specific reasons for the request.

The request shall include the signature of the authorized agent and mailing address for the board or agency.

20:51:32:08. Disclosure of data — Law enforcement. A local, state, and federal law enforcement or prosecutorial official engaged in the enforcement of laws related to controlled substances may request information for the purpose of an investigation or prosecution of the drug-related activity or probation compliance of an individual. The board shall verify the status of the law enforcement or prosecutorial official with the appropriate authority.

The request shall include the purpose of the request, the individual's name and date of birth, the date range requested, and the specific reasons for the request.
The request shall be signed by the authorized official and include that person's mailing address.

**Law Implemented:** SDCL 34-20E-7(5)(6)(8) and (9).

**20:51:32:11. Data retention.** All dispenser records of prescriptions reported to the program shall be retained by the board for a period of three years following the date of the record. All records of access to or query of program information shall be retained by the board for a period of three years following the date of the record. At least semiannually, all program information identified as exceeding that three-year period shall be deleted from the program and discarded in a manner to maintain the confidentiality of the program information and data. Statistical data and reports from which all personally identifiable information has been removed or which do not contain personally identifiable information may be retained by the board for historical purposes.

36-11A-1. Definitions. Terms used in this chapter mean:

(1) Repealed by SL 2017, ch 174, § 1;

(2) "Board," the Board of Pharmacy;

(3) "Chain pharmacy warehouse," a physical location for prescription drugs that acts as a central warehouse and performs intracompany sales or transfers of such drugs to a group of chain pharmacies that have the same common ownership and control;

(4) Co-licensed partner," a party that, with another party or parties, has the right to engage in the manufacturing or marketing, or both, of a co-licensed product;

(5) "Co-licensed product," a prescription drug in which two or more parties have the right to engage in the manufacturing or marketing, or both, of a drug consistent with the United States Food and Drug Administration's implementation of the Prescription Drug Marketing Act (21 C.F.R. Parts 203 and 205);

(6) "DSCSA," the Drug Supply Chain Security Act as included as Part II of the Federal Drug Quality and Security Act of 2013;

(7) "Drug," "prescription drug," any drug, including any biological product, except for blood and blood components intended for transfusion or biological products that are also medical devices required by federal law or federal regulation to be dispensed only by a prescription, including finished dosage forms and bulk drug substances subject to § 503(b) of the Federal Food, Drug and Cosmetic Act;

(8) "Drug coupon," a form which may be redeemed at no cost or at reduced cost for a prescription drug;

(9) "Drug Enforcement Administration," the Drug Enforcement Administration of the United States Department of Justice;

(10) "Drug sample," a unit of a prescription drug that is not intended to be sold and is intended to promote the sale of the drug;

(11) "Facility," a facility of a wholesale distributor where prescription drugs are stored, handled, repackaged, or offered for sale;
(12) "Licensee," any wholesale drug distributor licensed pursuant to the provisions of this chapter;

(13) "Manufacturer," as defined by the DSCSA;

(14) "Out-of-state wholesale drug distributor," a wholesale drug distributor with no physical facilities located in this state;

(15) "Outsourcing facility," a facility that is engaged in compounding of nonpatient specific sterile and nonsterile drugs that complies with § 503(b) of the Federal Food, Drug and Cosmetic Act as of January 1, 2017, and is registered and inspected by the United States Food and Drug Administration;

(16) "Pharmacy," a place licensed by the board under chapter 36-11 in which prescription drugs are sold;

(17) "Repackage," repackaging or otherwise changing the container, wrapper, or labeling to further the distribution of a prescription drug excluding that completed by the pharmacist responsible for dispensing the drug to the patient;

(18) "Repackager," a person who repackages;

(19) "Sterile pharmaceutical," any dosage form of a drug, including parenterals, such as injectables, surgical irrigants, and ophthalmics, devoid of viable microorganisms;

(20) "Third-party logistics provider," an entity that provides or coordinates warehousing, distribution, or other services on behalf of a manufacturer, wholesale distributor, or dispenser as defined in the DSCSA, but does not take title to the prescription drug or have general responsibility to direct the prescription drug’s sale or disposition;

(21) "Transaction history," a statement, in paper or electronic form, that includes the transaction information of each prior transaction going back to the manufacturer of the product.

36-11A-1.1. Trading partner defined. As used in this chapter, the term, trading partner, means:

(1) A manufacturer, repackager, wholesale distributor, or dispenser from whom a manufacturer, repackager, wholesale distributor, or dispenser accepts direct ownership of a product or to whom a manufacturer, repackager, wholesale distributor, or dispenser transfers direct ownership of a product; or

(2) A third-party logistics provider from whom a manufacturer, repackager, wholesale distributor, or dispenser accepts direct possession of a product or to whom a manufacturer, repackager, wholesale distributor, or dispenser transfers direct possession of a product.

36-11A-1.2. Transaction defined. As used in this chapter, the term, transaction, means the transfer of product between trading partners in which a change of ownership occurs. The term does not include:
Codified Law 36-11A – Wholesale Drug Distributors

(1) Intracompany distribution of any product between members of an affiliate or within a manufacturer;

(2) The distribution of a product among hospitals or other health systems that are under common control;

(3) The distribution of a product for emergency medical reasons, including a public health emergency declaration pursuant to state or federal law;

(4) The dispensing of a product pursuant to a prescription;

(5) The distribution of product samples by a manufacturer or a licensed wholesale distributor in accordance with state and federal law;

(6) The distribution of blood or blood components intended for transfusion;

(7) The distribution of minimal quantities of product by a licensed retail pharmacy to a licensed practitioner for office use;

(8) The sale, purchase, or trade of a drug or an offer to sell, purchase, or trade a drug by a charitable organization to a nonprofit affiliate of the organization to the extent otherwise permitted by state and federal law;

(9) The distribution of a product pursuant to the sale or merger of a pharmacy or pharmacies or a wholesale distributor or wholesale distributors, except that any records required to be maintained for the product shall be transferred to the new owner of the pharmacy or pharmacies or wholesale distributor or wholesale distributors;

(10) A combination product that is:

(a) A product composed of a device and one or more other regulated components, such as a drug or device, biologic or device, or drug, device or biologic, that are physically, chemically, or otherwise combined or mixed and produced as a single entity;

(b) Two or more separate products packaged together in a single package or as a unit and composed of a drug and device or a device and biological product; or

(c) Two or more finished medical devices plus one or more drug or biological products that are packaged together in what is referred to as a medical convenience kit as described in subdivision (11);

(11) The distribution of a collection of finished medical devices, which may include a product or biological product, assembled in kit form strictly for the convenience of the purchaser or user if:

(a) The medical convenience kit is assembled in an establishment that is registered with the United States Food and Drug Administration as a device manufacturer;

(b) The medical convenience kit does not contain a federally scheduled controlled substance;
(c) In the case of a medical convenience kit that includes a product, the person who manufactured the kit purchased the product directly from the pharmaceutical manufacturer or from a wholesale distributor that purchased the product directly from the pharmaceutical manufacturer, and does not alter the primary container or label of the product as purchased from the manufacturer or wholesale distributor; and

(d) In the case of a medical convenience kit that includes a product, the product is an intravenous solution intended for the replenishment of fluids and electrolytes; a product intended to maintain the equilibrium of water and minerals in the body; a product intended for irrigation or reconstitution; an anesthetic; an anticoagulant; a vasopressor; or a sympathomimetic;

(12) The distribution of an intravenous product that, by its formulation, is intended for the replenishment of fluids and electrolytes (such as sodium, chloride, and potassium) or calories (such as dextrose and amino acids);

(13) The distribution of an intravenous product used to maintain the equilibrium of water and minerals in the body, such as dialysis solutions;

(14) The distribution of a product that is intended for irrigation, or sterile water, whether intended for such purposes or for injection;

(15) The distribution of a medical gas; or

(16) The distribution or sale of any licensed biologic product that meets the definition of device under federal law.

36-11A-1.3. Transaction information defined. As used in this chapter, the term, transaction information, means the proprietary or established name or names of the product, the strength and dosage form of the product, the national drug code number of the product, the container size, the number of containers, the lot number of the product, the transaction date, the shipment date, if more than twenty-four hours after the transaction date, the business name and address of the transferring person, and the business name and address of the transferee person.

36-11A-1.4. Transaction statement defined. As used in this chapter, the term, transaction statement, means a statement, in paper or electronic form, that the entity transferring ownership in a transaction:

(1) Is authorized under federal law;

(2) Received the product from a person who is authorized as required under federal law;

(3) Received the transaction information and transaction statement from the prior owner of the product, as required by federal law;

(4) Did not knowingly ship a suspect or illegitimate product;

(5) Had systems and processes in place to comply with verification requirements outlined in federal law;
(6) Did not knowingly provide false transaction information; and
(7) Did not knowingly alter the transaction history.

36-11A-2. Distribution defined. As used in this chapter, the term, distribution, means the sale, purchase, trade, delivery, handling, storage, or receipt of a product. The term does not include:

(1) Intracompany sales between any division, subsidiary, parent or otherwise affiliated or related company under the common ownership and control of a corporate entity;
(2) The purchase or other acquisition by a hospital or other health care entity that is a member of a group purchasing organization of a drug for its own use from the group purchasing organization or from other hospitals or health care entities that are members of such organizations;
(3) The sale, purchase or trade of a drug or an offer to sell, purchase or trade a drug by a charitable organization described in § 501(c)(3) of the Internal Revenue Code of 1954, as amended through December 18, 2015, to a nonprofit affiliate of the organization to the extent otherwise permitted by law;
(4) The sale, purchase or trade of a drug or an offer to sell, purchase or trade a drug among hospitals or other health care entities that are under common control;
(5) The sale, purchase or trade of a drug, or an offer to sell, purchase or trade a drug, for emergency medical reasons;
(6) The sale, purchase or trade of a drug, an offer to sell, purchase or trade a drug, or the dispensing of a drug pursuant to a prescription;
(7) The transfer of drugs by a pharmacy to another pharmacy to alleviate a temporary shortage;
(8) The distribution of drug samples by manufacturers' representatives or distributors' representatives;
(9) The sale, purchase, or trade of blood and blood components intended for transfusion;
(10) The sale, purchase, or trade of a drug to an individual under any form of insurance or an employee medical benefit program pursuant to a prescription; or
(11) The logistics and warehouse services provided by a third-party logistics provider.

36-11A-4. Pharmacy distributor defined. A pharmacy distributor is any pharmacy or hospital pharmacy that is engaged in the delivery or distribution of prescription drugs either to another pharmacy or to another person or entity, including to a wholesale drug distributor as defined in § 36-11A-3, that is engaged in the delivery or distribution of prescription drugs and who is involved in the actual, constructive, or attempted transfer of a drug in this state to other than the ultimate consumer, if
the financial value of the drugs so delivered or distributed is equivalent to at least five percent of the
total gross sales of the pharmacy.

36-11A-4.1. License required for wholesale distributors, outsourcing facilities, and third-party
logistics providers. Each wholesale distributor and outsourcing facility located within or outside of the
state that provides services to outlets within the state, shall be licensed annually by the board. Each
third-party logistics provider located in this state shall be licensed by the board.

36-11A-4.2. Prior registration and inspection by FDA required for certain outsourcing facilities. No
outsourcing facility engaged in compounding of nonpatient specific sterile and nonsterile drugs may
become licensed by the board without first obtaining a registration and inspection by the United States
Food and Drug Administration, and paying the license fee set by the board in rules promulgated
pursuant to chapter 1-26. The fee may not exceed two hundred dollars.

36-11A-5. Purchase of drug from other source restricted--Penalty. No person, other than a
consumer or patient, may knowingly purchase or receive a prescription drug from any source other
than a drug distributor or pharmacy licensed by the board under this chapter or chapter 36-11, as
applicable.

Any person who violates this section is guilty of a Class 1 misdemeanor for the first conviction and
a Class 6 felony for any subsequent conviction.

36-11A-6. Drug sample or drug coupon--Sale, purchase, trade or counterfeit prohibited--
Distribution restricted--Penalty. No person may sell, purchase, or trade a prescription drug sample or
offer to sell, purchase, or trade a drug sample or a drug coupon. No person may counterfeit such a
coupon. No person may distribute drug samples except as provided in § 503(d) of the Federal Food,

Any person who violates this section is guilty of a Class 1 misdemeanor for the first conviction and
a Class 6 felony for any subsequent conviction.

36-11A-7. Wholesale distribution without license prohibited--License unnecessary for agent or
employee of licensed distributor--Violation as felony. No person or distribution outlet may engage in
the wholesale distribution of prescription drugs in this state unless that person or outlet is licensed by
the board as a drug distributor in accordance with the minimum standards, conditions and terms set
forth in this chapter and in rules adopted pursuant to chapter 1-26.

An agent or employee of a licensed drug distributor need not seek licensure under this chapter and
may lawfully possess prescription drugs when the agent or employee is acting in the usual course of
business or employment.

Any person who violates this section is guilty of a Class 6 felony.

36-11A-8. Application for license. An applicant for licensure as a wholesale distributor shall apply
annually to the board on a form provided by the board. The application shall be accompanied by a
license fee set by the board. The fee may not exceed two hundred fifty dollars. All financial statements or related information submitted by applicants shall be treated as confidential materials.

36-11A-9. Separate license required for each facility owned or operated by same business entity. The board may require a separate license for each facility directly or indirectly owned or operated by the same business entity within this state or for a parent entity with divisions, subsidiaries, or affiliate companies within this state if operations are conducted at more than one location and joint ownership and control exists among all the entities.

36-11A-10. Temporary licenses. The board may grant temporary licensure when a wholesale drug distributor first applies for a license to operate within this state. Temporary licenses remain valid until the board approves or denies the license or for ninety days, whichever occurs first.

36-11A-11. Out-of-state distributor—License—Application—Violation as felony. No out-of-state wholesale drug distributor may conduct business in this state without first obtaining a license from the board and paying the license fee set by the board. Application for an out-of-state wholesale drug distributor license under this section shall be made on a form provided by the board. Each person acting as a principal or agent for an out-of-state wholesale drug distributor to sell or distribute drugs in this state shall obtain a license unless the distributor has obtained a license pursuant to this chapter. Out-of-state wholesale drug distributors may obtain the license required by this chapter on the basis of reciprocity if the out-of-state wholesale drug distributor possesses a valid license granted by another state pursuant to standards comparable to those in this state and the other state extends reciprocal treatment under its laws to wholesale drug distributors of this state.

Any person who violates this section is guilty of a Class 6 felony.

36-11A-12. Approval or denial of application or renewal—Appeal. The board may approve, approve with conditions, or deny the application for licensure or renewal of licensure as a wholesale distributor based on information concerning the qualifications of the applicant provided in the application. No license to engage in wholesale drug distribution may be issued or renewed unless the applicant agrees to operate and satisfies the board that it operates in a manner prescribed by federal law, this chapter and the rules adopted by the board.

An applicant may appeal the decision of the board regarding licensure or renewal of licensure pursuant to contested case procedures in chapter 1-26.

36-11A-13. Expiration and renewal of license. Each wholesale drug distributor license expires on December thirty-first following the date of issue. The board shall provide an application for license renewal to each licensee before December first of each year. If application for renewal of the license accompanied by the annual license fee is not made before the expiration date, the existing license lapses on the date of expiration.

36-11A-14. Promulgation of rules. The board shall promulgate rules, pursuant to chapter 1-26, pertaining to:
(1) Application procedures and information required for initial application and for renewal of license;
(2) Treatment of confidential materials;
(3) Qualification of applicants;
(4) Temporary licensure;
(5) Licensure by reciprocity;
(6) Annual license fee;
(7) Requirements for storing and handling prescription drugs;
(8) Record keeping;
(9) Liability insurance;
(10) Security systems and procedures;
(11) Personnel;
(12) Policies and procedures;
(13) Inspection of incoming and outgoing product shipments by licensees;
(14) Conduct of inspections by the board; and
(15) Due process.

36-11A-16. Inspection--Exemption--Penalty. For the purpose of conducting an inspection, persons authorized by the board and showing identification may enter during normal business hours all premises in this state purporting or appearing to be used by a drug distributor. No person may deny the right of entry as provided in this section to an authorized person. Any licensee who provides documentation of the most recent satisfactory inspection that is less than two years old by either the United States Food and Drug Administration or a state agency, if it is determined to be comparable by the board, is exempt from further inspection for a period of time to be determined by the board. This exemption does not bar the board from initiating an investigation pursuant to a public or governmental complaint received by the board regarding a wholesale drug distributor.

Any person who violates this section is guilty of a Class 1 misdemeanor for the first conviction and a Class 6 felony for any subsequent conviction.

36-11A-17. Records--Availability. A licensee may keep records at a central location apart from the principal office of the wholesale drug distributor or the location at which the drugs were stored and from which the drugs were shipped if the records are made available for inspection within two working
Codified Law 36-11A – Wholesale Drug Distributors

days after a request by the board. Records may be kept in any form permissible under rules adopted by the board pursuant to chapter 1-26. Records shall be kept at least six years.

36-11A-18. Limitations on state board of pharmacy. The board may not require the employment of licensed pharmacists by wholesale distributor licensees unless otherwise required by law, nor may the board regulate prices or the terms and conditions of sale of prescription drugs unless otherwise specified in this chapter.

36-11A-19. Complaints—Procedure. Complaints arising from any provision of this chapter shall be handled in compliance with contested case procedure in chapter 1-26, and the board may suspend, revoke, or condition the license of the licensee if the facts warrant.

36-11A-20. Authorized distributor of record defined. For the purposes of this chapter, an authorized distributor of record is a wholesale distributor with whom a manufacturer has established an ongoing relationship to distribute the manufacturer's prescription drug. An ongoing relationship is deemed to exist between such wholesale distributor and a manufacturer when the wholesale distributor, including any affiliated group of the wholesale distributor, as defined in Section 1504 of the Internal Revenue Code, complies with both of the following:

(1) The wholesale distributor has a written agreement currently in effect with the manufacturer evidencing such ongoing relationship; and

(2) The wholesale distributor is listed on the manufacturer's current list of authorized distributors of record, which is updated by the manufacturer on no less than a monthly basis.

36-11A-21. Drop shipment defined. For the purposes of §§ 36-11A-20 to 36-11A-46, inclusive, drop shipment is the sale of a prescription drug to a wholesale distributor by the manufacturer of the prescription drug, or that manufacturer's co-licensed product partner, that manufacturer's third party logistics provider, or that manufacturer's exclusive distributor, whereby the wholesale distributor or chain pharmacy warehouse takes title but not physical possession of such prescription drug and the wholesale distributor invoices the pharmacy or chain pharmacy warehouse, or other person authorized by law to dispense or administer such drug to a patient, and the pharmacy or chain pharmacy warehouse or other authorized person receives delivery of the prescription drug directly from the manufacturer, or that manufacturer's third party logistics provider, or that manufacturer's exclusive distributor.

36-11A-22. Manufacturer's exclusive distributor defined. For the purposes of §§ 36-11A-20 to 36-11A-46, inclusive, a manufacturer's exclusive distributor is any person who contracts with a manufacturer to provide or coordinate warehousing, distribution, or other services on behalf of a manufacturer and who takes title to that manufacturer's prescription drug, but who does not have general responsibility to direct the sale or disposition of the manufacturer's prescription drug. Such manufacturer's exclusive distributor must be licensed as a wholesale distributor under §§ 36-11A-20 to 36-11A-46, inclusive, and to be considered part of the normal distribution channel must also be an authorized distributor of record.
36-11A-23. Normal distribution channel defined. For the purposes of §§ 36-11A-20 to 36-11A-46, inclusive, a normal distribution channel is a chain of custody for a prescription drug that goes from a manufacturer of the prescription drug, or from that manufacturer to that manufacturer's co-licensed partner, or from that manufacturer to that manufacturer's third-party logistics provider, or from that manufacturer to that manufacturer's exclusive distributor, directly or by drop shipment, to:

1. A pharmacy to a patient or other designated persons authorized by law to dispense or administer such drug to a patient;

2. A wholesale distributor to a pharmacy to a patient or other designated persons authorized by law to dispense or administer such drug to a patient;

3. A wholesale distributor to a chain pharmacy warehouse to that chain pharmacy warehouse's intracompany pharmacy to a patient or other designated persons authorized by law to dispense or administer such drug to a patient; or

4. A chain pharmacy warehouse to the chain pharmacy warehouse's intracompany pharmacy to a patient or other designated persons authorized by law to dispense or administer such drug to a patient.

36-11A-24. Third party logistics provider defined. For the purposes of §§ 36-11A-20 to 36-11A-46, inclusive, a third party logistics provider is any person who contracts with a prescription drug manufacturer to provide or coordinate warehousing, distribution, or other services on behalf of a manufacturer, but does not take title to the prescription drug or have general responsibility to direct the prescription drug's sale or disposition. Any third party logistics provider shall be licensed under §§ 36-11A-20 to 36-11A-46, inclusive.

36-11A-25. Wholesale distributor defined. For the purposes of §§ 36-11A-20 to 36-11A-46, inclusive, a wholesale distributor is any person other than a manufacturer, a manufacturer's co-licensed partner, a third-party logistics provider or repackager, engaged in wholesale distribution.

36-11A-27. Wholesale distributor license required--Exemptions. Any wholesale distributor who engages in the wholesale distribution of prescription drugs in this state must be licensed by the board, in accordance with §§ 36-11A-20 to 36-11A-46, inclusive, before engaging in wholesale distributions of wholesale prescription drugs. The board shall exempt manufacturers distributing their own FDA-approved drugs and devices from any qualifications required for licensing, to the extent not required by federal law or regulation, including the requirements in subdivisions 36-11A-28(7) and (8), and §§ 36-11A-29 to 36-11A-31, inclusive.

36-11A-28. Information to be provided by applicants. The board shall require the following minimum information from each wholesale distributor applying to obtain a license under § 36-11A-27:

1. The name, full business address, and telephone number of the licensee;
(2) Any trade or business name used by the licensee;

(3) The address, telephone number, and the name of any contact person for any facilities used by the licensee for the storage, handling, and distribution of prescription drugs;

(4) The type of ownership or operation;

(5) The name of the owner and the operator of the licensee, including:
   (a) If a person, the name of the person;
   (b) If a partnership, the name of each partner, and the name of the partnership;
   (c) If a corporation, the name and title of each corporate officer and director, the corporate names, and the name of the state of incorporation; and
   (d) If a sole proprietorship, the full name of the sole proprietor and the name of the business entity;

(6) A list of all licenses and permits issued to the applicant by any other state that authorizes the applicant to purchase or possess prescription drugs;

(7) The name of the applicant's designated representative for the facility, together with the personal information statement and fingerprints, required pursuant to subdivision (8) for such person;

(8) Each person required by subdivision (7) to provide a personal information statement and fingerprints, if required, shall provide the following information to the board:
   (a) The person's places of residence for the past seven years;
   (b) The person's date and place of birth;
   (c) The person's occupations, positions of employment, and offices held during the past seven years;
   (d) The principal business and address of any business, corporation, or other organization in which each such office of the person was held or in which each such occupation or position of employment was carried on;
   (e) Whether the person has been, during the past seven years, the subject of any proceeding for the revocation of any license or any criminal violation and, if so, the nature of the proceeding and the disposition of the proceeding;
   (f) Whether, during the past seven years, the person has been enjoined, either temporarily or permanently, by a court of competent jurisdiction from violating any federal or state law regulating the possession, control, or distribution of prescription drugs or had any criminal violations of such laws, together with details concerning any such event;
   (g) A description of any involvement by the person with any business, including any investments, other than the ownership of stock in a publicly traded company or mutual fund, during the past seven years, which manufactured, administered, prescribed, distributed, or stored
pharmaceutical products and any lawsuits in which such businesses were named as a party;

(h) A description of any misdemeanor or felony criminal offense of which the person, as an adult, was found guilty, regardless of whether adjudication of guilt was withheld or whether the person pled guilty or nolo contendere. If the person indicates that a criminal conviction is under appeal and submits a copy of the notice of appeal of that criminal offense, the applicant shall, within fifteen days after the disposition of the appeal, submit to the board a copy of the final written order of disposition; and

(i) A photograph of the person taken in the previous one hundred eighty days.

The information required pursuant to this section shall be provided under oath.

36-11A-29. Inspection of facility--Qualifications of designated representative. The board may not issue a wholesale distributor license to an applicant, unless the board or a nationally recognized accreditation program approved by the board:

(1) Conducts a physical inspection of the facility at the address provided by the applicant as required in subdivision 36-11A-28(1); and

(2) Determines that the designated representative meets the following qualifications:

(a) Is at least twenty-one years of age;

(b) Has been employed full time for at least three years in a pharmacy or with a wholesale distributor in a capacity related to the dispensing and distribution of, and recordkeeping relating to, prescription drugs;

(c) Is employed by the applicant full time in a managerial level position;

(d) Is actively involved in and aware of the actual daily operation of the wholesale distributor;

(e) Is physically present at the facility of the applicant during regular business hours, except when the absence of the designated representative is authorized, including sick leave and vacation leave;

(f) Is serving in the capacity of a designated representative for only one applicant at a time, except where more than one licensed wholesale distributor is co-located in the same facility and such wholesale distributors are members of an affiliated group, as defined in Section 1504 of the Internal Revenue Code;

(g) Does not have any convictions under any federal, state, or local laws relating to wholesale or retail prescription drug distribution or distribution of controlled substances; and

(h) Does not have any felony convictions under federal or state laws.

36-11A-30. Criminal record check. The board may require the applicant to submit the fingerprints provided by a person with a license application for a statewide criminal record check and for forwarding to the Federal Bureau of Investigation for a national criminal record check of the person. **Source:** SL 2007, ch 215, § 12.

36-11A-31. Bond or other security required--Purpose--Exemption--License required for each facility. The board shall require every wholesale distributor applying for a license to submit a bond of at least one hundred thousand dollars, or other equivalent means of security acceptable to the board, such as an irrevocable letter of credit or a deposit in a trust account or financial institution, payable to a fund established by the board. The board shall establish a fund, separate from its other accounts, in which to deposit the wholesale distributor bonds. Any chain pharmacy warehouse that is not engaged in wholesale distribution is exempt from the bond requirement. The purpose of the bond is to secure payment of any fines or penalties imposed by the board and any fees and costs incurred by the board regarding that license, which are authorized pursuant to statute and which the licensee fails to pay thirty days after the fines, penalties, or costs become final. The board may make a claim against such bond or security until one year after the licensee's license ceases to be valid. A single bond may suffice to cover all facilities operated by the applicant in the state.

If a wholesale distributor distributes prescription drugs from more than one facility, the wholesale distributor shall obtain a license for each facility. **Source:** SL 2007, ch 215, § 13.

36-11A-32. Changes or corrections to required information--Suspension or revocation of license. In accordance with each licensure renewal, the board shall send to each wholesale distributor licensed under § 36-11A-27 a form setting forth the information that the wholesale distributor provided pursuant to § 36-11A-28. Within thirty days of receiving such form, the wholesale distributor shall identify and state under oath to the board any changes or corrections to the information that was provided pursuant to § 36-11A-28. Changes in, or corrections to, any information in § 36-11A-28 shall be submitted to the board as required by such authority. The board may suspend or revoke the license of a wholesale distributor if such authority determines that the wholesale distributor no longer qualifies for the license issued under § 36-11A-28. **Source:** SL 2007, ch 215, § 14.

36-11A-33. Continuing training of designated representative--Confidentiality of information. The designated representative identified pursuant to subdivision 36-11A-28(7) shall receive and complete continuing training in applicable federal and state laws governing wholesale distribution of prescription drugs.

The information provided under § 36-11A-28 may not be disclosed to any person or entity other than a state board or agency, government board, or government agency, determined to be comparable by the board, provided such licensing authority, government board, or agency needs such information for licensing or monitoring purposes. **Source:** SL 2007, ch 215, § 15.

36-11A-34. Returns or exchanges of prescription drugs. A wholesale distributor shall receive prescription drug returns or exchanges from a pharmacy or chain pharmacy warehouse pursuant to the terms and conditions of the agreement between the wholesale distributor and the pharmacy or chain pharmacy warehouse. Returns of expired, damaged, recalled, or otherwise nonsaleable pharmaceutical products shall be distributed by the receiving wholesale distributor only to either the original manufacturer or a third party returns processor. The returns or exchanges of prescription drugs, saleable or otherwise, including any redistribution by a receiving wholesaler, are not subject to the requirement of § 36-11A-39, so long as prescription drugs are exempt from tracing requirements.
under DSCSA. Wholesale distributors and pharmacies shall be held accountable for administering their returns process and ensuring that the aspects of this operation are secure and do not permit the entry of adulterated and counterfeit product.

36-11A-35. Verification that entity to which prescription drugs are to be furnished is licensed. A manufacturer or wholesale distributor shall furnish prescription drugs only to a person or entity licensed by the appropriate board. Before furnishing prescription drugs to a person or entity not known to the manufacturer or wholesale distributor, the manufacturer or wholesale distributor shall affirmatively verify that the person or entity is legally authorized to receive the prescription drugs by contacting the appropriate board.

36-11A-36. Delivery of prescription drugs only to licensed premises--Exception. Prescription drugs furnished by a licensee shall be delivered only to the premises listed on the license. However, the licensee may furnish prescription drugs to an authorized person or agent of that person at the premises of the manufacturer or wholesale distributor if:

(1) The identity and authorization of the recipient is properly established; and

(2) This method of receipt is employed only to meet the immediate needs of a particular patient of the authorized person.

36-11A-37. Receipt to be signed by authorized hospital pharmacy receiving personnel--Reporting of discrepancies. Prescription drugs may be furnished to a hospital pharmacy receiving area provided that a pharmacist or authorized receiving personnel signs, at the time of delivery, a receipt showing the type and quantity of the prescription drug so received. Any discrepancy between receipt and the type and quantity of the prescription drug actually received shall be reported to the delivering manufacturer or wholesale distributor by the next business day after the delivery to the pharmacy receiving area.

36-11A-38. Accounts for purchase of prescription drugs. A manufacturer or wholesale distributor may not accept payment for, or allow the use of, a person or entity's credit to establish an account for the purchase of prescription drugs from any person other than the owner of record, the chief executive officer, or the chief financial officer listed on the license of a person or entity legally authorized to receive prescription drugs. Any account established for the purchase of prescription drugs must bear the name of the licensee.

36-11A-41. Confirmation of receipt of transaction information, transaction history, and transaction statement. Each trading partner who is engaged in the wholesale distribution of a prescription drug including repackagers, but excluding a third-party logistics provider and the original manufacturer of the finished form of the prescription drug, who is provided transaction information, transaction history, and a transaction statement for a prescription drug and attempts to further distribute that prescription drug, shall, before any distribution of a prescription drug occurs, confirm that it has received the transaction information, transaction history, and transaction statement.

36-11A-44. Retention of transaction files--Inspection. Each file shall be:

(1) Maintained by the purchaser and the licensee for six years from the date of the transaction; and

(2) Available for inspection or use within two business days upon a request of an authorized officer of the law.

36-11A-45. Cease and desist order for violation--Hearing. The board shall issue an order requiring the appropriate person including any distributor or retailer of the drug to immediately cease distribution of the drug within this state if the board finds that there is a reasonable probability that:

(1) A wholesale distributor, other than a manufacturer, has:

(a) Violated a provision of §§ 36-11A-20 to 36-11A-46, inclusive; or

(b) Falsified a transaction document, or sold, distributed, transferred, manufactured, repackaged, handled, or held a counterfeit prescription drug intended for human use;

(2) The prescription drug at issue as a result of a violation in subdivision (1) could cause serious, adverse health consequences or death; and

(3) Other procedures would result in unreasonable delay.

An order under this section shall provide the person subject to the order with an opportunity for an informal hearing, to be held not later than ten days after the date of the issuance of the order, on the actions required by the order. If, after providing an opportunity for such a hearing, the board determines that inadequate grounds exist to support the actions required by the order, the board shall vacate the order.

36-11A-46. Prohibited acts--Misdemeanor or felony. It is unlawful for a person to perform or cause the performance of or aid and abet any of the following acts in this state:

(1) Failure to obtain a license in accordance with §§ 36-11A-20 to 36-11A-46, inclusive, or operating without a valid license when a license is required by §§ 36-11A-20 to 36-11A-46, inclusive;

(2) If the requirements of § 36-11A-34 are applicable and are not met, the purchasing or otherwise receiving a prescription drug from a pharmacy;

(3) If a state license is required pursuant to § 36-11A-35, the sale, distribution, or transfer of a prescription drug to a person that is not authorized under the law of the jurisdiction in which the person receives the prescription drug to receive the prescription drug;

(4) Failure to deliver prescription drugs to specified premises, as required by § 36-11A-36;
(5) Accepting payment or credit for the sale of prescription drugs in violation of § 36-11A-38;

(6) Failure to maintain or provide transaction documentation as required by §§ 36-11A-20 to 36-11A-46, inclusive;

(7) Failure to obtain, pass, or verify transaction documentation, as required by §§ 36-11A-20 to 36-11A-46, inclusive;

(8) Providing the state or any of its representatives or any federal official with false or fraudulent records or making false or fraudulent statements regarding any matter within the provisions of §§ 36-11A-20 to 36-11A-46, inclusive;

(9) Obtaining or attempting to obtain a prescription drug by fraud, deceit, misrepresentation or engaging in misrepresentation or fraud in the distribution of a prescription drug;

(10) Except for the wholesale distribution by manufacturers of a prescription drug that has been delivered into commerce pursuant to an application approved under federal law by the United States Food and Drug Administration, the manufacture, repacking, sale, transfer, delivery, holding, or offering for sale any prescription drug that is adulterated, misbranded, counterfeit, suspected of being counterfeit, or has otherwise been rendered unfit for distribution;

(11) Except for the wholesale distribution by manufacturers of a prescription drug that has been delivered into commerce pursuant to an application approved under federal law by the United States Food and Drug Administration, the adulteration, misbranding, or counterfeiting of any prescription drug;

(12) The receipt of any prescription drug that is adulterated, misbranded, stolen, obtained by fraud or deceit, counterfeit, or suspected of being counterfeit, and the delivery or proffered delivery of such drug for pay or otherwise; and

(13) The alteration, mutilation, destruction, obliteration, or removal of the whole or any part of the labeling of a prescription drug or the commission of any other act with respect to a prescription drug that results in the prescription drug being misbranded.

Any person who violates this section is guilty of a Class 1 misdemeanor for the first conviction and a Class 6 felony for any subsequent conviction.

20:67:02:02. Required application information. Applicants must complete the following information as part of the application form:
(1) The name, full business address, and telephone number of the applicant;

(2) All trade or business names used by the applicant;

(3) Address, telephone numbers, and the name of contact person for the facility used by the applicant for the storage, handling, and distribution of prescription drugs;

(4) The type of ownership or operation, that is, partnership, corporation, or sole proprietorship;

(5) The name of the owner or operator, or both, of the applicant, including:
   (a) If a person, the name of the person;
   (b) If a partnership, the name of each partner and the name of the partnership;
   (c) If a corporation, the name and title of each corporate officer and director, the corporate names, the name of the state of incorporation, and the name of any parent company;
   (d) If a sole proprietorship, the full name of the sole proprietor and the name of the business entity;

(6) Statements pertaining to factors that may determine eligibility for licensure, including:
   (a) Any convictions of the applicant under any federal, state, or local laws relating to drug samples, wholesale or retail drug distribution, or distribution of controlled substances;
   (b) Any felony convictions of the applicant under federal, state, or local laws;
   (c) The applicant's past experience in the manufacture or distribution of prescription drugs, including controlled substances;
   (d) Suspension or revocation by federal, state, or local government of any license currently or previously held by the applicant for the manufacture or distribution of any drugs, including controlled substances; and

(7) A statement certifying that the applicant will operate in a manner prescribed by federal and state law and rules adopted by the board.

20:67:02:03. Licensure required for each location -- Out-of-state exemption. Separate licensure is required where separate operations are conducted at more than one location within this state by a single wholesale distributor. Out-of-state wholesale drug distributors shipping drugs into this state who do not maintain or operate a physical facility within the state are not required to license each separate location from which drugs are shipped to this state, but may instead obtain licensure for the primary location of the parent entity with divisions, subsidiaries, or affiliate companies.

20:67:02:04. Supplemental application information. In order to more fully consider qualifications of an applicant, the board may request supplemental information on records that are not a part of the application form.

20:67:02:05. Controlled substance registration required. Wholesale drug distributors that deal in controlled substances shall register with the South Dakota department of health and with the DEA and shall comply with all applicable state, local, and DEA regulations.

Cross-Reference: Annual registration of manufacturers, distributors and dispensers required, SDCL 34-20B-29.
20:67:02:06. Personnel requirements. As a condition for receiving and retaining a license, wholesale drug distributors shall employ sufficient numbers of personnel with education, training, and experience, or any combination thereof, so that all assigned functions are performed in a manner that assures that drug product quality, safety, and security will at all times be maintained as required by law. Lists of officers, directors, managers, and other persons in charge of wholesale drug distribution, storage, and handling, including a description of their duties and a summary of their qualifications, shall be established and maintained.

20:67:02:07. Denial of licensure when not in public interest. The board may deny a license to an applicant if it determines that the granting of such a license would not be in the public interest based on health, safety, and welfare considerations, including:

(1) The furnishing by the applicant of false or fraudulent material in any application made in connection with drug manufacturing or distribution;

(2) Compliance with licensing requirements under previously granted licenses;

(3) Compliance with the requirements to maintain or make available to the board or to federal, state, or local law enforcement officials those records required to be maintained by wholesale drug distributors.

20:67:02:08. Information on changes to be reported. Changes in any information required in this chapter shall be submitted to the secretary of the board within 60 days with the exception of routine changes in the names and titles of corporate officers and directors, which may be reported upon license renewal.

20:67:02:09. Temporary license valid for 90 days -- No refund. Upon the request of the applicant and receipt of a completed application and the license fee as provided in § 20:67:02:01, the secretary of the board may issue a letter granting temporary licensure provided that information contained on the application form shows no apparent reason for denial of licensure and the board has not previously denied, suspended, or revoked a license of the applicant.

The board shall approve or deny the application for license within 90 days after receipt of the application. Upon approval or notice of denial, the temporary license becomes void unless the applicant appeals the decision of the board pursuant to SDCL chapter 1-26. If a temporary license is issued, the license fee may not be refunded if the application is subsequently denied by the board.

20:67:02:10. Out-of-state wholesale drug distributor application -- Other state license required. Out-of-state wholesale drug distributors must meet the application and fee requirements of this chapter and must also submit a copy of their wholesale drug distributor’s license or its equivalent from the state in which the distributor is located if a license is issued by that state.

20:67:02:11. Reciprocal cooperation extended. The board shall cooperate with other states that license and regulate wholesale drug or pharmacy distributors to verify information contained on license applications and for the purpose of investigating complaints against distributors located in this state or the sharing of inspection reports, investigative reports, or licensure status if the other state extends the same reciprocal cooperation to the board.
20:67:02:12. Exemption allowed. An exemption to licensure is allowed when an out-of-state wholesale drug distributor supplies a drug to another drug distributor licensed in this state in an emergency. The amount of the distribution allowed is confined to the emergency.

CHAPTER 20:67:03
DRUG STORAGE AND HANDLING REQUIREMENTS

Section
20:67:03:01 Facilities.
20:67:03:02 Storage conditions.
20:67:03:03 Examination upon receipt required.
20:67:03:04 Outgoing shipments to be inspected.
20:67:03:05 Quarantine required.
20:67:03:06 Opened containers to be identified.
20:67:03:07 Standards for returned drugs to be met.

20:67:03:01. Facilities. All facilities at which prescription drugs are stored, warehoused, handled, held, offered, marketed, or displayed shall meet the following conditions:

(1) Be of suitable size and construction to facilitate cleaning, maintenance, and proper operations;

(2) Have storage areas designed to provide adequate lighting, ventilation, temperature, sanitation, humidity, space, equipment, and security conditions;

(3) Have a separate quarantine area for storage of prescription drugs that are outdated, damaged, deteriorated, misbranded, or adulterated or that are in immediate or sealed secondary containers that have been opened;

(4) Be maintained in a clean and orderly condition;

(5) Be free from infestation by insects, rodents, birds, or vermin of any kind;

(6) Be secured from unauthorized entry by:

(a) A well-lighted outside perimeter of the premises;
(b) An alarm system to detect entry after hours; and
(c) A security system that provides protection against theft and diversion, including, if applicable, theft or diversion that is facilitated or hidden by tampering with computers or electronic records.

20:67:03:02. Storage conditions. All prescription drugs shall be stored as required by the labeling of the drugs. If no storage requirements are established for a prescription drug, the drug may be held at controlled room temperature to help ensure that its identity, strength, quality, and purity are not adversely affected. Manual, electromechanical, or electronic temperature and humidity recording equipment, devices, or logs shall be utilized, as applicable, to document proper storage of prescription drugs.

20:67:03:03. Examination upon receipt required. Upon receipt, each outside shipping container shall be visually examined for identity and to prevent the acceptance of contaminated prescription drugs or prescription drugs that are otherwise unfit for distribution. This examination must be adequate to reveal container damage that would suggest possible contamination or other damage to the contents.
**20:67:03:04. Outgoing shipments to be inspected.** Each outgoing shipment shall be carefully inspected for identity of the prescription drug products and to ensure that there is no delivery of prescription drugs that have been damaged in storage or held under improper conditions.

**20:67:03:05. Quarantine required.** Prescription drugs that are outdated, damaged, deteriorated, misbranded, or adulterated shall be quarantined and physically separated from other prescription drugs until they are destroyed or returned to their supplier.

**20:67:03:06. Opened containers to be identified.** Any prescription drugs whose immediate or sealed outer or sealed secondary containers have been opened or used shall be identified as such and shall be quarantined and physically separated from other prescription drugs until they are either destroyed or returned to the supplier.

**20:67:03:07. Standards for returned drugs to be met.** If the conditions under which a prescription drug has been returned cast doubt on the drug's safety, identity, strength, quality, or purity, the drug shall be destroyed or returned to the supplier, unless examination, testing, or other investigation proves that the drug meets standards of safety, identity, strength, quality, and purity. In determining whether the conditions under which a drug has been returned cast doubt on the drug's safety, identity, strength, quality, or purity, the wholesale drug distributor shall consider, among other things, the conditions under which the drug has been held, stored, or shipped before or during its return and the condition of the drug and its container, carton, or labeling as a result of storage or shipping.

**CHAPTER 20:67:04**
**RECORD KEEPING**

Section
20:67:04:01 Record keeping.
20:67:04:02 Retention and inspection of records.
20:67:04:03 Retrieval of records.

**20:67:04.01. Record keeping.** Wholesale drug distributors shall establish and maintain inventories and records of all transactions regarding the receipt and distribution or other disposition of prescription drugs, including outdated drugs. These records shall include the following information:

1. The source of the drugs, including the name and principal address of the seller or transferor, and the address of the location from which the drugs were shipped;
2. The identity and quantity of the drugs received and distributed or disposed of;
3. The dates of receipt and distribution or other disposition of the drugs; and
4. Documentation of storage conditions as required in § 20:67:03:02.

**20:67:04.02. Retention and inspection of records.** Inventories and records required by this chapter may be maintained by manual or electronic means in a form that allows inspection and photocopying of requested records during inspections. All records shall be retained for two years following disposition of the drugs.
20:67:04.03. Retrieval of records. Records described in this chapter that are kept at the inspection site at a central location apart from the inspection site or that can be immediately retrieved by computer or other electronic means shall be readily available for authorized inspection during the retention period.

20:67:04.04. Financial records treated as confidential materials. Any financial records inspected or photocopied by the board shall be treated as confidential materials and not open to public inspection.

CHAPTER 20:67:05
POLICIES AND PROCEDURES

Section
20:67:05:01 Policies and procedures to be established.

20:67:05.01. Policies and procedures to be established. Wholesale drug distributors shall establish, maintain, and adhere to written policies and procedures for the receipt, security, storage, inventory, and distribution of prescription drugs, including policies and procedures for identifying, recording, and reporting losses or thefts and for correcting all errors and inaccuracies in inventories. Wholesale drug distributors shall include in their written policies and procedures the following:

(1) A procedure whereby the oldest approved stock of a prescription drug product is distributed first. The procedure may permit deviation from this requirement if the deviation is temporary;

(2) A procedure to be followed for handling recalls and withdrawals of prescription drugs due to:

(a) Any action initiated at the request of the food and drug administration or any other federal, state, or local law enforcement or governmental agency, including the board;

(b) Any voluntary action by the manufacturer to remove defective or potentially defective drugs from the market;

(c) Any action undertaken to promote public health and safety by the replacing of existing merchandise with an improved product or new package design;

(3) A procedure to ensure that wholesale drug distributors prepare for, protect against, and handle any crisis that affects security or operation of any facility in the event of strike, fire, flood, or other natural disaster or other situations of local, state, or national emergency;

(4) A procedure to ensure that any outdated prescription drugs are segregated from other drugs and either returned to the manufacturer or destroyed. This procedure shall provide for written documentation of the disposition of outdated prescription drugs;

(5) A procedure to keep access from outside the premises to a minimum and well controlled; and

(6) A procedure to limit entry into areas where prescription drugs are held to authorized personnel only.
CHAPTER 20:67:06
INSPECTIONS

Section
20:67:06:01 Regular inspections required.
20:67:06:02 Exemption from inspection.

20:67:06:01. Regular inspections required. Wholesale drug distributors located within the state shall be inspected by the board every two years with follow-ups if problems are found. The following areas may be reviewed when inspections are performed:

(1) Responsibility for operation;
(2) Policies and procedures;
(3) Purchases and sales;
(4) Record keeping;
(5) Recalls;
(6) Facilities;
(7) Security;
(8) Storage conditions; and
(9) Returned goods.

20:67:06:02. Exemption from inspection. Wholesale drug distributors that have received a satisfactory rating as the result of a full inspection of all operations and procedures by the food and drug administration are exempt from further inspection by the board until any subsequent inspection results in a less than satisfactory rating or until two or more years have passed since the last full inspection by the food and drug administration. Less than satisfactory ratings may include documentation of deficiencies in any drug distribution, repackaging, labeling, quality control, or environmental policies. Deficiencies include any statement which is a part of a compliance report recorded by federal inspection with or without sanctions, penalties, fines, or discipline imposed.

20:67:06:03. Out-of-state wholesale drug distributor exemption. The board may exempt from inspection any out-of-state wholesale drug distributor pursuant to § 20:67:06:02 on demonstration of a satisfactory rating on an equivalent inspection conducted by the licensing agency of the state where the distributor is located.

CHAPTER 20:67:07
DUE PROCESS

Section
20:67:07:01 Designation of registered agent.

20:67:07:01. Designation of registered agent. Out-of-state drug wholesaler distributors shall designate a resident agent in this state for service of process. If an agent is not designated, the secretary of this state shall be considered to be its true and lawful agent, upon whom may be served all legal process in any action or proceeding against the out-of-state wholesale drug distributor. A copy of any service of process shall be mailed by certified mail, return receipt requested, postage prepaid, at the address the out-of-state wholesale drug distributor has
Administrative Rule 20:67 – Wholesale Drug Distributors

designated on its application for licensure. If any out-of-state wholesale drug distributor is not
licensed in this state, service on the secretary of state is sufficient service.

CHAPTER 20:67:08
WHOLESALE DRUG ADVISORY COMMITTEE

Section
20:67:08:01 Terms to begin on July 1.
20:67:08:02 Applicants to be solicited for recommendations.
20:67:08:03 Recommendations to remain on file.
20:67:08:04 Board to review recommendations on file.
20:67:08:05 Unexpired terms to be filled within three months of vacancy.
20:67:08:06 Appointees to indicate willingness to serve.

20:67:08:01. Terms to begin on July 1. Terms of new wholesale drug advisory committee
members shall begin on July 1 unless the appointment is to fill an unexpired term.

20:67:08:02. Applicants to be solicited for recommendations. Each year, along with
the application for wholesale drug distributor and pharmacy license renewal, the secretary of the
board shall send a solicitation of recommendation for persons to serve on the wholesale drug
advisory committee. The solicitation shall include the following:

(1) A list of committee members and the group represented by each member;
(2) The term expiration for each member;
(3) A request for recommendations to fill terms expiring during the licensing year; and
(4) A reprint of SDCL 36-11A-15 and this article.

20:67:08:03. Recommendations to remain on file. The board shall maintain a file of
recommendations for wholesale drug advisory committee membership and shall hold each
recommendation until December 31 of the year following its receipt.

20:67:08:04. Board to review recommendations on file. The board may consider
recommendations received to fill all expired or unexpired terms. Appointments to fill expiring
terms shall be made prior to expiration of the terms.

20:67:08:05. Unexpired terms to be filled within three months of vacancy. If an
unexpired term is created by death, incapacity, or written notice, the board shall appoint a person
to complete the expired term within three months after receipt of notice.

20:67:08:06. Appointees to indicate willingness to serve. Any person appointed to the
wholesale drug advisory committee shall, prior to appointment, indicate in writing to the board a
willingness to serve as a committee member.

34-20B-114 Citation of chapter.

34-20B-1. Definitions. Terms as used in this chapter mean:

(1) "Administer," to deliver a controlled drug or substance to the ultimate user or human research subject by injection, inhalation, or ingestion, or by any other means;

(2) "Agent," an authorized person who acts on behalf of or at the direction of a manufacturer, distributor, or dispenser and includes a common or contract carrier, public warehouseman, or employee thereof;

(3) "Control," to add, remove, or change the placement of a drug, substance, or immediate precursor under §§ 34-20B-27 and 34-20B-28;

(4) "Counterfeit substance," a controlled drug or substance which, or the container or labeling of which, without authorization, bears the trademark, trade name, or other identifying mark, imprint, number, or device, or any likeness thereof, of a manufacturer, distributor, or dispenser other than the person or persons who manufactured, distributed, or dispensed such...
substance and which thereby falsely purports or is represented to be the product of, or to have been distributed by, such other manufacturer, distributor, or dispenser;

(5) "Deliver" or "delivery," the actual, constructive, or attempted transfer of a controlled drug, substance, or marijuana whether or not there exists an agency relationship;

(6) "Department," the Department of Health created by chapter 1-43;

(7) "Dispense," to deliver a controlled drug or substance to the ultimate user or human research subject by or pursuant to the lawful order of a practitioner, including the prescribing, administering, packaging, labeling, or compounding necessary to prepare the substance for such delivery, and a dispenser is one who dispenses;

(8) "Distribute," to deliver a controlled drug, substance, or marijuana. A distributor is a person who delivers a controlled drug, substance, or marijuana;

(9) "Hashish," the resin extracted from any part of any plant of the genus cannabis, commonly known as the marijuana plant;

(10) "Imprisonment," imprisonment in the state penitentiary unless the penalty specifically provides for imprisonment in the county jail;

(11) "Manufacture," the production, preparation, propagation, compounding, or processing of a controlled drug or substance, either directly or indirectly by extraction from substances of natural origin, or independently by means of chemical synthesis or by a combination of extraction and chemical synthesis. A manufacturer includes any person who packages, repackages, or labels any container of any controlled drug or substance, except practitioners who dispense or compound prescription orders for delivery to the ultimate consumer;

(12) "Marijuana," all parts of any plant of the genus cannabis, whether growing or not; the seeds thereof; and every compound, manufacture, salt, derivative, mixture, or preparation of such plant or its seeds; but does not include fiber produced from the mature stalks of such plant, or oil or cake made from the seeds of such plant, or the resin when extracted from any part of such plant;

(13) "Narcotic drug," any of the following, whether produced directly or indirectly by extraction from substances of vegetable origin or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis:

(a) Opium, coca leaves, and opiates;

(b) A compound, manufacture, salt, derivative, or preparation of opium, coca leaves, or opiates;

(c) A substance (and any compound, manufacture, salt, derivative, or preparation thereof) which is chemically identical with any of the substances referred to in subsections (a) and (b) of this subdivision;

except that the term, narcotic drug, as used in this chapter does not include decocainized coca leaves or extracts of coca leaves, which extracts do not contain cocaine or ecgonine;
Codified Law 34-20B – Drugs and Substance Control

(14) "Opiate," any controlled drug or substance having an addiction-sustaining liability similar to morphine or being capable of conversion into a drug having such addiction-forming or addiction-sustaining liability;

(15) "Opium poppy," the plant of the species papaver somniferum L., except the seeds thereof;

(16) "Person," any corporation, association, limited liability company, partnership or one or more individuals;

(17) "Poppy straw," all parts, except the seeds, of the opium poppy, after mowing;

(18) "Practitioner," a doctor of medicine, osteopathy, podiatry, optometry, dentistry, or veterinary medicine licensed to practice their profession, or pharmacists licensed to practice their profession; physician assistants certified to practice their profession; nurse practitioners and nurse midwives licensed to practice their profession; government employees acting within the scope of their employment; and persons permitted by certificates issued by the department to distribute, dispense, conduct research with respect to, or administer a substance controlled by this chapter;

(18A) "Prescribe," an order of a practitioner for a controlled drug or substance.

(19) "Production," the manufacture, planting, cultivation, growing, or harvesting of a controlled drug or substance;

(20) "State," the State of South Dakota;

(21) "Ultimate user," a person who lawfully possesses a controlled drug or substance for personal use or for the use of a member of the person's household or for administration to an animal owned by the person or by a member of the person's household.

34-20B-2. "Drug" defined. For the purposes of this chapter, unless the context otherwise requires, "drug" means:

(1) Articles recognized in the official United States Pharmacopoeia, official Homeopathic Pharmacopoeia of the United States, or official National Formulary, or any supplement to any of them, unless the department shall determine that any such article is inconsistent with the provisions of this chapter or are not appropriate to conditions which exist in this state, and by regulation specifically excludes any such article;

(2) Articles intended for use, or used, in the diagnosis, cure, mitigation, treatment, or prevention of disease in man or other animals;

(3) Articles (other than food) intended to affect, or affecting, the structure or any function of the body of man or other animals; and

(4) Articles intended for use, or used, as a component of any articles specified in clauses (1), (2), or (3) of this section, but does not include mechanical devices or their components, parts, or accessories.
34-20B-3. "Controlled drug or substance" defined. For the purposes of this chapter, unless the context otherwise requires, "controlled drug or substance" means a drug, substance, or immediate precursor in Schedules I through IV of §§ 34-20B-11 to 34-20B-26, inclusive.

34-20B-4. "Precursor" defined. For the purposes of this chapter, unless the context otherwise requires, "precursor" or "immediate precursor" means a substance which the department has found to be and by regulation designates as being a principal compound commonly used or produced primarily for use, and which is an immediate chemical intermediary used or likely to be used, in the manufacture of a controlled drug or substance, the control of which is necessary to prevent, curtail, or limit such manufacture.

34-20B-4.1. Anabolic steroid defined. An anabolic steroid is any drug or hormonal substance, chemically and pharmacologically related to testosterone, other than estrogens, progestins, and corticosteroids, that promotes muscle growth and includes:

1. Androstanediol:
   (a) 3.,17.-dihydroxy-5a-androstan-3-one;
   (b) 3.,17.-dihydroxy-5a-androstan-3-one;
2. Androstanedione (5.-androstan-3,17-dione);
3. Androstenediol:
   (a) 1-androstenediol (3.,17.-dihydroxy-5.-androstan-3,17-dione);
   (b) 1-androstenediol (3.,17.-dihydroxy-5.-androstan-3,17-dione);
   (c) 4-androstenediol (3.,17.-dihydroxy-androstan-4,17-dione);
   (d) 5-androstenediol (3.,17.-dihydroxy-androstan-5,17-dione);
4. Androstenedione:
   (a) 1-androstenedione ([5.-androstan-3,17-dione);
   (b) 4-androstenedione (androstan-4,17-dione);
   (c) 5-androstenedione (androstan-5,17-dione);
5. Bolasterone (7.,17.-dimethyl-17.-hydroxyandrostan-4,17-dione);
6. Boldenone (17.-hydroxyandrostan-1,4-diene-3-one);
7. Calusterone (7.,17.-dimethyl-17.-hydroxyandrostan-4,17-dione);
8. Clostebol (4-chloro-17.-hydroxyandrostan-4,17-dione);
9. Dehydrochloromethyltestosterone (4-chloro-17.-hydroxyandrostan-4,17-dione);
10. 1-dihydrotestosterone (a.k.a. '1-testosterone') (17.-hydroxyandrostan-4,17-dione);
11. 4-dihydrotestosterone (17.-hydroxyandrostan-4,17-dione);
12. Drostanolone (17.-hydroxyandrostan-4,17-dione);
13. Ethylestrenol (17.-ethylen-17.-hydroxyestrano[2,3-c]-furan);
14. Fluoxymesterone (9-fluoro-17.-methyl-17.-dihydroxyandrostan-4,17-dione);
15. Formebolone (2-formyl-17.-methyl-17.-dihydroxyandrostan-4,17-dione);
16. Furazabol (17.-methyl-17.-hydroxyandrostan-4,17-dione);
17. 13.-ethyl-17.-hydroxyandrostano[2,3-c]-furazan);
18. 4-hydroxytestosterone (4,17.-dihydroxyandrostan-4,17-dione);
19. 4-hydroxy-19-nortestosterone (4,17.-dihydroxyestrano[2,3-c]-furazan);
(20) Mestanolone (17.-methyl-17.-hydroxy- 5.-androstan-3-one);
(21) Mesterolone (1.-methyl-17.-hydroxy-[5.-androstan-3-one);
(22) Methandienone (17.-methyl-17.-hydroxyandrost-1,4-dien- 3-one);
(23) Methandriol (17.-methyl-3.,17.- dihydroxyandrost-5-ene);
(24) Methenolone (1-methyl-17.-hydroxy-5.-androst-1-en-3- one);
(25) 17.-methyl-3.,17.-dihydroxy-5a-androstanone;
(26) 17.-methyl-3.,17.-dihydroxy-5a-androstanone;
(27) 17.-methyl-3.,17.-dihydroxyandrost-4-ene;
(28) 17.-methyl-4-hydroxynandrolone (17.-methyl-4-hydroxy- 17.-hydroxyestra-4-en-3-one);
(29) Methyltestosterone (17.-methyl-17.-hydroxy-5.-androst-1-en-3-one);
(30) Methyldienolone (17.-methyl-17.-hydroxyestra-4,9(10)- dien-3-one);
(31) Methyltrienolone (17.-methyl-17.-hydroxyestra-4,9-11- trien-3-one);
(32) Mibolerone (7.,17.-dimethyl-17.- hydroxyestra-4-en-3-one);
(33) 17.-methyl-1-dihydrotestosterone (17b.-hydroxy-17.-methyl-5.- androst-1-en-3-one) (also known as 17.-methyl-1-testosterone);
(34) Nandrolone (17.-hydroxyestra-4-en-3-one);
(35) Norandrostenediol:
   (a) 19-nor-4-androstenediol (3.,17.-dihydroxyestra-4-en-ene);
   (b) 19-nor-4-androstenediol (3.,17.-dihydroxyestra-4-en-ene);
   (c) 19-nor-5-androstenediol (3.,17.-dihydroxyestra-5-en-ene);
   (d) 19-nor-5-androstenediol (3.,17.-dihydroxyestra-5-en-ene);
(36) Norandrostenedione:
   (a) 19-nor-4-androstenedione (estr-4-en-3,17-dione);
   (b) 19-nor-5-androstenedione (estr-5-en-3,17-dione);
(37) Norbolethone (13.,17.-diethyl-17.-hydroxygon-4-en-3-one);
(38) Norclostebol (4-chloro-17.-hydroxyestra-4-en-3-one);
(39) Norethandrolone (17.-ethyl-17.-hydroxyestra-4-en-3-one);
(40) Normethandrolone (17.-methyl-17.-hydroxyestra-4-en-3-one);
(41) Oxandrolone (17.-methyl-17.-hydroxy-2-oxa-[5.-androstan-3-one);
(42) Oxymesterone (17.-methyl-4,17.-dihydroxyandrost-4-en- 3-one);
(43) Oxymetholone (17.-methyl-2-hydroxymethylene-17.- hydrox-[5.-androstan-3-one);
(44) Stanozolol (17.-methyl-17.-hydroxy-[5.-androst-2-eno[3,2-c]-pyrazole);
(45) Stenbolone (17.-hydroxy-2-methyl-[5.-androst-1-en-3-one);
(46) Testolactone (13-hydroxy-3-oxo-13,17-secoandrosta-1,4-dien-17-ohic lactone);
(47) Testosterone (17.-hydroxyandrost-4-en-3-one);
(48) Tetrahydrogestrinone (13.,17.-diethyl-17.-hydroxygon-4,9,11-trien-3-one);
(49) Trenbolone (17.-hydroxyestra-4,9,11-trien-3-one);
(50) Any salt, ester, or ether of a drug or substance described or listed in this section,
    if that salt, ester, or ether promotes muscle growth.

The term, anabolic steroid, as defined in this section, does not include an anabolic steroid
which is expressly intended for administration through implants to cattle or other nonhuman
species. However, if any person prescribes, dispenses, or distributes such a steroid for human
use, the person shall be considered to have prescribed, dispensed, or distributed an anabolic
steroid within the meaning of this section.

34-20B-10. Scheduled substances to be controlled--Nomenclature in schedules. All controlled drugs and substances listed in §§ 34-20B-11 to 34-20B-26, inclusive, are hereby controlled. The schedules set forth in said sections include the controlled drugs and substances listed or to be listed, by whatever official name, common or usual name, or trade name designated.

34-20B-11. Criteria for inclusion of substance in Schedule I. To be included within Schedule I, a substance shall have:

1. A high potential for abuse;
2. No accepted medical use in the United States; and
3. A lack of accepted safety for use under medical supervision.

34-20B-12. Specific substances included in Schedule I. Any of the following substances, including their isomers, esters, ethers, salts, and salts of isomers, esters, and ethers, is included in Schedule I, unless specifically excepted, whenever the existence of such isomers, esters, ethers, and salts is possible within the specific chemical designation:

1. Acetylmethadol;
2. Allylprodine;
3. Alphacetylmethadol, except levo-alphacetylmethadol, also known as levo-alpha-acetylmethadol, levomethadyl acetate or LAAM;
4. Alphameprodine;
5. Alphamethadol;
6. Benzethidine;
7. Betacetylmethadol;
8. Betameprodine;
9. Betamethadol;
10. Betaprodine;
11. Clonitazene;
12. Dextromoramide;
13. Diampropidine;
14. Diethylamibutene;
15. Dimenoxadol;
16. Dimephtanol;
17. Dimethylamibutene;
18. Dioxaphetyl butyrate;
19. Dipipanone;
20. Ethylmethylthiambutene;
21. Etonitazene;
22. Etoxeridine;
23. Furethidine;
24. Hydroxypethidine;
25. Ketobemidone;
26. Levomoramide;
27. Levophenacylmorphan;
28. Mecloqualone;
(29) Morpheridine;
(30) Noracymethadol;
(31) Norlevorphanol;
(32) Normethadone;
(33) Norpipanone;
(34) Phenadoxone;
(35) Phenampromide;
(36) Phenomorphin
(37) Phenoperidine;
(38) Piramamide;
(39) Proheptazine;
(40) Properidine;
(41) Racemoramide;
(42) Trimeperidine;
(43) Methaqualone;
(44) N-benzylpiperazine.

34-20B-13. Opium derivatives specifically included in Schedule I. Any of the following opium derivatives, their salts, isomers, and salts of isomers, is included in Schedule I, unless specifically excepted, whenever the existence of such salts, isomers, and salts of isomers is possible within the specific chemical designation:

(1) Acetylcodone
(2) Benzylmorphine
(3) Codeine methylbromide
(4) Codeine-N-Oxide
(5) Desomorphine
(6) Drotebanol
(7) Heroin
(8) Hydromorphinol
(9) Methyldehydromorphine
(10) Methylhydromorphine
(11) Morphine methylbromide
(12) Morphine methylsulfonate
(13) Morphine-N-Oxide
(14) Myrophine
(15) Nicocodeine
(16) Nicomorphine
(17) Normorphine
(18) Thebacon
(19) 3-Methylfentanyl
(20) Fentanyl analogs, except those which are specifically listed in other schedules
(21) 1-Methyl-4-phenyl-4-propionoxypiperidine
(22) 1-(2-phenethyl)-4-phenyl-4-acetoxyxypiperidine.

34-20B-14. Hallucinogenic substances specifically included in Schedule I. Any material, compound, mixture, or preparation which contains any quantity of the following hallucinogenic substances, their salts, isomers, and salts of isomers, is included in Schedule I, unless specifically excepted, whenever the existence of such salts, isomers, and salts of isomers is possible within the specific chemical designation:

(1) Bufotenine;
(2) Diethyltryptamine;
(3) Dimethyltryptamine;
(4) 5-methoxy-N, N-Dimethyltryptamine;
(5) 5-methoxy-3, 4-methylenedioxo amphetamine;
(6) 4-bromo-2, 5-dimethoxymphetamine;
(7) 4-methoxyamphetamine;
(8) 4-methoxymethamphetamine;
(9) 4-methyl-2, 5-dimethoxyamphetamine;
(10) Hashish and hash oil;
(11) Iboagaine;
(12) Lysergic acid diethylamide;
(13) Mescaline;
(14) N-ethyl-3-piperidyl benzilate;
(15) N-methyl-3-piperidyl benzilate;
(16) 1-((2-thienyl)cyclohexyl) piperidine;
(17) Peyote, except that when used as a sacramental in services of the Native American church in a natural state which is unaltered except for drying or curing and cutting or slicing, it is hereby excepted.;
(18) Psilocybin;
(19) Psilocyn;
(20) Tetrahydrocannabinol, other than that which occurs in marijuana in its natural and unaltered state;
(21) 3, 4, 5-trimethoxy amphetamine;
(22) 3, 4-methylenedioxo amphetamine;
(23) 3-methoxyamphetamine;
(24) 2, 5-dimethoxymphetamine;
(25) 2-methoxymphetamine;
(26) 2-methoxymethamphetamine;
(27) 3-methoxymethamphetamine;
(28) Phencyclidine;
(29) 3, 4-methylenedioxymethamphetamine (MDMA);
(30) 3, 4-methylenedioxo-N-ethylamphetamine;
(31) N-hydroxy-3, 4-methylenedioxoamphetamine;
(32) 4-methylaminorex (also known as 2-Amino-4-methyl/x-5-phenyl-2-oxazoline);
(33) 2,5 Dimethoxy-4-ethylamphetamine;
(34) N,N-Dimethylamphetamine;
(35) 1-(1-(2-thienyl)cyclohexyl)pyrrolidine;
(36) Aminorex;
(37) Cathinone;
(38) Methcathinone;
(39) 2,5-Dimethoxy-4-ethylamphetamine (DOET);
(40) Alpha-ethyltryptamine;
(41) 4-Bromo-2, 5-dimethoxy phenethylamine;
(42) 2,5-dimethoxy-4-(n)-propylthiophenethylamine (2C-T-7);

(43) 1-(3-trifluoromethylphenyl) piperazine (TFMPP);
(44) Alpha-methyltryptamine (AMT);
(45) 5-methoxy-N,N-diisopropyltryptamine (5-MeO-DIPT).

34-20B-15. Criteria for inclusion of substances in Schedule II. To be included within Schedule II, a substance shall have:

(1) A high potential for abuse,
(2) Currently accepted medical use in the United States, or currently accepted medical use with severe restrictions, and
(3) Abuse which may lead to severe psychic or physical dependence.

34-20B-16. Substances specifically included in Schedule II. Any of the following substances including their salts, isomers, and salts of isomers is included in Schedule II except those narcotic drugs listed in other schedules whether produced directly or indirectly by extraction from substances of vegetable origin, or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis:

(1) Opium, coca leaves, and opiate;
(2) Any salt, compound, derivative, or preparation of opium, coca leaves, or opiate, excluding apomorphine, dextromorphan, and naloxone;
(3) Any salt, compound, derivative, or preparation thereof which is chemically equivalent or identical with any of the substances referred to in subdivisions (1) and (2), except that these substances may not include decocainized coca leaves or extraction of coca leaves, which extractions do not contain cocaine or ecgonine; and may not include the isoquinoline alkaloids of opium;
(4) Opium poppy and poppy straw;
(5) Amphetamine;
(6) Methamphetamine;
(7) Amobarbital;
(8) Pentobarbital;
(9) Secobarbital;
(10) Methylphenidate;
(11) Phenmetrazine;
(12) Etorphine;
(13) Diprenorphine;
(14) Deleted by SL 2000, ch 170, § 1;
(15) Nabilone;
(16) Glutethimide;
(17) Phencyclidine immediate precursors:
(a) 1-phenylcyclohexylamine;
(b) 1-piperidinocyclohexanecarbonitrile (PCC);
(18) Lisdexamfetamine, its salts, isomers, and salts of its isomers.

34-20B-17. Opiates specifically included in Schedule II. Any of the following opiates, including their isomers, esters, ethers, salts, and salts of isomers, esters and ethers, is included in Schedule II, unless specifically excepted, whenever the existence of such isomers, esters, ethers, and salts is possible within the specific chemical designation:

(1) Alphaprodine;
(2) Anileridine;
(3) Bezitramide;
(4) Diphenoxylate;
(5) Fentanyl;
(6) Isomethadone;
(7) Levomethorphan;
(8) Levorphanol;
(9) Metazocine;
(10) Methadone;
(11) Methadone-intermediate, 4-cyano-2-dimethylamine-1, 4-diphenyl butane;
(12) Moramide-intermediate, 2-methyl-3-morpholino-1, 1-diphenylpropane-carboxylic acid;
(13) Pethidine;
(14) Pethidine-intermediate, A, 4-cyano-1-methyl-4-phenylpiperidine;
(15) Pethidine-intermediate, B, ethyl-4-phenylpiperidine-4-carboxylate;
(16) Pethidine-intermediate, C, 1-methyl-4-phenylpiperidine-4-carboxylic acid;
(17) Phenazocine;
(18) Piminodine;
(19) Racemethorphan;
(20) Racemorphan;
(21) Sufentanil;
(22) Alfentanil;
(23) Carfentanil;
(24) Levo-alphacetylmethadol, also known as levo-alpha-acetylmethadyl acetate or LAAM;
(25) Remifentanil;
(26) Oxymorphone;
(27) Oripavine (3-O-demethylthebaine or 6,7,8,14-tetrahydro-4,5-alpha-epoxy-6-methoxy-17-methylmorphinan-3-ol).

34-20B-18. Criteria for inclusion of substances in Schedule III. To be included within Schedule III, a substance shall have:

(1) A potential for abuse less than the substances listed in Schedules I and II;
(2) Well documented and approved medical use in the United States; and
(3) Abuse which may lead to moderate or low physical dependence or high psychological dependence.

34-20B-19. Stimulants specifically included in Schedule III. Any material, compound, mixture, or preparation is included in Schedule III which contains any quantity of the following substances having a potential for abuse associated with a stimulant effect on the central nervous system:

1. Benzphetamine;
2. Chlorphentermine;
3. Phendimetrazine;
4. Ephedrine.

34-20B-19.1. Ephedrine defined. For the purposes of § 34-20B-19, the term, ephedrine includes ephedra, herbs and herbal products that contain ephedrine alkaloids, including ma huang, Chinese ephedra, ephedra sinica, ephedra herb powder, epitonin, or any extract of those substances, but the term does not include any drug that contains ephedrine and is lawfully sold, transferred, or furnished over the counter with or without a prescription pursuant to § 34-20B-21.

34-20B-20. Depressants specifically included in Schedule III. Any material, compound, mixture, or preparation is included in Schedule III which contains any quantity of the following substances having a potential for abuse associated with a depressant effect on the central nervous system:

1. Any substance which contains any quantity of a derivative of barbituric acid, or any salt of a derivative of barbituric acid, except those substances which are specifically listed in other schedules;
2. Chloral betaine;
3. Chloral hydrate;
4. Chlorhexadol;
5. Lysergic acid;
6. Lysergic acid amide;
7. Methyprylon;
8. Sulfondiethylmethane;
9. Sulfonethylmethane;
10. Sulfonmethane;
11. Amobarbital, pentobarbital, and secobarbital in suppository dosage form;
12. Gamma hydroxy butyrate;
13. Dronabinol;
14. Buprenorphine;
15. Embutramide.

34-20B-20.1. Gamma hydroxyl butyrate defined. For the purposes of § 34-20B-20, the term, gamma hydroxyl butyrate, includes gamma-butyrolactone, 1,4-butanediol or any other substances which convert to gamma hydroxyl butyrate upon ingestion. However, the term does
not include any product which is lawfully used for mechanical, industrial, manufacturing, or scientific purposes.

**34-20B-21.** Exception from Schedule III of stimulants and depressants used in medicinal preparations. The department may by rules promulgated pursuant to chapter 1-26 except any compound, mixture, or preparation containing any stimulant, depressant substance, or anabolic steroid listed in §§ 34-20B-19, 34-20B-20, and 34-20B-22 if the compound, mixture, or preparation contains one or more active medicinal ingredients not having a stimulant, depressant, or anabolic steroid effect. Such admixtures shall be included therein in such combinations, quantity, proportion, or concentration as to vitiate the potential for abuse of the substances which do have a stimulant, depressant, or anabolic steroid effect.

**34-20B-22.** Specific substances included in Schedule III. The following are included in Schedule III:

1. Nalorphine;
2. Preparations which contain both Tiletamine and Zolazepam;
3. Anabolic steroids as listed in § 34-20B-4.1;
4. Ketamine.

**34-20B-23.** Narcotics specifically included in Schedule III. Any material, compound, mixture, or preparation containing limited quantities of any of the following narcotic drugs or any salts thereof is included in Schedule III:

1. Not more than 1.80 grams of codeine per 100 milliliters or not more than 90 milligrams per dosage unit, with an equal or greater quantity of isoquinoline alkaloid of opium.
2. Not more than 1.80 grams of codeine per 100 milliliters or not more than 90 milligrams per dosage unit, with one or more active, non-narcotic ingredients in recognized therapeutic amounts.
3. Not more than 300 milligrams of dihydrocodeinone per 100 milliliters or not more than 15 milligrams per dosage unit, with a fourfold or greater quantity of isoquinoline alkaloid of opium.
4. Not more than 300 milligrams of dihydrocodeinone per 100 milliliters or not more than 15 milligrams per dosage unit, with one or more active, non-narcotic ingredients in recognized therapeutic amounts.
5. Not more than 1.80 grams of dihydrocodeine per 100 milliliters or not more than 90 milligrams per dosage unit, with one or more active, non-narcotic ingredients in recognized therapeutic amounts.
(6) Not more than 300 milligrams of ethylmorphine per 100 milliliters or not more than 15 milligrams per dosage unit, with one or more active, non-narcotic ingredients in recognized therapeutic amounts.

(7) Not more than 500 milligrams of opium per 100 milliliters or per 100 grams, or not more than 25 milligrams per dosage unit, with one or more active, non-narcotic ingredients in recognized therapeutic amounts.

(8) Not more than 50 milligrams of morphine per 100 milliliters or per 100 grams with one or more active, non-narcotic ingredients in recognized therapeutic amounts.

34-20B-24. Criteria for inclusion of substances in Schedule IV. To be included within Schedule IV, a substance shall have:

(1) A low potential for abuse relative to the substances listed in Schedule III;

(2) Currently accepted medical use in the United States; and

(3) Limited physical dependence or psychological dependence liability or potential, or both, relative to the substances listed in Schedule III.

34-20B-25. Substances specifically included in Schedule IV. The following are included in Schedule IV:

(1) Chlordiazepoxide, but not including librax (chlordiazepoxide hydrochloride and clindinium bromide) or menrium (chlordiazepoxide and water soluble esterified estrogens);

(2) Clonazepam;

(3) Clorazepate;

(4) Diazepam;

(4A) Flunitrazepam;

(5) Flurazepam;

(6) Mebutamate;

(7) Oxazepam;

(8) Prazepam;

(9) Lorazepam;

(10) Triazolam;

(11) Any substance which contains any quantity of a benzodiazepine, or salt of benzodiazepine, except those substances which are specifically listed in other schedules;

(12) Repealed by SL 2003, ch 183, § 4;

(13) Cathine;

(38) Zaleplon;
(39) Dichloralphenazone;
(40) Zopiclone (also known as eszopiclone), including its salts, isomers, and salts of isomers;
(41) Pregabalin.

34-20B-26. Narcotic compounds specifically included in Schedule IV. Any compound, mixture, or preparation containing limited quantities of any of the following narcotic drugs is included in Schedule IV which shall include one or more non-narcotic active medicinal ingredients in sufficient proportion to confer upon the compound, mixture, or preparation, valuable medicinal qualities other than those possessed by the narcotic drug alone:

(1) Not more than 200 milligrams of codeine per 100 milliliters or per 100 grams.

(2) Not more than 100 milligrams of dihydrocodeine per 100 milliliters or per 100 grams.

(3) Not more than 50 milligrams of ethylmorphine per 100 milliliters or per 100 grams.

(4) Not more than 2.5 milligrams of diphenoxylate and not less than 25 micrograms of atropine sulfate per dosage unit.

(5) Not more than 100 milligrams of opium per 100 milliliters or per 100 grams, or not more than 5 milligrams per dosage unit.

(6) Not more than 0.5 milligrams of difenoxin and not less than twenty-five micrograms of atropine sulfate per dosage unit.

(7) Repealed by SL 1990, ch 270, § 3.

34-20B-27. Recommendations for addition, deletion, or rescheduling of scheduled substances. The department shall make recommendations to the Legislature that a substance be added, deleted, or rescheduled when the department determines that such substance has a different potential for abuse.

34-20B-28. Substances not subject to control as precursors of precursors. If the department designates a substance as an "immediate precursor," substances which are precursors of such designated immediate precursors shall not be subject to control solely because they are precursors of the controlled precursor.

34-20B-28.1. Definition of terms applicable to code imprinted drugs. Terms used in §§ 34-20B-28.2 to 34-20B-28.6, inclusive, unless the context plainly otherwise requires, mean:

1. "Code imprint," a series of letters or numbers assigned by the manufacturer or distributor to a specific drug, or marks or monograms unique to the manufacturer or distributor of the drug, or both;

2. "Distributor," a person who distributes for resale a drug in solid dosage form under his own label even though he is not the actual manufacturer of the drug;

3. "Legend drug," any drug defined by section 503(b) of the Federal Food, Drug and Cosmetic Act, as amended on January 15, 1980, and under which definition its label is required to bear the statement "Caution: Federal law prohibits dispensing without prescription";

34-20B-28.2. Code imprintation required. No legend drug in solid dosage form may be manufactured or distributed in this state unless it is clearly marked or imprinted with a code imprint identifying the drug and the manufacturer or distributor of the drug.

34-20B-28.3. Manufacturers' and distributors' identifying listings. All manufacturers and distributors of legend drugs in solid dosage form shall provide upon request to the Board of Pharmacy a listing of all such legend drugs identifying by code imprint the manufacturer and the specific type of drug. Such listing shall at all times be kept current by all manufacturers and distributors subject to §§ 34-20B-28.1 to 34-20B-28.6, inclusive.

34-20B-28.4. Exemptions--Granting on appropriate showing--Inclusion in listings. The Board of Pharmacy may grant exemptions from the requirements of §§ 34-20B-28.1 to 34-20B-28.6, inclusive, upon application by any drug manufacturer or distributor showing size, physical characteristics, or other unique characteristics which render the application of a code imprint to a legend drug subject to §§ 34-20B-28.1 to 34-20B-28.6, inclusive, impractical or impossible. Any such exemption granted by the board shall be included by the manufacturer or distributor in the listing required by § 34-20B-28.3, describing the physical characteristics and type of drug to which the exemption relates.

34-20B-28.5. Contraband--Seizure and forfeiture. All legend drugs in solid dosage form that are possessed, distributed, sold, or offered for sale in violation of the provisions of §§ 34-20B-28.1 to 34-20B-28.6, inclusive, shall be deemed contraband and shall be seized by the Board of Pharmacy and summarily forfeited to the state.

34-20B-28.6. Dispensing or sale without code imprint--Misdemeanor. It is a Class 2 misdemeanor for a person to dispense, sell or otherwise provide to any other person any legend drug in solid dosage form that fails to comply with §§ 34-20B-28.1 to 34-20B-28.5, inclusive.

34-20B-29. Registration of prescribers, manufacturers, distributors, and dispensers of controlled drug or substance. Any person who prescribes, manufactures, distributes, or dispenses any controlled drug or substance within this state or who proposes to engage in the prescribing, manufacture, distribution, or dispensing of any controlled drug or substance within this state, shall obtain a registration issued by the department according to the rules promulgated under this chapter.

34-20B-30. Exemptions from annual registration requirements. The following persons shall not be required to register under the provisions of § 34-20B-29:

(1) An agent, or an employee thereof, of any manufacturer, distributor, or dispenser of any controlled drug or substance if such agent is acting in the usual course of his business or employment;

(2) A common or contract carrier or warehouseman, or an employee thereof, whose possession of any controlled drug or substance is in the usual course of his business or employment;

(3) A person in possession of any controlled drug or substance pursuant to a lawful order of a practitioner.

34-20B-32. Waiver of registration requirement by regulation. The department may, by regulation, waive the requirement for registration of certain manufacturers, distributors, or dispensers if the department finds it consistent with the public health and safety.

34-20B-35. Criteria for registration of manufacturers and distributors. The department shall register an applicant to manufacture and distribute controlled drugs and substances included in Schedules I through IV of §§ 34-20B-11 to 34-20B-26, inclusive, unless it is determined that the issuance of such registration is inconsistent with the public interest. In determining the public interest, the following factors shall be considered:

1. Maintenance of effective controls against diversion of particular controlled drugs and substances and any Schedule I or II substance compounded therefrom into other than legitimate medical, scientific, or industrial channels;

2. Compliance with the applicable state and local law;

3. Prior conviction record of applicant under federal and state laws relating to the manufacture, distribution, or dispensing of such substances;

4. Past experience in the manufacture of controlled drugs and substances, and the existence in the establishment of effective controls against diversion; and

5. Such other factors as may be relevant to and consistent with the public health and safety.

34-20B-36. Authorized Schedule I and II substances to be specified in manufacturer's or distributor's registration. Registration granted under § 34-20B-29 shall not entitle a registrant to manufacture and distribute controlled drugs and substances in Schedules I and II other than those specified in the registration.

Source: SL 1970, ch 229, § 9 (g); SDCL Supp, § 39-17-79.

34-20B-37. Practitioners registered to dispense Schedule II, III, and IV substances. Practitioners shall be registered to dispense substances in Schedules II through IV if they are authorized to dispense under the law of this state.

34-20B-39. Inventories and records of controlled substances required of registrants. Each registrant manufacturing, distributing, or dispensing controlled drugs and substances in Schedules I, II, III, or IV shall maintain complete and accurate records of all stocks of such drugs and substances on hand. Records and inventories shall contain such information as shall be provided by rules and regulations promulgated by the department. All records required under this section shall be kept for a period of at least two years. This section shall not apply to practitioners who lawfully prescribe or administer, but not otherwise dispense, controlled drugs and substances listed in Schedules II, III, or IV of this chapter.

34-20B-41. Promulgation of rules by department--Fees. The department may promulgate rules pursuant to chapter 1-26 relating to exclusions from uniform drug articles pursuant to subdivision 34-20B-2(1); the definition of precursors; exceptions from Schedule III of stimulants, depressants, and anabolic steroid-estrogen combinations in medicinal preparations; the registration of manufacturers, distributors, and dispensers; waivers of registration; the suspending, revoking, surrendering, transferring, and reinstating of registration; inventories and records of controlled substances establishing minimum standards for prescribing and dispensing practices, labeling and security requirements and the issuance of prescriptions as provided by this chapter and chapter 22-42; and the inspection of registered premises. The department may charge reasonable fees relating to the registration and control of the manufacture, distribution, and dispensing of controlled drugs and substances within this state. No fee may exceed one hundred fifty dollars.

34-20B-42. Unauthorized manufacture or distribution by registrant prohibited—Civil fine—Knowing violation as felony. No person who is a registrant shall manufacture, distribute, or dispense a controlled drug or substance not authorized by his registration to another registrant or other authorized person. A violation of this section may be punished by a civil fine of not more than ten thousand dollars. In addition, if the violation was done knowingly, it is a Class 5 felony.

34-20B-43. Omission or removal of required symbol prohibited—Civil fine—Knowing violation as misdemeanor. No person shall omit, remove, alter, or obliterate a symbol required by this chapter. A violation of this section may be punished by a civil fine of not more than ten thousand dollars. In addition, if the violation was done knowingly, it is a Class 1 misdemeanor.

34-20B-44. Failure to keep or furnish required record or report prohibited—Civil fine—Knowing violation as felony. No person shall refuse or fail to make, keep, or furnish any record, report, notification, order form, statement, invoice, or information required under this chapter. A violation of this section may be punished by a civil fine of not more than ten thousand dollars. In addition, if the violation was done knowingly, it is a Class 6 felony.

34-20B-54. Cooperation by department with federal and state agencies. The Department of Health shall, in addition to other powers and duties vested in it by this chapter or any other act, cooperate with federal and other state agencies in discharging its responsibilities concerning traffic in drugs and substances.
Codified Law 34-20B – Drugs and Substance Control

34-20B-55. Centralized statistical unit--Availability of information. The Department of Health shall cooperate with the federal drug enforcement administration by establishing a centralized unit which shall accept, catalogue, file, and collect statistics, and make such information available for federal, state, and local law enforcement purposes.

34-20B-56. State agencies to cooperate with department. It shall be the duty of all departments, officers, agencies, and employees of the State of South Dakota to cooperate with the Department of Health in carrying out its functions under this chapter or any other act.

34-20B-57. Exchange of information between governmental officials. The Department of Health shall, in addition to other powers and duties vested in it by this chapter or any other act, arrange for the exchange of information between governmental officials concerning the use and abuse of drugs and substances.

34-20B-61. Law enforcement and cooperation by Division of Criminal Investigation and state’s attorneys. It is hereby made the duty of the Division of Criminal Investigation, its officers, agents, inspectors, and representatives, and of all state’s attorneys, to enforce all provisions of this chapter, except those specifically delegated, and to cooperate with all agencies charged with the enforcement of the laws of the United States, of this state, and of all other states, relating to controlled drugs and substances.

34-20B-62. Attorney general to enforce chapter. The Office of the Attorney General shall retain authority for all prosecutions and other actions at law in the enforcement of this chapter.

34-20B-63. Special powers of agents of Division of Criminal Investigation. Any officer or employee of the Division of Criminal Investigation designated by the attorney general may:

(1) Carry firearms;

(2) Execute and serve search warrants, arrest warrants, administrative inspection warrants, subpoenas, and summonses issued under the authority of this state;

(3) Make arrests without warrant for any offense under this chapter committed in his presence, or if he has probable cause to believe that the person to be arrested has committed or is committing a felony;

(4) Make seizures of property pursuant to the provisions of this chapter; and

(5) Perform such other law enforcement duties as the chief agent may designate.

34-20B-64. Drug control fund created--Administration by attorney general--Expenditures--Excess funds. There is hereby created in the state treasury a special revolving fund to be known as the "drug control fund," which shall be administered by the attorney general. The attorney general may authorize expenditure of moneys in the fund for purchase of controlled drugs and substances, as defined in this chapter, by authorized agents of the attorney general from unregistered dispensers and distributors. All disbursements from the fund shall be made on warrants drawn by the state auditor on vouchers approved by the attorney general. Any moneys in the fund in excess of two hundred fifty thousand dollars shall be available for distribution by the attorney general. Upon application by any local law enforcement agency, any drug law enforcement task force or the division of highway patrol, the attorney general may authorize release of any such available moneys in the fund for the purpose of assisting local law enforcement agencies in drug control and drug offender apprehension efforts.

34-20B-69. Jury trial of violations of injunction. In case of an alleged violation of an injunction or restraining order issued under § 34-20B-68, trial shall, upon demand of the accused, be by jury in accordance with the rules of the state courts.

34-20B-70. Property subject to forfeiture. The following are subject to forfeiture and no property right exists in them:

1. All controlled drugs and substances and marijuana which have been manufactured, distributed, dispensed, or acquired in violation of the provisions of this chapter or chapter 22-42;

2. All raw materials, products, and equipment of any kind which are used or intended for use, in manufacturing, compounding, processing, importing, or exporting any controlled drug or substance or marijuana in violation of the provisions of this chapter or chapter 22-42;

3. All property which is used, or intended for use, as a container for property described in subdivisions (1) and (2);

4. All conveyances including aircraft, vehicles, or vessels, which transport, possess, or conceal, or which are used, or intended for use, to transport, or in any manner facilitate the transportation, sale, receipt, possession, or concealment of marijuana in excess of one-half pound or any quantity of any other property described in subdivision (1) or (2), except as provided in §§ 34-20B-71 to 34-20B-73, inclusive. This subdivision includes those instances in which a conveyance transports, possesses or conceals marijuana or a controlled substance as described herein without the necessity of showing that the conveyance is specifically being used to transport, possess, or conceal or facilitate the transportation, possession, or concealment of marijuana or a controlled substance in aid of any other offense;
Codified Law 34-20B – Drugs and Substance Control

(5) All books, records, and research, including formulas, microfilm, tapes, and data which are used, or intended for use, in violation of this chapter;

(6) Any funds or other things of value used for the purposes of unlawfully purchasing, attempting to purchase, distributing, or attempting to distribute any controlled drug or substance or marijuana;

(7) Any assets, interest, profits, income, and proceeds acquired or derived from the unlawful purchase, attempted purchase, distribution, or attempted distribution of any controlled drug or substance or marijuana.

34-20B-70.1. Real property subject to forfeiture--Notice--Knowledge of owner. All real property, including any right, title, and interest in the whole of any platted lot or tract of land which shall be measured in three hundred twenty acre increments, or all of any smaller amount and any appurtenances or improvements, which is used, or intended to be used, in any manner or part, to commit or to facilitate the commission of the manufacturing, compounding, processing, delivering, importing, cultivating, exporting, transporting, or exchanging of a controlled substance or ten or more pounds of marijuana, that has not been lawfully manufactured, distributed, dispensed, and acquired is subject to forfeiture under this section. Forfeiture under this chapter of real property encumbered by a bona fide security interest is subject to the interest of the secured party unless the secured party had actual knowledge of the act upon which the forfeiture is based. Notice of forfeiture proceedings shall be given each owner or secured party whose right, title, or interest is of record, at the time of the seizure, with the secretary of state or the register of deeds in the county where such real property is located. A person claiming a security interest bears the burden of establishing that interest by a preponderance of the evidence. No real property may be forfeited under the provisions of this chapter by reason of any act committed by a person other than an owner of the property unless that owner had actual knowledge that the real property was used or intended for use in any of the manners set forth in this chapter.

34-20B-71. Common carrier property exempt from forfeiture--Exception. Notwithstanding subdivision 34-20B-70(4), no conveyance used by any person as a common carrier in the transaction of business as a common carrier shall be forfeited under the provisions of §§ 34-20B-74 to 34-20B-89, inclusive, unless it shall appear that the owner or other person in charge of such conveyance was a consenting party or privy to a violation of this chapter.

34-20B-79. Forfeited property taken subject to security interest—Procedure—Exception when secured party had knowledge of unlawful use. Properties, as described in subdivisions 34-20B-70(4), (6), and (7) and § 34-20B-70.1, which are subject to a bona fide perfected security interest at the time of seizure of personal property or in the case of real property, at the time the offense was committed, and forfeited under the provisions of §§ 34-20B-74 to 34-20B-89, inclusive, or § 34-20B-70.1 shall be taken by the chief agent subject to the security interest. Any real property security interest perfected after the time the offense was committed and before seizure of the property commences may not be affected by this section, or § 34-20B-70.1, unless the chief agent proves by a preponderance of the evidence that the secured party had actual knowledge of the offense at the time the secured interest was perfected. Seizure of real property under § 34-20B-70.1 is commenced by filing a notice of lis pendens pursuant to chapter 15-10. The chief agent shall at his option within sixty days of the forfeiture of the properties:

1. Return the properties to the possession of the secured party;
2. Satisfy fully all indebtedness to the secured party secured by the properties;
3. Return the properties to the possession of the secured party and require the secured party to sell within sixty days of receipt of the properties from the chief agent at public or private sale the properties and retain all proceeds necessary to satisfy fully all indebtedness of the secured party secured by the properties together with all reasonable costs of the sale and remit to the chief agent all excess proceeds within thirty days of the sale. If the property to be sold is real property, the secured party may have a reasonable period of time after receipt to effect sale; or
(4) In the case of real property, compensate any co-owner or joint owner whose interest has not been forfeited and whose interest was of record at the time the offense was committed, their proportionate share of that interest or transfer the forfeited interest to the remaining co-owner or joint owner.

If the secured party knew or, except in the case of real property, should have known, that the properties were being used or intended for use to transport, sell or purchase any property described in subdivisions 34-20B-70(1) and (2) or in the violation of the provisions of § 34-20B-70.1, the provisions of this section do not apply to such properties.

34-20B-80. Forfeiture proceeding as civil action--Standard of proof. Forfeiture proceedings shall be civil actions against the property seized and the standard of proof shall be preponderance of the evidence.

34-20B-81. Unlawful substances deemed contraband--Summary forfeiture. All property described in subdivision 34-20B-70(1) shall be deemed contraband and shall be summarily forfeited to the state. Controlled substances or marijuana which are seized or come into possession of the state, the owners of which are unknown, shall be deemed contraband and shall be summarily forfeited to the state.

34-20B-82. Unauthorized Schedule I substances deemed contraband--Summary seizure and forfeiture. All substances listed in Schedule I that are possessed, transferred, sold, or offered for sale in violation of the provisions of this chapter shall be deemed contraband and seized and summarily forfeited to the state. Similarly, all substances listed in Schedule I, which are seized or come into the possession of the state, the owners of which are unknown, shall be deemed contraband and summarily forfeited to the state.

34-20B-83. Seizure and summary forfeiture of plant precursors of Schedule I and II substances--Failure to produce registration as authority. All species of plants from which controlled substances in Schedules I and II may be derived which have been planted or cultivated in violation of this chapter, or of which the owners or cultivators are unknown, or which are wild growths, may be seized and summarily forfeited to the state. The failure, upon demand by the chief agent or any peace officer at his direction, of the person in occupancy or in control of land or premises upon which such species of plants are growing or being stored, to produce an appropriate registration, or proof that he is the holder thereof, shall constitute authority for the seizure and forfeiture.

34-20B-84. Summons and complaint for forfeiture of property filed by attorney general--Contents of complaint--Notice. When property described in subdivisions 34-20B-70(2), (3), (5), (6), and (7) is seized, the attorney general shall file a summons and complaint for forfeiture of such property in circuit court for the county in which such property was seized or is being held. The proceedings shall be brought in the name of the state. The complaint shall describe the property, state its location, state its present custodian, state the name of each owner if known, state the name of each party in interest if known or of legal record, allege the essential elements of the violation which is claimed to exist, and shall conclude with a prayer to enforce the forfeiture. Notice of forfeiture proceedings shall be given each known owner and known party in interest by serving a copy of the summons and complaint in accordance with § 34-20B-85. The procedure governing such proceedings, except as herein provided, shall be the same as that prescribed for civil proceedings by chapter 15-6.

34-20B-85. Procedure for forfeiture--Contents of complaint--Notice to owners and lienholders of record. If property described in subdivision 34-20B-70(4) and § 34-20B-70.1 is seized, the attorney general shall file a summons and complaint for forfeiture of such property in circuit court of the county in which such property was seized or is being held. The proceedings shall be brought in the name of the state. The complaint shall describe the property, state its location, its present custodian, the name of each owner if known, and the name of each party in interest if known or of legal record, allege the essential elements of the violation which is claimed to exist, and shall conclude with a prayer to enforce the forfeiture. The procedure governing the proceedings, except as herein provided, shall be the same as that prescribed for civil proceedings by chapter 15-6. Notice of forfeiture proceedings shall be given each owner and party in interest whose right, title or interest is of record as provided in § 34-20B-70.1 or in the Department of Revenue and Regulation or the Division of Aeronautics or a similar department of another state if the records are maintained in that state by serving a copy of the summons and complaint upon each known owner and known party in interest in accordance with Title 15.

34-20B-86. Verified answer by claimant of property seized--Time for filing. Within thirty days after the service of the notice under § 34-20B-84 or 34-20B-85, the owner of the seized property and any other party in interest or claimant may file a verified answer in claim to the conveyance described in the complaint instituting the forfeiture proceedings.

34-20B-87. Disposition of seized property if no answer filed. If at the end of thirty days after the notice has been served there is no verified answer on file, and no claimant has appeared to defend said complaint, the court shall order the disposition of the seized property as prayed for in the complaint.

34-20B-88. Trial of contested forfeiture—Order releasing or forfeiting property. If a verified answer is filed, the forfeiture proceedings shall be set for a trial on a day not more than sixty days from the date of the filing. Any party may demand a trial by jury for the forfeiture proceedings pursuant to subsection 15-6-38(b). At the trial, the state shall establish probable cause for instituting the forfeiture action following which any owner, party in interest, or claimant who has filed a verified answer has the burden of proving that the property seized is not subject to forfeiture under this chapter. If the court or a jury finds that the property is not subject to forfeiture under this chapter, the court shall order the property released to the owner, party in interest, or claimant according to such person's right, title, or interest. The court shall order the property forfeited if the court or a jury determines that such property was subject to forfeiture.

34-20B-89. Disposition of forfeited property. Whenever property is forfeited under this chapter, the chief agent may:

(1) Retain the property for official use;

(2) Sell any forfeited property which is not required to be destroyed by law and which is not harmful to the public, provided that the proceeds be disposed of for payment of all proper expenses of the proceedings for forfeiture and sale including expenses of seizure, maintenance of custody, advertising, and court costs. All moneys seized or remaining proceeds from the sale of any forfeited property shall be paid into the drug control fund; or

(3) Forward it to the Bureau of Narcotics and Dangerous Drugs for disposition. Such disposition may include delivery for medical or scientific use to any federal or state agency under regulations of the United States attorney general.

34-20B-90. Burden of proof as to registration or order form. In the absence of proof that a person is the duly authorized holder of an appropriate registration or order form issued under this chapter, he shall be presumed not to be the holder of such registration or form, and the burden of proof shall be upon him to rebut such presumption.

34-20B-91. Enforcement officers exempt from liability. No liability shall be imposed by virtue of this chapter upon any duly authorized local, state, or federal officer engaged in the enforcement of this chapter, or who shall be engaged in the enforcement of any law or municipal ordinance relating to controlled drugs and substances.

**34-20B-102.** Coordination and regulation of educational programs--Measures authorized. The Department of Health shall, in addition to other powers and duties vested in it by this chapter or any other act, coordinate and regulate educational programs designed to prevent and deter misuse and abuse of controlled drugs and substances and marijuana. In connection with such programs the department is authorized to:

1. Promote better recognition of the problems of misuse and abuse of controlled drugs and substances and marijuana within the regulated industry and among interested groups
and organizations;

(2) Assist the regulated industry and interested groups and organizations in contributing to the reduction of misuse and abuse of controlled drugs and substances and marijuana;

(3) Consult with interested groups and organizations to aid them in solving administrative and organizational problems;

(4) Evaluate procedures, projects, techniques, and controls conducted or proposed as part of educational programs on misuse and abuse of controlled drugs and substances and marijuana;

(5) Disseminate the results of research on misuse and abuse of controlled drugs and substances and marijuana to promote a better public understanding of what problems exist and what can be done to combat them;

(6) Assist in the education and training of state and local enforcement officials in their efforts to control misuse and abuse of controlled drugs and substances and marijuana.

34-20B-105. Residential alcohol and drug abuse treatment program authorized at Human Services Center. The Department of Human Services may establish and operate a residential alcohol and drug abuse treatment program at the South Dakota Human Services Center at Yankton.

34-20B-110. Measures for identification and assessment of effects of controlled substances. In connection with the research authorized by § 34-20B-93 and in furtherance of its other duties, the Department of Health is authorized to establish methods to assess accurately the effects of controlled drugs and substances and to identify and characterize controlled drugs and substances with potential for abuse.

CHAPTER 34-20D

PRODUCTS CONTAINING PSEUDOEPHEDRINE, EPHEDRINE, OR PHENYLPROPANOLAMINE

34-20D-1. Sale of packages containing pseudoephedrine or ephedrine--Number in single transaction limited--Exception--Misdemeanor. No retailer may sell, in a single transaction, more than two packages containing pseudoephedrine or ephedrine as an active ingredient. For purposes of this chapter, the term, retailer, means any person who sells merchandise at retail and from whom original packages of nonprescription drugs are sold or taken to be sold at retail and who is licensed by the Board of Pharmacy to sell nonprescription drugs. This restriction does not apply to any sale made pursuant to a valid prescription drug order prescribed by a practitioner as defined in § 36-11-2 with appropriate authority. Any retailer or any employee of a retailer who sells packages containing pseudoephedrine or ephedrine in violation of this section is guilty of a Class 1 misdemeanor.

34-20D-2. Purchase of packages containing pseudoephedrine or ephedrine--Number in single transaction limited--Exception--Misdemeanor. No person may purchase, in a single transaction, more than two packages containing pseudoephedrine or ephedrine as an active ingredient. This restriction does not apply to purchases made with a valid prescription drug order prescribed by a practitioner as defined in § 36-11-2 with appropriate authority. Any person who purchases packages containing pseudoephedrine or ephedrine in violation of this section is guilty of a Class 1 misdemeanor.

34-20D-3. Requirements for display and offer of product containing pseudoephedrine or ephedrine as active ingredient. Any retailer who offers for sale a product containing pseudoephedrine or ephedrine as an active ingredient shall display and offer the product for sale, except as otherwise provided, behind a counter where the public is not permitted or in a locked case so that a customer wanting access to the package must ask a store employee for assistance. The retailer may display or offer for sale without restriction a product containing pseudoephedrine or ephedrine as an active ingredient if the product is displayed using any type of anti-theft device system including an electronic anti-theft device system that utilizes a product tag and detection alarm which prevents the theft of the product.

Source: SL 2005, ch 178, § 3; SL 2006, ch 181, § 3.

34-20D-5. Posting of notice. A retailer shall post notice at the location where a product containing pseudoephedrine or ephedrine as an active ingredient is displayed or offered for sale stating the following:

South Dakota law prohibits the sale or purchase of more than two packages containing pseudoephedrine or ephedrine as an active ingredient unless sold or purchased with a valid prescription drug order prescribed by a practitioner as defined in § 36-11-2 with appropriate authority.

34-20D-6. Civil liability for sale of product. No employee or retailer is civilly liable to any injured person or the person's estate for any injury suffered, including any wrongful death, or property damage suffered due to the sale of any pseudoephedrine or ephedrine product in violation of § 34-20D-1.

34-20D-7. County or municipality prohibited from establishing higher requirements or penalties. No county or municipality may establish requirements or establish a penalty that is higher or more stringent than the requirements or penalties established by this chapter.

34-20D-8. Identification and record of buyer of product containing pseudoephedrine, ephedrine, or phenylpropanolamine--Reporting--Stop-sale alert. If offering for sale a product containing pseudoephedrine, ephedrine, or phenylpropanolamine as an active ingredient, a retailer shall, before making such a sale, require and make a record of the identification of the person purchasing the product. For purposes of this section, the term, identification, means a document issued by a governmental agency that contains a description of the person or a photograph of the person, and gives the person's date of birth, such as a tribal

2  10/2009
identification card, driver license, state-issued identification card, passport, or military identification card. The retailer shall electronically submit the record of identification, including the purchaser's name, date of birth, address of purchaser, the product name, the quantity sold, the date and time of the sale, and unique identification number relating to the electronic record into the electronic record-keeping system prior to completing the sale of a product containing pseudoephedrine, ephedrine, or phenylpropanolamine unless a waiver has been granted. If a waiver is granted, the retailer shall submit written records to the Office of the Attorney General no later than the fifth day of every month. The retailer shall maintain the record of identification required by this section for two years, after which the record shall be destroyed. No retailer may use or maintain the record for any private or commercial purpose or disclose the record to any person, except as authorized by law. If the sale generates a stop-sale alert, the seller may not complete the sale unless the seller has a reasonable fear of imminent bodily harm if he or she does not complete the sale. The electronic record-keeping system shall contain an override function to the stop-sale alert for the seller to use in a situation in which a reasonable fear of imminent bodily harm is present.

34-20D-8.1. Waiver of electronic reporting--Disclosure of record to law enforcement. The attorney general may grant a retailer a waiver pursuant to § 34-20D-8 if the retailer demonstrates that the electronic reporting will cause the retailer an undue economic hardship or that the retailer does not have the technological ability to report electronically. If a waiver is granted, the retailer shall disclose the record, upon request, to a law enforcement agency for a law enforcement purpose.

Source: SL 2014, ch 166, § 3.

34-20D-9. Immunity from civil liability for good faith release of information to law enforcement. Any retailer who in good faith releases information governed by this chapter to a law enforcement agency for a law enforcement purpose is immune from civil liability for such release unless the release constitutes gross negligence or intentional, wanton, or willful misconduct.

34-20D-10. Possession of product, mixture, or preparation containing ephedrine base, pseudoephedrine base, or phenylpropanolamine base restricted--Exception--Misdemeanor. No person may possess, receive, or otherwise acquire more than nine grams of ephedrine base, pseudoephedrine base, or phenylpropanolamine base in any product, mixture, or preparation within any thirty-day period. This restriction does not apply to any quantity of product, mixture, or preparation obtained pursuant to a valid prescription drug order prescribed by a practitioner as defined in § 36-11-2 with appropriate authority.

Possession of more than nine grams of a drug product containing more than nine grams of ephedrine base, pseudoephedrine base, or phenylpropanolamine base constitutes a rebuttable presumption of the intent to use the product as a precursor to methamphetamine or another controlled substance. This rebuttable presumption does not apply to:
Codified Law 34-20D

(1) A retail distributor of drug products;
(2) A wholesale drug distributor, or its agents;
(3) A manufacturer of drug products, or its agents;
(4) A pharmacist licensed by the Board of Pharmacy; or
(5) A licensed health care professional possessing the drug products in the course of carrying out the profession.

Any violation of this section is a Class 1 misdemeanor.

34-20D-11. Real-time electronic record-keeping system--Calculation of purchase limitations--Private vendor. The Office of the Attorney General may provide retailers of chemical products containing pseudoephedrine, ephedrine, or phenylpropanolamine access to a real-time electronic record-keeping system to enter into the record system any transaction required by § 34-20D-8. The real-time electronic record-keeping system shall be maintained in a central repository and shall have the capability to calculate state and federal ephedrine base, pseudoephedrine base, and phenylpropanolamine base purchase limitations. The electronic record-keeping system shall include a record of all the information obtained under § 34-20D-8 and the unique identification number, type, and state of issue. The Office of the Attorney General may contract with a private vendor to implement this section. A contractor shall comply with the confidentiality requirements of this chapter and is subject to sanctions for violation of confidentiality requirements, including termination of the contract. No cost may be assessed to the retailer associated with the implementation, access, continuation, or maintenance of the electronic record-keeping system.

34-20D-12. Law enforcement access to electronic record-keeping system. The attorney general may grant other South Dakota law enforcement agencies access to the electronic record-keeping system for the purpose of investigating any violation of this chapter.

CHAPTER 34-20E

PRESCRIPTION DRUG MONITORING PROGRAM

34-20E-1. Definition of terms. Terms used in this chapter mean:

1. "Administer," the direct application of a controlled substance to the body of a patient. The term does not include the prescribing of a controlled substance for administration by the patient or someone other than the health care provider;

2. "Board," the Board of Pharmacy;

3. "Central repository," a place where electronic data related to the prescribing and dispensing of controlled substances is collected;

4. "Controlled substance," any drug, substance, or immediate precursor as provided in schedules II through IV pursuant to §§ 34-20B-11 to 34-20B-26, inclusive;

5. "De-identified information," health information that is not individually identifiable information because an expert has made that determination pursuant to 45 C.F.R. 164.514, or direct identifiers and specified demographic information have been removed in accordance with
the requirements of that section;

(6) "Dispense," to deliver a controlled substance to an ultimate user by or pursuant to the lawful order of a health care provider, including the prescribing, administering, packaging, labeling, or compounding necessary to prepare the substance for delivery;

(7) "Dispenser," any person who delivers a controlled substance to the ultimate user, but does not include:

(a) A licensed hospital pharmacy that provides a controlled substance for the purpose of inpatient hospital care;

(b) A licensed health care provider or other authorized individual in those instances when the practitioner administers a controlled substance to a patient; or

(c) A licensed veterinarian;

(8) "Individually identifiable health information," the meaning set forth in 45 C.F.R. 160.103;

(9) "Integration," the linking of the central repository into the electronic health records to allow health systems, pharmacies, or health information exchanges to seamlessly access data;

(10) "Patient," any individual or owner of an animal who is the ultimate user of a controlled substance for whom a prescription is issued and for whom a controlled substance is dispensed;

(11) "Prescriber," an individual licensed, registered, or otherwise authorized by the jurisdiction in which the individual is practicing to prescribe drugs in the course of professional practice. The term does not include a veterinarian;

(12) "Program," the prescription drug monitoring program established by this chapter.

34-20E-2. Prescription drug monitoring program to be established. The board shall establish and maintain a prescription drug monitoring program to monitor the prescribing and dispensing of all controlled substances. The program shall utilize a central repository, to which each dispenser shall submit, by electronic means, information regarding each prescription dispensed for a controlled substance. The information submitted for each prescription shall include specifically identified data elements adopted by the board and contained in the 2011 version of the electronic reporting standard for prescription monitoring programs, version 4.2 of the American Society for Automation in Pharmacy.

Source: SL 2010, ch 175, § 2; SL 2017, ch 157, § 2.

34-20E-2.1. Prescriber and dispenser registration with program required--Exception. Any person who has a controlled drug or substance registration pursuant to § 34-20B-29 to prescribe or dispense any controlled drug or substance within this state must register with the program.
Veterinarians licensed pursuant to chapter 36-12 are not subject to this requirement. The program shall work with the Department of Health to assure compliance with the requirement.

---

**34-20E-3. Submission of information to central repository.** Each dispenser shall submit the information required by this chapter to the central repository at least every twenty-four hours unless the board waives this requirement for good cause shown by the dispenser.

**Source:** SL 2010, ch 175, § 3; SL 2017, ch 157, § 3.

---

**34-20E-4. Grounds for extension of time to submit information.** The board may grant an extension of the time in which a dispenser must report the information required by § 34-20E-2 to any dispenser that is unable to submit prescription information by electronic means because of one of the following occurrences:

1. The dispenser suffers a mechanical or electronic failure or cannot report within the required time for other reasons beyond the dispenser's control;

2. The central repository is unable to receive electronic submissions; or

3. Good cause shown by a dispenser.

**Source:** SL 2010, ch 175, § 4.

---

**34-20E-5. Confidentiality of information.** Information submitted to the central repository is confidential and may not be disclosed except as provided in § 34-20E-7.

**Source:** SL 2010, ch 175, § 5.

---

**34-20E-6. Procedures for security of patient information.** The board shall establish and maintain procedures to ensure that the privacy, confidentiality, and security of patient information collected, recorded, transmitted, and maintained is not disclosed except as provided in § 34-20E-7.

**Source:** SL 2010, ch 175, § 6.

---

**34-20E-7. Disclosure of data in central repository to certain persons and entities.** Unless disclosure is prohibited by law, the board may provide data in the central repository to:

1. Any prescriber for the purpose of providing medical care to a patient, a dispenser for the purpose of filling a prescription or providing pharmaceutical care for a patient, a prescriber or dispenser inquiring about the prescriber's or dispenser's own prescribing activity, or a prescriber or dispenser in order to further the purposes of the program including integration with electronic medical records;
(2) Any individual who requests the prescription information of the individual or the individual's minor child;

(3) Any state board or regulatory agency that is responsible for the licensing of individuals authorized to prescribe or dispense controlled substances if the board or regulatory agency is seeking information from the central repository that is relevant to an investigation of an individual who holds a license issued by that board or regulatory agency;

(4) Any local, state, and federal law enforcement or prosecutorial officials engaged in the enforcement of laws relating to controlled substances who seek information for the purpose of an investigation or prosecution of the drug-related activity or probation compliance of an individual;

(5) The Department of Social Services for purposes regarding the utilization of controlled substances by a medicaid recipient;

(6) Any insurer for purposes regarding the utilization of controlled substances by a claimant;

(7) Any judicial authority under grand jury subpoena or court order or equivalent judicial process for investigation of criminal violations of controlled substances laws;

(8) Any public or private entity for statistical, research, or educational purposes after the information is de-identified with respect to any prescriber, dispenser, or patient who received a prescription for a controlled substance; or

(9) Any peer review committee, which means any committee of a health care organization, composed of health care providers, employees, administrators, consultants, agents, or members of the health care organization's governing body, which conducts professional peer review.

34-20E-8. Fees. The board may charge a fee of ten dollars to any individual who requests information from the central repository pursuant to subdivision 34-20E-7(2). The board may charge a fee of one hundred dollars to any person who requests information from the central repository pursuant to subdivision 34-20E-7(8).

34-20E-9. Records of information requests. The board shall maintain a record of each request for information from the central repository. The board may use the records to document and report statistics and outcomes. The board may provide records of the requests for information to:

(1) Any board or regulatory agency responsible for the licensing of individuals authorized to prescribe or dispense controlled substances that is engaged in an investigation of the individual who submitted the request for information from the central repository; and
Codified Law 34-20E - Prescription Drug Monitoring Program

(2) Any local, state, and federal law enforcement or prosecutorial official engaged in the enforcement of laws relating to controlled substances for the purpose of an active investigation of an individual who requested information from the central repository.

34-20E-11. Immunity from civil liability. Nothing in this chapter requires a prescriber or dispenser to obtain information about a patient from the central repository prior to prescribing or dispensing a controlled substance. A prescriber, dispenser, or other health care provider may not be held liable in damages to any person in any civil action on the basis that the prescriber, dispenser, or other health care provider did or did not seek to obtain information from the central repository. Unless there is shown a lack of good faith, the board, a prescriber, dispenser, or any other person in proper possession of information provided under this chapter is not subject to any civil liability by reason of:

(1) The furnishing of information under the conditions provided in this chapter;

(2) The receipt and use of, or reliance on, such information;

(3) The fact that any such information was not furnished; or

(4) The fact that such information was factually incorrect or was released by the board to the wrong person or entity.

Source: SL 2010, ch 175, § 11.

34-20E-12. Board to review data and refer patients, prescribers, or dispensers engaged in improper activities to law enforcement or regulatory authorities. The board shall review the information received by the central repository to determine if there is reason to believe:

(1) A prescriber or dispenser may have engaged in an activity that may be a basis for disciplinary action by the board or regulatory agency responsible for the licensing of the prescriber or dispenser; or

(2) A patient may have misused, abused, or diverted a controlled substance.

If the board determines that there is reason to believe that any of the acts described in this section may have occurred, the board may notify the appropriate law enforcement agency or the board or regulatory agency responsible for the licensing of the prescriber or dispenser. The advisory council established in § 34-20E-15 shall recommend guidelines to the board for
reviewing data and making determinations with respect to the referral of patients, prescribers, or dispensers to law enforcement or appropriate regulatory authorities.

Source: SL 2010, ch 175, § 12.

34-20E-13. Correction of erroneous information. Any patient, dispenser, or prescriber may request that erroneous information contained in the central repository be corrected or deleted. The board shall review the request to determine if the information is erroneous with respect to the patient, prescriber, or dispenser. The board shall correct any erroneous information the board discovers due to the request for review by a patient, prescriber, or dispenser.

34-20E-14. Cooperation with other states. The board shall adopt a procedure to allow information contained in the central repository to be shared with officials in other states acting for the purpose of controlled substance monitoring and for requesting and receiving similar controlled substance monitoring information from other states.

Source: SL 2010, ch 175, § 14.

34-20E-15. Advisory council established. An advisory council is established to advise and make recommendations to the board regarding how to best use the program to improve patient care and foster the goal of reducing misuse, abuse, and diversion of controlled substances; to encourage cooperation and coordination among state, local, and federal agencies and other states to reduce the misuse, abuse, and diversion of controlled substances; and to provide advice and recommendations to the board regarding any other matters as requested by the board. The advisory council shall serve without compensation. The advisory council may have access to central repository information to fulfill its duties.

Source: SL 2010, ch 175, § 15.

34-20E-16. Membership of advisory council. The advisory council shall consist of:

(1) One dispenser selected by the board;

(2) One prescriber selected by the Board of Medical and Osteopathic Examiners;

(3) One prescriber selected by the Board of Nursing;

(4) One prescriber selected by the Board of Dentistry;

(5) One prescriber selected by the Board of Examiners in Optometry;

(6) One prescriber selected by the South Dakota Academy of Physician Assistants;
(7) One member selected by the South Dakota Association of Healthcare Organizations;

(8) One member of the South Dakota State Medical Association;

(9) One member of the South Dakota Nurses Association;

(10) One member of the South Dakota Pharmacists Association;

(11) A designee of the attorney general;

(12) A designee of the Department of Health; and

(13) Any other prescriber or dispenser determined by the board to be necessary to meet a mandate of, or avoid a delay in implementing, an appropriations measure. The number of additional members that the board may select is limited to the number necessary to meet the mandate or avoid the delay of an appropriation.

Source: SL 2010, ch 175, § 16.

34-20E-17. Recommendations of advisory council. The advisory council shall make recommendations to the board regarding:

(1) Safeguards for the release of information to persons who have access to the information contained in the central repository;

(2) The confidentiality of program information and the integrity of the patient's relationship with the patient's health care provider;

(3) Advancing the purposes of the program, including enhancement of the quality of health care delivery in this state; and

(4) The continued benefits of maintaining the program in relationship to the cost and other burdens to the state.

34-20E-18. Report of knowing failure to submit information or submission of incorrect information to dispenser's licensing board. Any dispenser who knowingly fails to submit prescription monitoring information to the board as required by this chapter or knowingly submits incorrect prescription information may be reported by the board to the dispenser's licensing board.

Source: SL 2010, ch 175, § 18.

34-20E-19. Knowing disclosure of information in violation of chapter as felony. Any person authorized to have prescription monitoring information pursuant to this chapter who knowingly discloses such information in violation of this chapter is subject to a Class 6 felony.
34-20E-20. Promulgation of rules. The board shall promulgate rules, pursuant to chapter 1-26, for the operation of the program. Any rule promulgated shall be designed to assure the fair, equitable, and efficient operation of the program. The rules may address the following:

1. Criteria, procedures, and forms for submitting data to the program;
2. Standards for information collection;
3. Guidelines for reviewing data and making determinations with respect to the referral of patients, prescribers, or dispensers to law enforcement or appropriate regulatory authorities based upon an open case;
4. Safeguards for the release of information to individuals who have access to the information contained in the central repository;
5. Guidelines for maintaining the confidentiality of program information and the integrity of the patient's relationship with the patient's health care provider; and
6. Policies for the compilation and release of statistics and outcomes for advancing the purposes of the program, including enhancement of the quality of health care delivery in this state.

34-20E-21. Report on monitoring and use of prescription opioids. The board shall, before the fourth Tuesday in January of each year, report to the Senate and House standing committees on health and human services on the monitoring and use of prescription opioids. This report shall include the number of opioid prescriptions from the prior three years. The report shall also include an update to any changes or advances made to the prescription drug monitoring program. (This section is repealed effective June 30, 2022 pursuant to SL 2017, ch 158, § 2.)

44:58:02:01. Persons required to register. Repealed.
74; repealed, 6 SDR 93, effective July 1, 1980.

44:58:02:03. Separate registration required for each independent activity. Repealed.

44:58:02:04. Manufacturers of basic class authorized to distribute. Repealed.

44:58:02:05. Manufacturers of substances in Schedules II through IV authorized to analyze and research. Repealed.

44:58:02:08. Researchers of substances in Schedules II through IV -- Other activities authorized. Repealed.

44:58:02:09. Persons dispensing or conducting research with substances in Schedules II through IV -- Authorized to conduct instructional activities. Repealed.

44:58:02:10. Single registration for activity with more than one substance. Repealed.

44:58:02:12. Locations exempt from registration. Repealed.

44:58:02:15. Intern, resident, or foreign physician covered by employer's registration. Repealed.

44:58:02:16. Law enforcement officials exempt from registration. Repealed.

44:58:02:17. Law enforcement agency laboratories required to register -- Employees exempt. Repealed.

44:58:02:20. Activities requiring separate registration. Each of the following groups of activities is independent of the others and shall be conducted under separate registrations:

(1) Manufacturing and distributing controlled substances;
(2) Dispensing controlled substances listed in Schedule II through IV;
(3) Conducting research and instructional activities with controlled substances listed in Schedule II through IV;
(4) Conducting research and instructional activities with controlled substances listed in Schedule I; and
(5) Conducting chemical analysis of controlled substances listed in any schedule.

44:58:02:21. Activities covered by single registration. Each of the following groups of activities may be conducted under a single registration:

(1) A person registered to manufacture controlled substances listed in Schedules II through IV is also authorized to conduct chemical analysis and research with controlled substances listed in the schedules which the person is authorized to manufacture;

(2) A practitioner registered to prescribe or dispense controlled substances listed in Schedules II through IV is also authorized to conduct instructional activities with those substances.
The person is authorized to distribute up to five percent of those controlled substances to other persons registered to prescribe, dispense, or distribute controlled substances;

(3) A person registered or authorized to conduct research with controlled substances listed in Schedules II through IV is also authorized to conduct chemical analysis with substances listed in the schedules with which the person is authorized to conduct research; to manufacture the substances set forth in the statement filed with the person's application for registration; to distribute the substances to other persons registered or authorized to conduct chemical analysis, research or instructional activities with the substances; and to conduct instructional activities with controlled substances;

(4) A person registered to conduct research with controlled substances listed in Schedule I is also authorized to manufacture the substances set forth in the research protocol filed with the person's application for registration. The person is also authorized to distribute the substances to other persons registered to conduct research with Schedule I substances; and

(5) A person registered to conduct chemical analysis with controlled substances is also authorized to manufacture and import such substances for analytical or instructional purposes; to distribute such substances to other persons registered to conduct chemical analysis, research or instructional activities with the substances; and to conduct instructional activities with controlled substances.

44:58:02:22. Waiver of registration. Registration is not required for the following persons in the circumstances described:

(1) An individual practitioner who is an agent of another practitioner registered to dispense controlled substances who, when acting in the usual course of employment, administers and dispenses but does not prescribe a controlled substance if permitted to do so by the jurisdiction in which the individual practices;

(2) An institutional practitioner who dispenses, administers, and prescribes controlled substances under the registration of the hospital or other institution by which the practitioner is employed, provided the following requirements are met:

   (a) The dispensing, administering, or prescribing is done in the usual course of professional practice;

   (b) The employing hospital or other institution authorizes the practitioner to dispense, administer, or prescribe under its registration and designates a specific method for identifying an individual so authorized; and

   (c) A current list of the institutional practitioners is kept by the hospital or other institution and is made available to the public upon request for the purpose of verifying the authority of the prescribing institutional practitioner;

(3) An officer or employee of the United States Drug Enforcement Administration, United States Bureau of Customs, or the United States Food and Drug Administration or any other federal officer who is lawfully engaged in the enforcement of any federal law relating to controlled substances, drugs, or customs and is authorized to possess controlled substances while engaged in the course of official duties;
(4) An officer or employee of a state or a political subdivision or agency of a state, who is engaged in the enforcement of a state or local law relating to controlled substances and is authorized to possess controlled substances in the course of official duties, including the following:

(a) Possession of a controlled substance and distribution of the substance to another official who is also exempted by this section; and

(b) Procurement of a controlled substance in the course of an inspection pursuant to SDCL 34-20B-40 or in the course of a criminal investigation involving the person from whom the substance was procured;

(5) An official of the United States Army, Navy, Marine Corps, Air Force, Coast Guard, or Public Health Service who is authorized to prescribe, dispense, or administer, but not to procure or purchase, controlled substances in the course of official duties. Such officials shall follow the procedures set forth in chapter 44:58:08 regarding prescriptions, but shall state the branch of service or agency and use the official's service identification number in lieu of the required registration number;

(6) Law enforcement agency laboratory personnel when acting in the scope of their official duties under the registration of the laboratory by which they are employed. Laboratory activities do not include field or other preliminary chemical tests by officials exempted by this section; and

(7) An individual practitioner who holds a valid locum tenens certificate, as provided under SDCL 36-4-20.1 to 36-4-20.5, inclusive, who administers, dispenses, or prescribes controlled substances, provided the practitioner holds a valid DEA certificate and has filed an application for registration with the department.

44:58:03:02. Application forms -- Contents. An application shall contain the person's name; signature; full address; professional license number; type of professional practice; a statement related to conviction of a felony under state or federal law; and a statement related to the denial, revocation, or surrender of a professional license or registration to handle controlled substances. Applications to conduct research and instructional activities with controlled substances as covered by subdivisions 44:58:02:20(3) and (4) shall include evidence of a valid DEA registration to conduct such research and a copy of the research protocol or a statement describing the instructional activities. Applications to manufacture controlled substances listed in Schedule II shall include evidence of a valid DEA registration to manufacture the substances.

44:58:03:02.01. Registration fee. Each registrant shall pay a registration fee at the time of initial registration or at renewal of registration. Registration fees are non-refundable and may not be prorated. The registration fees are as follows:

(1) $150 for any dentist, medical doctor, optometrist, osteopathic doctor, pharmacy, veterinarian, or podiatrist;
(2) $150 for any nurse practitioner, nurse midwife, or physician assistant;
(3) $75 for any manufacturer, distributor, analytical lab, euthanasia, teaching institution, or researcher (including any drug detection dog trainer); and
(4) $75 for any locum tenens certificate.

44:58:03:03. Procedure for reregistration. A person registered under § 44:58:02:20 shall apply for reregistration in writing to the secretary not more than 60 days before the expiration date of the person's current registration.

44:58:03:03.01. Waiver of reregistration. Repealed.

44:58:03:04. Federal registration must accompany applications for Schedules I and II. Repealed.

44:58:03:05. Required information for applications. Repealed.

44:58:03:06. Signatures on applications. Repealed.

44:58:03:09. Additional information -- Noncompliance with request. The secretary may require an applicant to submit documents relevant to the application to determine if registration should be granted. The failure of the applicant to provide such documents within 15 days after the request is considered a waiver by the applicant of the opportunity to present such documents. Upon request, the secretary may extend the time for good cause.

44:58:03:10. Amendments to and withdrawal of applications. Repealed.
CHAPTER 44:58:04
ACTION ON APPLICATIONS

Section
44:58:04:01 Review of applications.
44:58:04:02 Issuance of certificate of registration -- Denial of registration.
44:58:04:03 Information contained on certificate.
44:58:04:04 Location of the certificate.
44:58:04:05 Suspension or revocation of registration.
44:58:04:06 Repealed.
44:58:04:07 Requirements of registrant upon service of notice of automatic suspension, revocation, or suspension.
44:58:04:08 Limited revocations or suspensions.
44:58:04:09 New certificate when limitation applied.
44:58:04:10 to 44:58:04:15 Repealed.

Cross-Reference: Procedure and appellate procedure for revocation of licenses, SDCL 1-26-16 to 1-26-37.

44:58:04:01. Review of applications. The secretary shall review the application for registration and other information regarding an applicant to determine that applicable standards are met.

44:58:04:02. Issuance of certificate of registration -- Denial of registration. The secretary shall issue a certificate of registration after reviewing the application and finding the information in compliance with this chapter and SDCL 34-20B. The secretary shall issue an order when denying an application and, if requested by the applicant, hold a hearing on the application denial pursuant to SDCL 1-26.

44:58:04:03. Information contained on certificate. The certificate of registration shall contain the name, address, registration number of the registrant, any applicable federal registration numbers, the activity authorized by the registration, the schedules of controlled substances which the registrant is authorized to handle, and the expiration date of the registration.

44:58:04:04. Location of the certificate. The registrant shall conspicuously place the certificate at the registered location and shall permit inspection of the certificate and registered premises by any official of the division or other state or local agency engaged in enforcement of laws pertaining to controlled substances.

44:58:04:05. Suspension or revocation of registration. The department may suspend or revoke any registration issued under the act as provided under SDCL 1-26.

The reasons for suspension or revocation shall include a finding that the registrant has done one or more of the following:

(1) Has furnished false or fraudulent information in an application filed under the act;

(2) Has been convicted of a felony under any state or federal law relating to a controlled substance;
(3) Has had a federal registration to manufacture, distribute, or dispense controlled substances suspended, revoked, or allowed to expire;

(4) Has been the subject of disciplinary action taken by the registrant's respective licensing board for substance abuse, misuse of controlled substances, or violation of state law related to prescribing or dispensing controlled substances; or

(5) Has violated the requirements of the act or this article.

44:58:04:06. Procedure prior to revoking or suspending registration. Repealed.

44:58:04:07. Requirements of registrant upon service of notice of automatic suspension, revocation, or suspension. Upon service of the notice of automatic suspension, notice of revocation, or notice of suspension, the registrant shall immediately deliver the certificate of registration to the secretary. As instructed by the secretary, the registrant shall also deliver all controlled substances in the registrant's possession to the secretary or to authorized agents of the secretary or place all controlled substances in the registrant's possession under seal, with a complete inventory of items on hand, and store the items to preclude any further disposition of them without a court order until the time for taking an appeal has elapsed or until all appeals have been concluded.

Cross-Reference: Events causing automatic suspension of registration, § 44:58:06:02.

44:58:04:08. Limited revocations or suspensions. The secretary may limit revocation or suspension of a registration to a particular schedule of controlled substance as circumstances indicate. Action required under § 44:58:04:05 is limited to the schedule or schedules revoked.

44:58:04:09. New certificate when limitation applied. If revocation or suspension is limited to a particular schedule, the secretary shall issue the registrant a new certificate of registration for all substances not affected. The registrant shall deliver the old certificate of registration to the secretary.

44:58:04:10. Suspension of registration authorized pending director's final order. Repealed.

44:58:04:13. Order to show cause required to revoke or suspend registration. Repealed.

44:58:04:15. Director's agent may serve order to show cause. Repealed.
CHAPTER 44:58:05
HEARINGS

Section
44:58:05:01 Conduct of hearings generally -- Not in lieu of criminal prosecutions.
44:58:05:02 to 44:58:05:10 Repealed.

Cross-Reference: Hearing procedure, SDCL 1-26-16 to 1-26-29.

44:58:05:01. Conduct of hearings generally -- Not in lieu of criminal prosecutions. Administrative hearings in contested cases shall be governed by the act, this article, and SDCL chapter 1-26.

A hearing held for violation of this article is independent of, and not in lieu of, criminal prosecutions or other proceedings under the act or any other law of this state.

44:58:05:02. Purpose of hearing -- Arguments not to be offered as evidence. Repealed.

44:58:05:03. Waiver or modification of rules governing hearing procedure. Repealed.

44:58:05:08. Time and place of hearing after waiver. Repealed.

CHAPTER 44:58:06
MODIFICATION OF REGISTRATION

Section
44:58:06:01  Applications for modification of registration -- Contents.
44:58:06:02  Events causing automatic suspension of registration.
44:58:06:02.01 Voluntary surrender and reinstatement of registration.
44:58:06:03  Secretary's consent required to transfer registration.

44:58:06:01.  Applications for modification of registration -- Contents. A registrant may apply to modify a registration by submitting a revised application and a letter of request to the secretary. The letter shall contain all information required by § 44:58:03:02.

44:58:06:02.  Events causing automatic suspension of registration. The registration of a person is automatically suspended if the person fails to maintain the person's professional license, fails to maintain DEA registration in South Dakota, discontinues professional practice within South Dakota, or changes name or address without notifying the secretary.

44:58:06:02.01.  Voluntary surrender and reinstatement of registration. A registrant may voluntarily surrender the registration to prescribe controlled substances. If the surrender is made because the registrant is incapacitated, retires, or moves out of South Dakota, the registrant may apply for a new registration at any time.

If the surrender is due to alleged failure to comply with the provisions of SDCL 34-20B or 22-42 or both, the following requirements apply:

(1) The surrender shall be for a specific length of time;
(2) The surrender statement shall specify the schedule or schedules which are involved;
(3) The registrant may not reapply for Schedule IV prescribing privileges until at least one-half of the specified time has passed;
(4) The registrant may not reapply for Schedule III prescribing privileges until at least five-eighths of the specified time has passed;
(5) The registrant may not reapply for Schedule II prescribing privileges until at least three-fourths of the specified time has passed;
(6) All applicants for reinstatement must be approved by the secretary;
(7) The applicant for reinstatement must demonstrate, through written or oral examination, a knowledge of the pharmacology and law related to the controlled substances for which the applicant is requesting prescribing privileges. The examination shall be prepared and given by at least three and no more than five health care professionals knowledgeable in the areas to be tested; and
(8) The final decision for reinstatement rests with the secretary.
44:58:06:03. Secretary's consent required to transfer registration. A registration may not be transferred without written consent of the secretary. The method of transferring any existing stock of controlled substances must be indicated in a letter accompanying the certificate.

CHAPTER 44:58:07
RECORDS, REPORTS, AND INVENTORIES

Section
44:58:07:01 and 44:58:07:02  Repealed.
44:58:07:03  Inventory requirements.
44:58:07:04  Acquisition, dispensing, and distribution records.
44:58:07:05  Theft reports.
44:58:07:06 to 44:58:07:08  Repealed.
44:58:07:09  Emergency supplies of controlled substances in long term care facilities.

44:58:07:03. Inventory requirements. Upon registration, a registrant shall make a written, typed, or printed inventory of all stocks of controlled substances. After the initial inventory is taken, the registrant shall take a new inventory of all stocks of controlled substances on hand at least every two years. The biennial inventory may be taken on any date which is within two years of the previous inventory date. The inventory shall contain the following:

(1) An exact count or measure of all Schedule I and II substances;

(2) An estimated count or measure of all Schedule III or IV substances; if a container holds more than 1,000 doses, the registrant shall make an accurate count; and

(3) The date, time of day (opening or closing of business), signature of the person taking the inventory, and signature of the registrant if not the same individual.

Substances which are added to the list of controlled substances shall be inventoried on the date when the control takes effect and thereafter with the biennial inventory.

44:58:07:04. Acquisition, dispensing, and distribution records. A dispenser shall maintain the records required to acquire, distribute, or dispense controlled substances in a readily retrievable manner. The following minimum standards shall be met:

(1) Acquisition of Schedule I and II substances will be verified through official order forms of the DEA;

(2) Acquisition of Schedule III and IV substances will be verified through invoices or other records;

(3) Dispensing of all controlled substances will be verified through prescriptions or other chronological records as follows:
(a) The records shall include the name and address of the patient (or species and name and address of the owner if the patient is an animal), the date, the controlled substance and dose, the quantity dispensed, and the name, address, and DEA number of the prescriber;

(b) A separate file shall be maintained for dispensed substances listed in Schedule II;

(c) Schedule III and IV records may be maintained in a separate file or marked with a red "C" at least one inch high and filed with the prescriptions for noncontrolled drugs. If the pharmacy uses an automated data processing system or electronic record keeping system for prescriptions which permits identification by prescription number and retrieval of original documents by prescriber's name, patient's name, controlled substance dispensed, and date filled, then the requirement to mark the hard copy prescription with a red "C" is waived; and

(4) Distribution of controlled substances to another registrant as provided under subdivision 44:58:02:21(1) shall be as follows:

(a) Distribution of Schedule I and II substances will be verified by the supplier's copy of the official DEA order form; and

(b) Distribution of Schedule III and IV substances will be verified by invoices.

44:58:07:05. Theft reports. A registrant shall notify the division of the theft or loss of a controlled substance within 48 hours. The report shall include the names and quantities of drugs and the circumstances involved in the theft or loss.

44:58:07:09. Emergency supplies of controlled substances in long term care facilities. Emergency supplies of controlled substances may be kept in long term care facilities under the following circumstances:

(1) The pharmacist supplying the controlled substances retains ownership and responsibility for the controlled substances, including a monthly physical inventory;

(2) The controlled substances are stored in a manner that allows only those individuals authorized to administer the controlled substance access to them;

(3) The controlled substances are stored in a sealed emergency box or in a separate locked cabinet, with a complete and accurate record kept of the controlled substances in the box or cabinet and their disposition;

(4) The facility notifies the pharmacist within 36 hours after the withdrawal of a Schedule II controlled substance and within 72 hours after the withdrawal of a Schedule III or IV controlled substance and the pharmacist replaces the controlled substance within 72 hours after notification; and
(5) No more than five different controlled substances are stored in the emergency box, which may contain no more than six doses of any Schedule II controlled substance, no more than six doses of any Schedule III or IV injectable controlled substance, and no more than 12 doses of any oral Schedule III or IV controlled substance.

CHAPTER 44:58:08
PREScriptions

Section
44:58:08:01 and 44:58:08:02 Repealed.
44:58:08:03 Prescription prohibited for general dispensing supply.
44:58:08:04 Prescription prohibited for continuing dependence on drug.
44:58:08:05 Manner of issuance of prescriptions.
44:58:08:06 to 44:58:08:09 Repealed.
44:58:08:09.01 Dispensing controlled substances for maintenance purposes.
44:58:08:10 and 44:58:08:11 Repealed.
44:58:08:11.01 Direct administering or dispensing of controlled substances.
44:58:08:12 Repealed.
44:58:08:13 Requirements for oral authorization of Schedule II substances in emergencies.
44:58:08:14 to 44:58:08:16 Repealed.
44:58:08:17 Refilling of Schedule III and IV prescriptions -- Computerized information system authorized.
44:58:08:17.01 Refilling of Schedule II prescriptions prohibited.
44:58:08:18 Partial filling of prescriptions for Schedule II substances.
44:58:08:18.01 Partial filling of prescriptions for Schedule II substances for nursing facility or terminally ill patients.
44:58:08:18.02 Computerized system authorized for Schedule II prescription information for nursing facility or terminally ill patients.
44:58:08:18.03 Facsimile transmission of Schedule II prescriptions.
44:58:08:19 Repealed.
44:58:08:20 Labeling of prescriptions for controlled substances.
44:58:08:23 Dispensing placebo drugs.

44:58:08:03. Prescription prohibited for general dispensing supply. A prescription may not be issued by an individual practitioner to obtain controlled substances for general dispensing to patients.

44:58:08:04. Prescription prohibited for continuing dependence on drug. A prescription may not be issued for a controlled substance nor may a controlled substance be dispensed or administered to a drug dependent person for the purpose of continuing the person's dependency.

44:58:08:05. Manner of issuance of prescriptions. No practitioner may issue a prescription for a controlled substance for the practitioner's use. Prescriptions for controlled
substances must be dated and signed on the day when issued and must bear the full name and address of the patient; the drug name, strength, dosage form, quantity prescribed, and directions for use; and the name, address, and registration number of the practitioner. A practitioner shall sign a prescription in the same manner as the practitioner would sign a legal document. If an oral order is not permitted, prescriptions must be written with ink, indelible pencil, or typewriter and must be manually signed by the practitioner. The prescriptions may be prepared by a secretary or agent for the signature of a practitioner, but the prescribing practitioner is responsible if the prescription does not conform in all essential respects to the law and this article. A liability rests upon the pharmacist who fills a prescription not prepared in the form prescribed in this article. Prescriptions for Schedule III and IV controlled substances may be transmitted directly from the individual practitioner to the pharmacy by facsimile equipment.

44:58:08:06. When hospital code number required in lieu of registration number. Repealed.

44:58:08:07. When service identification number required in lieu of registration number. Repealed.

44:58:08:09.01. Dispensing controlled substances for maintenance purposes. The administering or dispensing directly of a controlled substance listed in any schedule to a drug dependent person for the purpose of controlled withdrawal while in treatment in a drug treatment or rehabilitation program must be within the meaning of the term, "in the course of professional practice or research".

44:58:08:11. Direct administering or dispensing of Schedule II substances by practitioner. Repealed.

44:58:08:11.01. Direct administering or dispensing of controlled substances. An individual practitioner, in the course of professional practice only, may directly administer or dispense a controlled substance without a prescription to other persons. An individual practitioner or institutional practitioner may not order a controlled substance for direct administration or dispense a controlled substance, including any controlled substance sample, for the practitioner's use.

44:58:08:12. Direct administering or dispensing of Schedule II substances by institutional practitioner. Repealed.

44:58:08:13. Requirements for oral authorization of Schedule II substances in emergencies. In an emergency situation, as defined in SDCL 22-42-2.2, a pharmacist may dispense a controlled substance listed in Schedule II upon receiving oral authorization of an individual practitioner, if:

(1) The quantity prescribed and dispensed is limited to the amount adequate to treat the patient during the emergency period;
(2) The prescription is immediately reduced to writing by the pharmacist and contains all information required in § 44:58:08:05 except for the signature of the prescribing individual practitioner;

(3) The practitioner is not known to the pharmacist, the pharmacist must make a reasonable effort to determine that the oral authorization came from a registered individual practitioner by returning the prescriber's call using the phone number listed in the telephone directory or through other good faith efforts to assure the practitioner's identity; and

(4) Within seven days after authorizing an emergency oral prescription the individual practitioner shall supply the pharmacy with a written prescription for the emergency quantity prescribed. In addition to conforming to the requirements of § 44:58:08:05, the prescription shall have written on its face "Authorization for Emergency Dispensing." and the date of the oral order. Upon receipt, the dispensing pharmacist shall attach this prescription to the oral emergency prescription which had earlier been reduced to writing. If the emergency prescription is sent by mail, the carrier envelope must be postmarked within the seven days. The pharmacist shall notify the department if the prescribing practitioner fails to deliver a written prescription within seven days. Failure to notify the department voids the authority to dispense the controlled substance without a written prescription.

44:58:08:15. Direct administering or dispensing of Schedule III or IV substances by practitioner. Repealed.

44:58:08:17. Refilling of Schedule III and IV prescriptions -- Computerized information system authorized. A prescription for a Schedule III or IV drug or substance may be refilled up to five times within a six-month period if the refills are authorized by the practitioner on the original prescription. Each refill dispensed shall be entered on the prescription or on a patient medication record which indicates the date, quantity dispensed, and initials or name of the dispensing pharmacist. If the pharmacist merely initials and dates the prescription, the pharmacist is assumed to have dispensed a refill for the full face amount of the prescription. Additional quantities of controlled substances listed in Schedule III or IV may only be authorized by a practitioner through issuance of a new prescription.

As an alternative to the record procedures required by this section, an automated data processing system that complies with chapter 20:51:20 may be used for the storage and retrieval of refill information for prescription orders for controlled substances in Schedules III and IV.

44:58:08:17.01. Refilling of Schedule II prescriptions prohibited. No prescription for a Schedule II drug or substance may be refilled.

44:58:08:18. Partial filling of prescriptions for Schedule II substances. A pharmacist may partially fill a prescription for a controlled substance listed in Schedule II, if unable to supply the full quantity called for in a written or emergency oral prescription, and a notation of the quantity
supplied is made on the face of the prescription. The remaining portion of the prescription may be filled within 72 hours of the partial filling; however, if the remaining portion is not filled within the 72-hour period, the pharmacist shall notify the practitioner. No further quantity may be supplied beyond 72 hours without a new prescription.

### 44:58:08:18.01. Partial filling of prescriptions for Schedule II substances for nursing facility or terminally ill patients.

Notwithstanding the provisions of § 44:58:08:18, a pharmacist may partially fill a prescription for a substance listed in Schedule II written for a patient in a nursing facility or for a patient with a medical diagnosis documenting a terminal illness. The pharmacist shall record on the prescription whether the patient is "terminally ill" or a "nursing facility patient." For each partial filling, the pharmacist shall record on the back of the prescription the date of the partial filling, the quantity dispensed, the remaining quantity authorized to be dispensed, and the identification of the dispensing pharmacist. Before any subsequent partial filling the pharmacist shall determine that the additional partial filling is necessary. The total quantity of the Schedule II controlled substance dispensed in all partial fillings may not exceed the total quantity prescribed. The prescription is valid for not more than 60 days from the date of issue unless it is terminated sooner by the discontinuance of medication.

### 44:58:08:18.02. Computerized system authorized for Schedule II prescription information for nursing facility or terminally ill patients.

Information pertaining to current Schedule II prescriptions for patients in a nursing facility or for patients with a medical diagnosis documenting a terminal illness may be maintained in an automated data processing system if the system has the capability to permit the following:

1. Output, either display or printout, of the original prescription, number, date of issue, identification of the prescribing individual practitioner, identification of the patient, address of the nursing facility or hospital or the residence of the patient, identification of medication authorized (including dosage, form, strength, and quantity), a list of the partial fillings that have been dispensed under each prescription, and the information required in § 44:58:08:18.01;

2. Immediate updating of the prescription record each time a partial filling of the prescription is made; and

**Cross-Reference:** Computer pharmacy, ch 20:51:20.

### 44:58:08:18.03. Facsimile transmission of Schedule II prescriptions.

A written prescription for a Schedule II controlled substance may be transmitted from the individual prescribing practitioner to a pharmacy by facsimile equipment, if the original written, signed prescription is presented to the pharmacist for review prior to the actual dispensing of the controlled substance. The original prescription must be maintained as required in § 44:58:07:04.

Schedule II controlled substance prescriptions intended for direct administration to a patient by parenteral, intravenous, subcutaneous, or intraspinal infusion may be transmitted by facsimile. The facsimile prescription serves as the original prescription and shall be maintained as required in § 44:58:07:04. Schedule II controlled substance prescriptions for residents of long-term care facilities or patients residing in a Medicare certified hospice may be transmitted directly from the prescribing practitioner to the pharmacy by facsimile equipment. The facsimile prescription serves as the original prescription and must be maintained as required in § 44:58:07:04. The facsimile
prescription must be marked on the face with the notation "long term care resident" or "hospice patient."

44:58:08:20. Labeling of prescriptions for controlled substances. The pharmacist filling any prescription for a controlled substance listed in Schedules II, III or IV shall attach to the container a label showing the date, the pharmacy name and address, the serial number of the prescription, the name of the patient, the name of the prescribing practitioner, directions for use and cautionary statements contained in the prescription or required by law. Controlled substances dispensed by an individual practitioner must be labeled with the name of the patient, the name of the practitioner, directions for use, the date, and any required cautionary statements.

44:58:08:23. Dispensing placebo drugs. The dispensing or prescribing of placebo or look-alike drugs by an individual practitioner is within the meaning of the term "in the course of professional practice or research".

CHAPTER 44:58:09
ADMINISTRATIVE PROCEDURES

Section
44:58:09:01 Permission to make inspections required of licensees.
44:58:09:02 Financial data excluded from inspection.
44:58:09:03 Inspection requirements.
44:58:09:04 Required contents of notice of inspection.

44:58:09:01. Permission to make inspections required of licensees. As a privilege of receiving a registration under the act, each applicant must permit the secretary to enter controlled premises during regular business hours and conduct administrative inspections for the purposes of:

(1) Inspecting, copying, and verifying the records required to be kept under the act and this article;

(2) Inspecting all equipment, controlled substances, containers, and labeling found at the controlled premises relating to the act;

(3) Making a physical inventory of all controlled substances on hand at the premises;

(4) Collecting samples of controlled substances or precursors. If any samples are collected during an inspection, the inspector shall issue a receipt for the samples;

(5) Checking records and information on distribution of controlled substances as they relate to total distribution; and
(6) Except as provided in § 44:58:09:02, checking all other things appropriate for verification of the record referred to above or otherwise bearing on the act and this article.

44:58:09:02. Financial data excluded from inspection. Unless the owner, operator, or agent in charge of the controlled premises consents in writing, an inspection authorized by § 44:58:09:01 may not extend to financial, sales, or pricing data.

44:58:09:03. Inspection requirements. A representative of the secretary, upon stating the purpose of the inspection and presenting credentials and written notice of inspection, may enter the premises and conduct inspections. Violation of the consent agreement is grounds for automatic revocation of any registration issued under the act.

44:58:09:04. Required contents of notice of inspection. The notice of inspection shall contain:

(1) The name and title of the owner, operator, or agent in charge of the controlled premises;
(2) The name of the controlled premises;
(3) The address of the controlled premises;
(4) The date and time;
(5) A statement that a notice of inspection is given; and
(6) The signature of the inspector.

CHAPTER 44:58:10
SECURITY REQUIREMENTS

Section
44:58:10:01 Security requirements of registrants.

44:58:10:01. Security requirements of registrants. Controlled substances shall be stored in a securely locked, substantially constructed cabinet. However, substances listed in Schedules II through IV may be dispersed through the stock of noncontrolled substances in a manner to obstruct theft or diversion.

CHAPTER 44:58:13
EXEMPTED SCHEDULE III SUBSTANCES

Section

44:58:13:01. Exempted Schedule III substances. The following combinations of medicinal ingredients and Schedule III substances are exempt from control under the act or this article:

(1) Analgesic agents which are not controlled substances, combined with a barbiturate;
(2) Antiangina agents, combined with a barbiturate or meprobamate;
(3) Anticholinergic agents, combined with a barbiturate, a benzodiazepine, or meprobamate;
(4) Antiasthmatic agents, combined with a barbiturate;
(5) Hormone replacement agents, combined with a benzodiazepine or meprobamate;
(6) Anabolic steroid and estrogen combinations; and
(7) Products that contain ephedrine in quantities at or less than:

   (a) 25 milligrams in combination with 400 milligrams of quaiifenesin, packaged in blister packs of not more than two tablets per blister; and
   (b) Five percent by weight in an anorectal preparation in combination with other active medicinal ingredients.

#### 34-12B-1. Right to choose pharmacy for filling prescriptions. Any person shall have the right and privilege of having his prescription filled at the pharmacy or by the pharmacist of his choice.

**Source:** SL 1975, ch 225, § 1.

---

#### 34-12B-2. Exclusive agreements between pharmacies and nursing facilities as misdemeanors—Exceptions. It is a Class 1 misdemeanor for any pharmacy, pharmacist, nursing facility, or nursing facility administrator, to contract, agree to or arrange for the exclusive right of a pharmacy or pharmacist to furnish drugs and medicines to residents or patients of a nursing facility, except in nursing facilities which are owned or operated by a licensed hospital, nursing facilities which maintain a licensed pharmacy department and nursing facilities which provide patient medication under a "unit dose" system in accordance with rules and regulations established by the State Board of Pharmacy.

---

#### 34-12B-3. Acceptance by nursing facility of rebate, free equipment or fee from pharmacy as misdemeanor. It is a Class 1 misdemeanor for any licensed nursing facility or nursing facility administrator to accept any rebate or free equipment from, or engage in splitting fees with any pharmacy department or pharmacist that is providing drugs or medicines to such home.

**Source:** SL 1975, ch 225, § 3; SL 1977, ch 190, § 17.

---

#### 34-12B-4. Pharmacy splitting fees or giving rebate or free equipment and services to nursing facility as misdemeanor. It is a Class 1 misdemeanor for any licensed pharmacy or pharmacist to split fees with, or give a rebate of any type or furnish free equipment to any nursing facility or nursing facility administrator as an incentive to the nursing facility or nursing facility administrator to designate such pharmacy or pharmacist as an exclusive provider of drugs and medicines.

**Source:** SL 1975, ch 225, § 4; SL 1977, ch 190, § 18.
34-12B-5. Nursing facility prohibited from providing exclusive services to pharmacy. No nursing facility or nursing facility administrator shall provide services to a pharmacy or pharmacist that is not also made available to all pharmacies or pharmacists providing drugs or medicines to said nursing facility or its residents or patients. A violation of this section is a Class 1 misdemeanor.

34-12B-6. Violation as ground for suspension or revocation of license. Any violation of this chapter is grounds for the suspension or revocation of the license of a pharmacy, pharmacist, nursing facility, or nursing facility administrator by the appropriate licensing board or commission.

34-12B-7. Investigation of complaints. The Department of Health shall have the responsibility to investigate any complaints or alleged violations of this chapter.

44:73:08:01.01. Policies and procedures. Each facility shall establish and practice methods and procedures for medication control that include the following:

(1) A requirement that each resident's prescribing physician, physician assistant, or nurse practitioner provide to the facility electronic or written signed orders for any medications taken by the resident; authorization for medications or drugs kept on the person or in the room of the resident; and release of medications;

(2) Provisions for proper storage of prescribed medications so that the medications are inaccessible to residents or visitors with requirements for:

   (a) Separate storage of poisons, topical medications, and oral medications;
   (b) Each resident's medication to be stored in the container in which it was originally received and not transferred to another container; and
   (c) A medication prescribed for one resident not to be administered to any other resident;

(3) Self-administration of medications to be accomplished with the supervision of a designated employee of the facility to include:
(a) A description of the responsibility of the resident, the resident's family members and the facility staff; and

(b) The provision of written educational material explaining to the resident and the resident's family the resident's rights and responsibilities associated with self-administration; and

(4) The proper disposition of medicines that are discontinued because of the discharge or death of the resident, because the drug is outdated, or because the prescription is no longer appropriate to the care of the resident.

Methods and written policies and procedures shall be established to include the manner of issuance, proper storage, control, accountability, and administration of medications or drugs in accordance with pharmaceutical and nursing practices as well as professional standards.

The facility and pharmacist shall establish a system of records of receipt and disposition for all controlled drugs in sufficient detail to enable an accurate reconciliation. The facility and pharmacist shall ensure the drug records are in order and that an account of all controlled drugs is maintained and periodically reconciled. The facility and pharmacist shall have policies and procedure for the periodic reconciliation of all controlled substances. The policies and procedure shall minimize the time between the actual loss or diversion and the time of detection and follow-up to determine the extent of the loss.

If a loss or diversion of controlled substances is identified, the facility and pharmacist shall evaluate the residents potentially affected consistent with their comprehensive assessment and plan of care. If the systems have not been effective in preventing the loss or diversion of controlled substances, the facility and pharmacist shall review and revise related controls and procedures as necessary.

Law Implemented: SDCL 34-12-13.

44:73:08:02. Written orders for medication required. All medications or drugs administered to residents shall be ordered electronically or in writing and signed by the prescriber. Verbal orders for medications or drugs may be taken only when there is an urgent need to initiate or change an order and accepted only by a pharmacist or licensed nurse. The prescriber shall sign or initial the orders for residents on the next visit to the facility.

**Law Implemented:** SDCL 34-12-13(9)

**44:73:08:03. Medication therapy reviewed monthly.** The pharmacist shall review the drug regimen at least monthly. The pharmacist shall review the resident's diagnosis, the drug regimen, and any pertinent laboratory findings and dietary considerations. The pharmacist shall report potential drug therapy irregularities and make recommendations for improving the drug therapy of the residents to the attending physician, physician assistant, or nurse practitioner and the administrator. The pharmacist shall document the review by preparing a monthly report of the potential irregularities and recommendations. The administrator shall retain the report in the facility. A copy of the medication review shall be in the resident medical record.

The pharmaceutical service shall be under the supervision of a licensed pharmacist who provides consultation and oversees all aspects of the pharmaceutical services.

**General Authority:** SDCL 34-12-13(9).

**Law Implemented:** SDCL 34-12-13(9).

**44:73:08:04. Storage and labeling of medications and drugs.** All drugs or medications shall be stored in a well illuminated, locked storage area that is well ventilated, maintained at a temperature appropriate for drug storage, and inaccessible to residents or visitors at all times. Medications suitable for storage at room temperature shall be maintained between 59 and 86 degrees Fahrenheit (15 and 30 degrees centigrade). Medications that require refrigeration shall be maintained between 36 and 46 degrees Fahrenheit (2 and 8 degrees centigrade). Poisons and medications prescribed for external use shall be stored separately from internal medications, locked and made inaccessible to residents.

The medications or drugs of each resident for whom medications are facility-administered shall be stored in the containers in which they were originally received and may not be transferred to another container. Special modification of this requirement may be made if single dose packaging is used. Each prescription drug container, including manufacturer's complimentary samples, shall be labeled with the resident's name, physician, physician assistant, or nurse practitioner's name, drug name and strength, directions for use, and prescription date.

Containers with contents that will not be used within 30 days of issue or with contents that expire in less than 30 days of issue shall bear an expiration date. If a single dose system is used, the drug name and strength, expiration date, and a control number shall be on the unit dose packet.

A nursing facility may procure and stock, including in bulk form, nonlegend medications and administer them in accordance with written policies and procedures that provide for oversight by qualified personnel.
Any container with a worn, illegible, or missing label shall be destroyed pursuant to § 44:73:08:06. Licensed pharmacists are responsible for the labeling, relabeling, or altering of labels on medication containers.

### 44:73:08:05. Control and accountability of medications and drugs.

Medications brought from home may be used if ordered by the attending physician, physician assistant, or nurse practitioner and, if prior to administration, is identified as the prescribed drug. Medications prescribed for one resident may not be administered to another. Residents may not keep medications on their person or in their room without a physician's, physician assistant, or nurse practitioner's order allowing self-administration. Written authorization by the resident's physician, physician assistant, or nurse practitioner shall be secured for the release of any medication to a resident upon discharge, transfer, or temporary leave from the facility. The release of medication shall be documented in the resident's record, indicating quantity, drug name, and strength. The facility shall maintain records that account for all medications and drugs from their receipt through administration, destruction, or return.

### 44:73:08:06. Documentation of drug disposal.

Legend drugs not controlled under SDCL chapter 34-20B shall be destroyed or disposed of by a nurse and another witness. Destruction or disposal of medication controlled under SDCL chapter 34-20B shall be witnessed by two persons, both of whom are a nurse or pharmacist, as designated by facility policy. Methods of destruction or disposal may include:

1. Disposal by using a professional waste hauler to take the medications to a permitted medical waste facility or by facility disposal at a permitted municipal solid waste landfill. Prior to disposal all medications shall be removed from original containers and made unpalatable by the addition of adulterants and alteration of solid dosage forms by dissolving or combination into a solid mass;

2. Return to the dispensing pharmacy for destruction or dispose according to federal and state regulations;
(3) Return to an authorized reverse distributor company licensed by the South Dakota Board of Pharmacy; or

(4) Release to resident upon discharge after authorization by the resident's prescribing practitioner.

Medications controlled under SDCL chapter 34-20B shall not be returned to the dispensing pharmacy or to an authorized reverse distributor company. Documentation of destruction or disposal of medications shall be included in the resident's record. The documentation shall include the method of disposition (destruction, disposal, return to pharmacy, or release to resident); the medication name, strength, prescription number (as applicable), quantity, and date of disposition; and the name of any person who witnessed the destruction or disposal.

Medications, excluding those controlled under SDCL chapter 34-20B, contained in unit dose packaging meeting the requirements of § 20:51:13:02.01 may be returned to the dispensing pharmacy for credit and redispensing.

Any medication held for disposal shall be physically separated from the medications being used in the facility, locked with access limited, in an area with a system to reconcile, audit, or monitor them to prevent diversion.

44:73:08:07. Medication administration. Each medication administered shall be recorded in the resident's medical record and signed by the person responsible. Medication errors and drug reactions shall be reported to the resident's physician, physician assistant, or nurse practitioner and an entry made in the resident's medical record. Orders involving abbreviations and chemical symbols may be carried out only if the facility has a standard list of abbreviations and symbols approved by the medical staff or, in the absence of an organized medical staff, by the medical director and the list is available to the nursing staff. All medications shall be administered to residents by personnel acting under delegation of a licensed nurse, or licensed to administer medications.

A person may not administer medications that have been prepared by another person, other than a pharmacist.

Medication administration shall comply with §§ 44:73:08:02 to 44:73:08:05, inclusive, and with the requirements for training in §§ 20:48:04:01:14 and 20:48:04:01:15 and for supervision in § 20:48:04.01:02. The supervising nurse shall provide an orientation to the unlicensed assistive personnel who will administer medications. The orientation shall be specific to the facility and relevant to the residents receiving administered medications.

General Authority: SDCL 34-12-13(9).
Law Implemented: SDCL 34-12-13(9).

44:73:08:08. Medication records. Medication administration records shall be used and regularly checked against the physician, physician assistant, or nurse practitioner's orders. Each medication administered shall be recorded in the resident's medical record and signed by the individual responsible.

44:73:08:09. Administration of facility pharmacy. The pharmaceutical service of each facility with a licensed full or part-time pharmacy shall be directed by a licensed pharmacist accountable to the administration of the facility. Only prepackaged drugs or a single dose unit may be removed from the pharmacy when the pharmacist is not available. These drugs may be removed only by a designated registered nurse or physician, physician assistant, or nurse practitioner in amounts sufficient only for immediate therapeutic needs. A record of such withdrawals shall be made by the designated nurse or the physician, physician assistant, or nurse practitioner making the withdrawal.

44:73:08:11. **Controlled drugs kept for emergency use.** Controlled drugs may be kept for emergency use under the following circumstances:

(1) The pharmacist supplying the controlled drugs maintains ownership and responsibility for the drugs, including a monthly physical inventory;

(2) The controlled drugs are stored in a manner that allows only those individuals authorized to administer the drugs access to them;

(3) The controlled drugs are stored in a sealed emergency box or in a separate locked cabinet, with a complete and accurate record kept of the drugs in the box or cabinet and of their disposition;

(4) The facility notifies the pharmacist within 36 hours after the withdrawal of a Schedule II drug and within 72 hours after the withdrawal of Schedule III and IV drugs and the pharmacist replaces the drugs within 72 hours after notification; and

(5) No more than 5 different controlled drugs are stored in the emergency box, which may contain no more than 6 doses of any Schedule II controlled drug, no more than 6 doses of any Schedule III or IV injectable controlled drug, and no more than 12 doses of any oral Schedule III or IV controlled drug.

44:75:08:08  Medication records.
44:75:08:09  Administration of facility pharmacy.

44:75:08:01.  Policies and procedures. Each facility shall establish and practice methods and procedures for medication control that include the following:

(1) A requirement that each patient's prescribing physician, physician assistant, or nurse practitioner provide to the facility electronic or written signed orders for any medications taken by the patient; authorization for medications or drugs kept on the person or in the room of the patient; and release of medications;

(2) Provisions for proper storage of prescribed medications so that the medications are inaccessible to patients or visitors with requirements for:

   (a) Separate storage of poisons, topical medications, and oral medications;
   (b) Each patient's medication to be stored in the container in which it was originally received and not transferred to another container; and
   (c) A medication prescribed for one patient not to be administered to any other patient;

(3) Self-administration of medications to be accomplished with the supervision of a licensed nurse to include:

   (a) A description of the responsibilities of the patient, the patient's family members, and the facility staff; and
   (b) The provision of written educational material explaining to the patient and the patient's family the patient's rights and responsibilities associated with self-administration; and

(4) The proper disposition of medicines that are discontinued because of the discharge or death of the patient, because the drug is outdated, or because the prescription is no longer appropriate to the care of the patient.

Methods and written policies and procedures shall be established to include the manner of issuance, proper storage, control, accountability, and administration of medications or drugs in accordance with pharmaceutical and nursing practices as well as professional standards.

**44:75:08:02. Written orders for medication required.** All medications or drugs administered to patients shall be ordered electronically or in writing and dated, timed, and authenticated by the prescriber. Verbal orders for medications or drugs may be taken only when there is an urgent need to initiate or change an order and accepted only by a pharmacist or licensed nurse in hospitals. The prescriber shall date, time, and authenticate the orders for hospital patients on the next visit to the facility. The practitioner shall date, time, and authenticate the orders for patients promptly. A policy on stop orders for antibiotics, anticoagulants, and controlled drugs shall be established based on recommendations of the medical staff.

**44:75:08:04. Storage and labeling of medications and drugs.** All drugs or medications shall be stored in a well illuminated, locked storage area that is well ventilated, maintained at a temperature appropriate for drug storage, and inaccessible to patients, or visitors at all times. Medications suitable for storage at room temperature shall be maintained between 59 and 86 degrees Fahrenheit (15 and 30 degrees centigrade). Medications that require refrigeration shall be maintained between 36 and 46 degrees Fahrenheit (2 and 8 degrees centigrade). Poisons and medications prescribed for external use shall be stored separately from internal medications, locked and made inaccessible to patients.

Locked storage does not apply to drugs and medications needed for emergency use in intensive care, emergency room, neonatal intensive care, pediatric intensive care, or coronary care units. Drugs and medications utilized in these care units shall be in a storage area that is readily available to the professional staff but inaccessible to patients or visitors.

The medications or drugs of each patient for whom medications are facility-administered shall be stored in the containers in which they were originally received and may not be transferred to another container. Special modification of this requirement may be made if single dose packaging is used. Each prescription drug container, including manufacturer's complimentary samples, shall be labeled with the patient's name, physician, physician assistant, or nurse practitioner's name, drug name and strength, directions for use, and prescription date.

Containers with contents that will not be used within 30 days of issue or with contents that expire in less than 30 days of issue shall bear an expiration date. If a single dose system is used, the drug name and strength, expiration date, and a control number shall be on the unit dose packet.

A co-located hospital and assisted living center may procure and stock, including in bulk form, nonlegend medications and administer them in accordance with written policies and procedures that provide for oversight by qualified personnel.

If a stock bottle system is used in a facility with a licensed pharmacy, the container shall be labeled with the drug name and strength, expiration date, and a control number. Any container with a worn, illegible, or missing label shall be destroyed pursuant to § 44:73:08:06. Licensed
pharmacists are responsible for the labeling, relabeling, or altering of labels on medication containers.

44:75:08:05. Control and accountability of medications and drugs. Medications brought from home may be used if ordered by the attending physician, physician assistant, or nurse practitioner, and, if prior to administration, is identified as the prescribed drug. Medications prescribed for one patient may not be administered to another. Patients may not keep medications on their person or in their room without a physician's, physician assistant, or nurse practitioner's order allowing self-administration. Written authorization by the patient's physician, physician assistant, or nurse practitioner shall be secured for the release of any medication to a patient upon discharge, transfer, or temporary leave from the facility. The release of medication shall be documented in the patient's record, indicating quantity, drug name, and strength. The facility shall maintain records that account for all medications and drugs from their receipt through administration, destruction, or return.

44:75:08:06. Documentation of drug disposal. Legend drugs not controlled under SDCL chapter 34-20B shall be destroyed or disposed of by a nurse and another witness. Destruction or disposal of medications controlled under SDCL chapter 34-20B shall be witnessed by two persons, both of whom are a nurse or pharmacist, as designated by facility policy. Methods of destruction or disposal may include:

(1) Disposal by using a professional waste hauler to take the medications to a permitted medical waste facility or by facility disposal at a permitted municipal solid waste landfill. Prior to disposal all medications shall be removed from original containers and made unpalatable by the addition of adulterants and alteration of solid dosage forms by dissolving or combination into a solid mass;

(2) Return to the dispensing pharmacy for destruction or dispose according to federal and state regulations;

(3) Return to an authorized reverse distributor company licensed by the South Dakota Board of Pharmacy; or

(4) Release to patient upon discharge after authorization by the patient's prescribing practitioner.

Documentation of destruction or disposal of medications shall be included in the patient's record. The documentation shall include the method of disposition (destruction, disposal, return to pharmacy, or release to patient); the medication name, strength, prescription number (as applicable), quantity, and date of disposition; and the name of any person who witnessed the destruction or disposal.

Medications, excluding those controlled under SDCL chapter 34-20B, contained in unit dose packaging meeting the requirements of § 20:51:13:02.01 may be returned to the dispensing pharmacy for credit and redispensing.
Any medication held for disposal shall be physically separated from the medications being used in the facility, locked with access limited, in an area with a system to reconcile, audit, or monitor them to prevent diversion.

CHAPTER 36-2A

HEALTH PROFESSIONALS ASSISTANCE PROGRAM

36-2A-1 Definitions. Terms used in this chapter mean:
   (1) "Health professionals assistance program," a confidential program designed to monitor the treatment and continuing care of any regulated health professional who may be unable to practice with reasonable skill and safety, if the professional's mental health issues or substance use disorder is not appropriately managed;
   (2) "Impaired," the inability of a licensee to practice his or her health-related profession with reasonable skill and safety as a result of mental health issues or substance use related disorders;
   (3) "Participating board," a health-related licensing board listed in Title 36 which agrees with other health-related licensing boards to jointly conduct a health professionals assistance program. The program is available to participating health-related licensing boards in conjunction with, or as an alternative to, other sanctions which a health-related board may impose upon its licensees pursuant to disciplinary actions within its jurisdiction;
   (4) "Program personnel," persons or contracted entities employed by, or contracted with, the health professionals assistance program service committee to provide services for the health professionals assistance program.

36-2A-2 Joint health professionals assistance program. Health-related licensing boards listed under Title 36 may jointly conduct a health professionals assistance program to protect the public from impaired persons regulated by the boards. The health professionals assistance program does not affect a board's authority to discipline violators of a board's practice act.

36-2A-3. Program service committee--Duties. The participating boards shall establish a program service committee consisting of one representative appointed by each participating board from its board membership or staff. The committee shall meet at least annually or as often as necessary to transact its business. The duties of the committee include:

(1) Establishing the annual health professionals assistance program budget and the pro rata share of program expenses to be borne by each participating board;

(2) Determining the qualifications, duties, and compensation for program personnel;

(3) Hiring program personnel or contracting with entities;

(4) Approving policies and procedures for the health professionals assistance program and providing guidance to the program personnel;

(5) Annually approving members of the health professionals assistance program evaluation committees as outlined in this chapter;

(6) Approving treatment facilities and services to which health professionals assistance program participants may be referred; and

(7) Conducting an annual evaluation of the health professionals assistance program.

Source: SL 1996, ch 227, § 3; SL 2013, ch 171, § 3.

36-2A-4. Evaluation committees. The health professionals assistance program service committee shall establish one or more evaluation committees. Each evaluation committee shall include one actively practicing licensed health care professional with demonstrated expertise in the field of mental health or substance use disorder from each health-related profession participating in the health professionals assistance program.

36-2A-5. Duties of evaluation committee. Duties of an evaluation committee include:

(1) Evaluate each applicant for admission to the health professionals assistance program according to criteria established pursuant to § 36-2A-14;

(2) Develop individual participation agreements for health professionals assistance program participants;

(3) Evaluation of any program participant for discharge according to criteria established pursuant to § 36-2A-14;

(4) Review participant progress and recommend amendments for participation agreements as indicated;

(5) Maintain the confidentiality of the names, identities, and treatments of applicants and participants considered by the committees; and
3-2A-6. Application to program--Admission evaluation. Any applicant may access the health professionals assistance program by self-referral, board referral, or referral from another person or agency, such as an employer, coworker, or family member. An evaluation of the admission application shall be conducted by program personnel. The health professionals assistance program personnel shall advise the applicant of the program requirements and the implications of noncompliance and shall secure the cooperation of the applicant with the health professionals assistance program. Any applicant who refuses to cooperate with the program admission evaluation shall be reported to the applicable participating board or entity.

3-2A-7. Eligibility for program. Admission to the health professionals assistance program is available to any person who is impaired and:

1. Holds licensure as a health care professional in this state;
2. Is eligible for and in the process of applying for licensure as a health care professional in this state; or
3. Is enrolled as a student in a program leading to licensure as a health care professional.

3-2A-8. Denial of admission to program. The evaluation committee may deny admission to the health professionals assistance program if the applicant:

1. Is not eligible for licensure in this state;
2. Diverted controlled substances for other than personal use;
3. Creates too great a risk to the public by participating in the health professionals assistance program as determined by the evaluation committee and program personnel;
4. Has engaged in sexual misconduct that meets the criteria for denial of admission established by the participating boards; or
5. Has been terminated from any health professional assistance program.

36-2A-9. Program participation components. The health professionals assistance program participation components may include requirements for treatment and continuing care, work-site monitoring, practice restrictions, random drug screening, support group participation, filing of reports, and other requirements as necessary for successful completion of the health professionals assistance program.

36-2A-10. Fees and costs. Each health professionals assistance program participant shall pay an initial participation fee set pursuant to § 36-2A-14 as well as all costs associated with physical, psychosocial, or other related evaluations, treatment, and random drug screens.

36-2A-11. Termination of participation in program--Report to board. The health professionals assistance evaluation committee may terminate a person's participation in the program based upon:

(1) Failure to cooperate or comply with the individualized participation agreement; or

(2) Violation of the practice act of the applicable health care profession during participation in the program.

The evaluation committee shall report terminations to the applicable participating board.

36-2A-12. Confidentiality of program participants' records. All records of health professionals assistance program participants are confidential and are not subject to discovery or subpoena. Only authorized program personnel and health professionals assistance evaluation committee members may have access to participant records unless the participant voluntarily provides for written release of the information. A participating board may only have access to records of participants who were referred by the board, who refused to cooperate with the health professionals assistance program, or who have been terminated by the health professionals assistance program in accordance with § 36-2A-11. Records shall be maintained in accordance with § 36-2A-14.

36-2A-13. Immunity from liability for reports and actions related to duties. Any person, agency, institution, facility, or organization making reports to the participating board or health professionals assistance program regarding an individual suspected of practicing while impaired or reports of a participant's progress or lack of progress in the health professionals assistance program is immune from civil liability for submitting a report in good faith to the health professionals assistance program. Members and staff of the participating boards, health professionals assistance program evaluation committees, and health professionals assistance
program personnel acting in good faith are immune from civil liability for any actions related to their duties under this chapter.

36-2A-14. Promulgation of rules. The Board of Nursing and the Board of Medical and Osteopathic Examiners, with the approval of the other participating boards, may jointly promulgate rules pursuant to chapter 1-26 for implementation of the health professionals assistance program, including:

(1) Committee structure and program personnel;
(2) Admission criteria;
(3) Criteria for denial of admission;
(4) Required participation components;
(5) Termination of participation and discharge criteria;
(6) Confidentiality and retention of program records;
(7) Annual evaluation of effectiveness of the program;
(8) Participation fees; and
(9) Procedures for establishing the annual budget and prorating program expenses.

36-2A-15. Determination of expenses to be borne by participating boards. The health professionals assistance program expenses to be borne by each participating board shall be determined by the health professionals assistance program service committee in accordance with § 36-2A-14.
