TROUBLE SHOOTING AND OTHER TIPS

I’m having trouble getting through the licensing process.
1. Try a different browser. Example: If you’ve tried Internet Explorer, switch to Google Chrome.
2. This platform does not support the use of a mobile phone.
3. If a tablet is being used, it must be Microsoft based. (Not an Apple product.)
4. Be sure your pop-up blocker is turned off.
5. Firewalls or anti-malware protections on your system may be preventing the ability to get through the licensing process.

Tips
1. PDF documents are the preferred type of documents for required uploads.
2. Only upload documents during the licensing process. DO NOT UPLOAD documents on the My Profile page for a new or renewal application.
3. Submit application one time. Do not click the submit button more than one time. If submission issue occurs (spinning wheel, transmission interruption, etc.), contact the board. DO NOT complete/submit another application.
4. At the top of your licensure documentation, if it includes “This is a Primary Source Verification” – NOTE: THIS IS NOT YOUR LICENSE. Refer to item #7b on page 21 to see how to print your license.
