**Online renewals/Records Retention:** The Board office advised they are moving to a new system with Albertson Consulting for online renewals and credit card payments for those Boards under DSS. The Board office requested a bid to include all the health Boards administered by Professional Licensing in the new system. The costs will be shared by all health boards based on the number of licensees. Once the new system is operational, Albertson Consulting will submit an additional bid to import the old records into their electronic data management system for records retention. Following discussion, Johnston suggested the Board office contact the Medical Board to see what vendor they are using for online renewal/credit card payments. The online renewal system will be addressed at a future meeting. Borchert will check into what vendors other health boards are using and advise the Board office.

**Legislative Updates:** HB 1014, an act to establish uniform complaint and declaratory ruling procedures for agencies regulating certain professions and occupations has passed and will be effective July 1, 2021. The bill standardizes the complaint procedure for all Boards. Tellinghuisen advised it is similar to what the Board already has in place. Borchert will review on behalf of all Boards for changes specific to the Board. She advised the bill unifies procedures across all Boards.

**Any other business coming in between the date of mailing and meeting:** Johnston questioned providers being able to obtain CEUs due to hardship during COVID. Borchert researched the question and advised the COVID pandemic would be a legitimate issue to consider a hardship waiver request. It was agreed to reach out to the Association with information regarding CEU requirements/request for waiver of continuing education subject to Board approval. Stansberry advised Board members have presented a brief Board update at Association meetings. Johnston and Torness agreed to present on behalf of the Board.
