The South Dakota Department of Health (SD-DOH) has modified the definitions of community transmission to better align with the Centers for Disease Control and Prevention (CDC) measures regularly used to monitor COVID-19 in communities. The levels maintain alignment with the CDC's Community Mitigation Framework: <https://www.cdc.gov/coronavirus/2019-ncov/community/community-mitigation.html>.

SD-DOH webpage on COVID-19 containing the Community Impact Map: <https://doh.sd.gov/news/Coronavirus.aspx#SD>. For the number of cases in each county used to designate the levels of none, minimal, moderate, and substantial community spread, please see the table below.
