Due to misspelling of name and incorrect licensee number, the Board has determined to amend the original order of July 30, 2013.

The South Dakota Board of Nursing (“Board”) met in Sioux Falls, South Dakota, for its regular meeting on July 19, 2013.

At that meeting the Board was advised of an informal meeting that was held between you and Board staff on June 12, 2013, regarding allegations of nursing practice issues identified following a South Dakota Department of Health survey of an assisted living center where you were Director of Nursing. Said surveys were dated October 12, 2012, with revisits on February 7, 2013, and April 23, 2013.

Based on the information provided to the Board, the Board has determined that your conduct is in violation of SDCL § 36-9-49(5), in that you acted in a manner inconsistent with the health or safety of persons entrusted to your care.

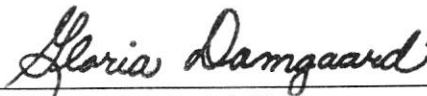

Therefore, the Board, according to the disciplinary procedures outlined in ARSD 20:48:08, issues this Letter of Reprimand. In addition, the Board will require you to complete learning modules on (1) Ethics in Nursing Practice, (2) Professional Accountability, and (3) Delegating Effectively. You are responsible to purchase and complete these modules and return them to the Board office no later than September 23, 2013, with successful certificate of completion. You can register for these modules on the following website:

www.learningext.com.

This final action is reportable discipline and will be published in the Board's newsletter, posted on its website, and reported into the National Practitioner Data Bank (NPDB) as required by law. As this is a reportable discipline, you are required to provide an affirmative response to inquiries of disciplinary action on further renewals and other nursing related inquiries.

Dated this 28th day of March, 2019.
