SOUTH DAKOTA BOARD OF NURSING

IN THE MATTER OF THE LICENSURE PROCEEDINGS

RE:  JACLYN LOWITZ, RN

License No. R042638,

Licensee.

The South Dakota Board of Nursing entered a Letter of Reprimand with Remediation in the above-referenced matter on August 11, 2021, incorporating Licensee’s signed Agreed Upon Disposition dated August 4, 2021.

Licensee and the Board agree that the signed Agreed Upon Disposition contains a clerical error limiting Licensee to a single-state license, which also conflicts with an accurate statement later in the agreement that Licensee will maintain a multi-state license.

It is hereby clarified through this subsequent Order that Licensee shall maintain her multi-state license and that the erroneous limitation to a single-state license in the signed Agreed Upon Disposition shall be considered eliminated from the previously issued Letter of Reprimand with Remediation.

Dated this 15th day of September, 2021.
