Thanks
Hang in there
Brighter days are coming
EMS

COVID Impact:
• 13.66% reduction in annual call volume compared to 2019 (Jan-April)

• 30% reduction in active membership (survey of EMS agencies)
  • Concerns with contracting virus
  • Concerns with family members with underlying health concerns
  • Fear of Isolation and/or Quarantine impact on primary employment

• Filtered thousands of calls/emails pertaining to COVID pandemic
EMS

COVID Response
• Staffed EOC
• Initiated weekly EMS webinars
• Established contracts with 8 services for COVID transport
• Provided thousands of PPE supplies
• Are in the process of securing Halo’s for services
• Developed plan for NG for surge capacity
• Countless other activities…
