CARDIOVASCULAR COLLABORATIVE
UPDATES
Goals

I. IMPROVE DATA COLLECTION
Drive policy and population outcomes through improved data collection and analysis for heart disease and stroke.

II. PRIORITY POPULATIONS
Address prevention and treatment needs of priority populations in South Dakota for heart disease and stroke.

III. CONTINUUM OF CARE
Coordinate and improve continuum of care for heart disease and stroke.

IV. PREVENTION & MANAGEMENT
Enhance prevention and management of heart disease and stroke.

Objectives

1. Identify and track data to support at least one heart disease and stroke policy change or recommendation by 2021.
   *In Process*

2. Increase input into at least 4 data collection tools by organizations and/or individuals by 10% by 2021.
   *In Process*

3. Decrease the age-adjusted death rate due to heart disease in the American Indian population from 212.5 per 100,000 in 2015 to 202.0 per 100,000 by 2021.
   Progress: 241.4 per 100,000 (2017)

4. Decrease the age-adjusted death rate due to stroke in the American Indian population from 48.5 per 100,000 in 2015 to 46 per 100,000 by 2021.
   Progress: 48.2 per 100,000 (2017)

5. Decrease emergency response times by decreasing average ambulance response time from 5.23 minutes in 2018 to 4.25 minutes by 2021.
   Progress: 5.23 mins (2018)

6. Increase the number of EMTs in South Dakota from 3,281 in 2016 to 3,850 by 2021.
   Progress: 3,301 EMTs (2018)

7. Identify and designate 5 cardiac ready communities by 2021.
   Progress: 1 community pursuing designation (2019)

8. Decrease prevalence of heart attack from 4.7% (2015) to 4.45% (5% decrease) by 2021.
   Progress: 4.9% (2017)

9. Decrease prevalence of stroke from 2.6% (2015) to 2.47% (5% decrease) by 2021.
   Progress: 2.7% (2017)

Strategies

A. Identify and promote tracking of a common set of minimum cardiovascular health data for use for both prevention and improvement of post-cardiac event outcomes.

A. Promote the different models of team-based, patient-centered care (health cooperative clinics, health homes, PCMH).

B. Maximize community-clinical linkages (e.g. CHW, different sectors).

C. Support policies that increase access to heart disease and stroke care for priority populations.

D. Improve collaboration with tribal communities.

A. Utilize results of needs assessment to address infrastructure and sustainability of EMS.

B. Ensure utilization and sustainability of community-based resources and programs such as Mission: Lifeline, LUCAS, and pit-crew CPR for EMS services.

C. Identify and expand mobile integrated health programs.

D. Promote the cardiac ready community program to South Dakota communities ensuring at least 5 are enrolled in the program.

A. Encourage the implementation of health improvement programs in health systems.

B. Promote awareness, detection and management of high blood pressure (clinical innovations, team-based care, self-monitoring of blood pressure).

C. Support the expansion of prevention and lifestyle interventions in schools and other settings across the lifespan.

GOAL AREA 1

- The Goal 1 area members continue to be integrated throughout the other goal areas.

If any other goal areas have data requests, please let us know!
GOAL AREA 2

Priority Strategy: Maximize community-clinical linkages

- The CHW promotional document for healthcare providers and facilities is now available on DOH website. Document will be disseminated through newsletters, publications, and at conferences.
- CHW webinar held on May 16, 2019, 12-1pm CT was recorded and is now available on the DOH website.
- Last workgroup call held in August:
  - Action plan includes: developing a CHW hiring guide, providing additional CHW training for healthcare providers/facilities, and establishing a CHW coalition/ alliance.

What suggestions do you have on how to disseminate resources developed on CHWs? Any other suggestions for year 3 activities to advance the CHW profession?

Community Health Workers

Community Health Worker Defined

A community health worker (CHW) is a frontline public health worker who is a trusted member of and/or has a unique understanding of the community served. This relationship allows the CHW to serve as a liaison between health/social services and the community.

Community health workers are identified by many titles:
- Community health adviser or representative
- Health advocate, promoter, or educator
- Outreach worker or educator

GOAL AREA 3

Objectives 1 & 2: Strategies A–C
1. Reviewing the 2016/2018 EMS Needs Assessment as a group. Will identify areas that stick out as a potential project
2. Conducting an assessment of current mobile integrated health plans to establish baseline prior to expansion

Objective 3: Strategy D
- DOH continuing to work with pilot community, Kimball, for Cardiac Ready Community Designation
- DOH working with Media by JP to develop promotional videos to bring awareness to the CRC program
- The Helmsley Trust grant will provide new AEDs to all law enforcement in the state; city, county, state, tribal, etc.

What needs do you have within your own organizations that can help guide year 3 work?

GOAL AREA 4

Priority 1: Quality Improvement
- QI Toolkit document uploaded
- Webinar on Toolkit November 6th

Priority 2: Awareness Campaign
- Media Toolkit posted to Cardiovascular Collaborative, Healthy SD and Good and Healthy SD websites
- Facebook posts: DOH, DOH chronic disease programs, & Heart Disease and Stroke Prevention Program
- American Indian specific messaging
- Targeting geographic locations with higher morbidity

What needs do you have within your own organizations that can help guide year 3 work?
