Some people are more likely to get sick: babies, toddlers, pregnant women, older adults, and those with weakened immune systems.

**STAY HEALTHY:**

- No food, drinks, baby bottles, pacifiers, toys, or strollers in animal areas.
- Watch kids and those with intellectual disabilities around animals.
- Make sure kids don’t put their fingers or other things in their mouths.
- Wash hands with soap and water right after visiting the animals.

**STOP GERMS!**
HELP KIDS WASH THEIR HANDS

- Wet hands and use soap
- Scrub hands for at least 20 seconds *(sing Happy Birthday twice)*
- Clean between fingers and under nails
- Rinse hands with warm water
- Dry hands with a paper towel or air dry them

STOP GERMS!
