

ABOUT THE PROGRAM

The South Dakota Family Planning Program is devoted to providing family planning services to males and females of reproductive age.

Family planning services help women and men determine if and when they want to have a child. The program helps keep people healthy and protects their ability to have children in the future.

A sliding fee scale is used. Fees are based on family size and income. No one is denied services based on inability to pay.

Services are provided on a **VOLUNTARY** and **CONFIDENTIAL** basis.
