

Scope and practice of standard of care

SD Administrative Rules: 20:86:03				
Scope of Standards	#	(letter)	(i. ii.iii)	Scope and practice guideline- CPM shall not provide care for
ARSD20:86:03:01	1	k		Ashma - severe uncontrolled
ARSD20:86:03:01	1	f		Birth under 37 weeks or after 42 weeks gestation
ARSD20:86:03:01	2	a		C-sec >1 without a primary VBAC, , 18 mo. or classical incision
ARSD20:86:03:01	1	c		Cardiac disease
ARSD20:86:03:01	1	u		Congenital anomaly suspect or confirmed needing immediate medical care
ARSD20:86:03:01	1	d		Diabetes requiring medication, including GDM and DM 2
ARSD20:86:03:01	4			Document - failure to
ARSD20:86:03:01	1	v		Hemoglobin < 10 at 36 weeks
ARSD20:86:03:01	1	n		Hepatitis - acute or chronic
ARSD20:86:03:01	1	t		HIV positive
ARSD20:86:03:01	1	p		Hypertension - essential/chronic
ARSD20:86:03:01	1	q		Hypertension - gestational /pre eclampsia
ARSD20:86:03:01	1	x		Infection - acute at delivery - putting baby at risk of illness
ARSD20:86:03:01	1	y		IUGR- suspected
ARSD20:86:03:01	3			Lab - Failure to get ABO+/-, antibody, HGB, syphilis around 28 weeks
ARSD20:86:03:01	4	b		Lab - Hep B and or HIV refusal form signed - in chart
ARSD20:86:03:01	4	a		Lab - HIV Hep around 28 weeks
ARSD20:86:03:01	1	h		Liver disease current
ARSD20:86:03:01	1	m		Lupus - systemic or scleroderma
ARSD20:86:03:01	7			Midwife - conditions she is uncomfortable with managing
ARSD20:86:03:01	1	e		Noncephalic presentational the onset of labor or SROM which ever is first
ARSD20:86:03:01	2			Past history of the following
ARSD20:86:03:01	1	a	III	Placenta located over precious uterine scar
ARSD20:86:03:01	1	a	I	Placenta previa -Confirmed central at term
ARSD20:86:03:01	1	a		Placental abnormalities
ARSD20:86:03:01	1	a	ii	Placental abruption or signs of indication
ARSD20:86:03:01	2	b		Platelets , 150,000, Rh /other blood sensitivities, thrombocytopenia
ARSD20:86:03:01	1	w		Preterm labor , 37 weeks
ARSD20:86:03:01	1	l		Pulmonary disease
ARSD20:86:03:01	1	b		Regular alcohol, drug use, abuse, or dependency
ARSD20:86:03:01	1	g		Renal disease current
ARSD20:86:03:01	1	o		Reproductive organ defects interfering with birth
ARSD20:86:03:01	1	r		Rh neg. disease with positive titers
ARSD20:86:03:01	1	l		Seizure disorder requiring medication
ARSD20:86:03:01	1	s		TORCH infection toxoplasma, varicella, rubella, syphilis, zika
ARSD20:86:03:01	1	j		Tuberculosis - Active
ARSD20:86:03:01	6			Unresolved fearfulness about birth at home
ARSD20:86:03:01	5			Unwilling to accept midwife's limitations
