|  | and to identify areas needing improvement. Findings include:  1. Review on 11/12/24 at 2:05 PM of the clinic's annual evaluation revealed:  *The medical director had reviewed a minimum of ten active patient charts each month.  *The Quality Control nurse had reviewed active patient charts to review specific quality markers each month.  *There was no documentation that indicated closed charts had been pulled for review.  Interview on 11/12/24 at 2:05 PM with clinic director A revealed:  *She confirmed active patient charts had been reviewed monthly as part of their annual clinic evaluation.  *She confirmed closed patient charts had not been included in the annual clinic evaluation of services.  *She was unaware that a review of closed patient charts was required.  Review of the provider's Program Evaluation policy revealed, both open and closed charts were to be reviewed as part of the program evaluation. |         | I                                      | •  | İ                             |  |
