Hazardous Substance Diagram</b> 44:90:03:08(6)- <i>Confirm onsite storage matches diagram approved by the department</i>                                                                                                                                                                                          | N/A    |
| <b>C. Ventilation and Filtration System Plans</b> 44:90:03:08(7)-<br><i>Confirm systems installed match with approved plans.</i>                                                                                                                                                                                        | N/A    |
|                                                                                                                                                                                                                                                                                                                         |        |
| <b>2. Other Operating Procedures</b>                                                                                                                                                                                                                                                                                    |        |
| <b>A. Manufacturing Practices</b> 44:90:07:01 <i>Check on-site manufacturing standards (For example: food grade contact surfaces, non-porous easily cleanable surfaces – microbials, adequate refrigeration, NRTL/inspected electrical equipment, chemical storage)</i>                                                 | N/A    |
| <b>B. Work Environment</b> 44:90:07:02 <i>Check on-site work environment for the following– proper ventilation/controlling ignition sources, PPE, Potable Water, Fire Prevention and equipment operation training</i>                                                                                                   | N/A    |
| <b>C. Prohibited Manufacturing Activities</b> 44:90:07:04.- <i>Confirm that none of the 11 listed prohibited manufacturing activities are taking place onsite.</i>                                                                                                                                                      | N/A    |
| <b>D. Extraction -- Approved Operating Procedures</b><br>44:90:07:05- <i>Confirm establishment is only performing OMC approved extraction on-site.</i>                                                                                                                                                                  | N/A    |
| <b>E. Potentially Hazardous Extraction Methods</b> 44:90:07:07<br><i>Based on what approved extraction method the establishment is performing, confirm the following meets the necessary requirements– storage, prep, electrical, gas monitoring, fire suppression and exhaust systems</i>                              | N/A    |
| <b>F. Extraction Using Inherently Hazardous Substances</b><br>44:90:07:08 <i>Based on what approved extraction method the establishment is performing, confirm the following meets the necessary requirements – storage, prep, electrical, gas monitoring, fire suppression, exhaust systems, flammable gas storage</i> | N/A    |
| <b>G. Edible Cannabis Products</b> 44:90:07:09- <i>Confirm the establishment has all of the following: foodservice license, Certified Food Service Manager, and meets local foodservice requirements</i>                                                                                                                | N/A    |
|                                                                                                                                                                                                                                                                                                                         |        |
| <b>3. Record Keeping</b>                                                                                                                                                                                                                                                                                                |        |
| <b>A. Cannabis Product Manufacturing Facility Inventory Records</b> (44:90:11:07)- <i>Confirm that the establishment meets all the listed requirements in 44:90:11:07</i>                                                                                                                                               | N/A    |
|                                                                                                                                                                                                                                                                                                                         |        |
| <b>4. Sampling and Testing</b>                                                                                                                                                                                                                                                                                          |        |
| <b>A. Mandatory Testing Prior to Transfer for Retail Sale</b><br>44:90:09:01                                                                                                                                                                                                                                            | N/A    |

|                                                                                                                                                  |     |
|--------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| B. Prohibited Transfer of Cannabis or Cannabis Product — 44:90:09:03 <i>Confirm no product has been transferred incorrectly prior to testing</i> | N/A |
| C. Retention of Certificate of Analysis 44:90:09:04                                                                                              | N/A |
| D. Creation of Batches 44:90:09:06- <i>Confirm all batches meet the requirements listed in 44:90:09:06</i>                                       | N/A |
| E. Storage While Awaiting Test Results 44:90:09:09<br>i. <i>Identification, storage, labeling, etc</i>                                           | N/A |
