F0000	INITIAL COMMENTS A complaint health survey for compliance with 42 CFR Part 483, Subpart B, requirements for Long Term Care facilities was conducted from 7/9/25 through 7/10/25. Areas surveyed included potential resident abuse/neglect, nursing services regarding medication administration and wound care, resident rights, and quality of care/treatment regarding resident safety. Avantara Norton was found not in compliance with the following requirement: F658 and to have past non-compliance at F600, F686, and F689.			F0000			
F0600 SS = D	Free from Abuse and Neglect CFR(s): 483.12(a)(1) §483.12 Freedom from Abuse, Neglect, and Exploitation The resident has the right to be free from abuse, neglect, misappropriation of resident property, and exploitation as defined in this subpart. This includes but is not limited to freedom from corporal punishment, involuntary seclusion and any physical or chemical restraint not required to treat the resident's medical symptoms. §483.12(a) The facility must- §483.12(a)(1) Not use verbal, mental, sexual, or physical abuse, corporal punishment, or involuntary seclusion; This REQUIREMENT is NOT MET as evidenced by: Based on South Dakota Department of Health (SD DOH) facility-reported incident (FRI), record review, review of call light log, review of personnel file, interviews and policy review, the provider failed to protect the resident's right to be free from neglect for one of one sampled resident (2) who waited for staff assistance for more than an hour after turning on his call light. This citation is considered past non-compliance based on a review of the provider's corrective actions immediately following the incident.			F0600	"Past Noncompliance - no plan of correction required"		

Any deficiency statement ending with an asterisk (*) denotes a deficiency which the institution may be excused from correcting providing it is determined that other safeguards provide sufficient protection to the patients. (See reverse for further instructions.) Except for nursing homes, the findings stated above are disclosable 90 days following the date of survey whether or not a plan of correction is provided. For nursing homes, the above findings and plans of correction are disclosable 14 days following the date these documents are made available to the facility. If deficiencies are cited, an approved plan of correction is requisite to continued program participation.
