5. After submitting, you will get the following message:

6. Once your account has been reviewed and approved by the Department of Health, an email will go to the Administrator with a one-time code to create a password. This email will also include a link to the site where the password will be created.
7. Once the Administrator has an email and password set up, they will be able to log into the portal with the username and password to submit initial and final reports. They will also be able to see all the reports submitted for your facility.
8. For facilities needing to submit a report without logging in there is an option to use an alternative form by going to <https://www.sdhhs.org/> and clicking on "Report a healthcare facility event".

When using this form to submit a report it will come to the DOH as an initial report. Once you are able to login to your portal the report will be there for you to update and submit as a final report within the required timeframe.

9. There will be a “Forgot Password” on the Login page for you change your password, as needed.
