

## **Confidential Food History Questionnaire**

We need **your help** to determine if any food items you ate may have caused your illness. The information you provide is compared with others who have similar illnesses - to identify possible sources. The way this works best is if you can obtain grocery and restaurant receipts, as well as any checkbook entries or credit card statements (if available) - for the past 10 days before you became ill. Use these and your best recall to tell us about your activities and what you ate in that period. (Note, If you don't know the answer, please just select "unk" for unknown and go to the next item.)

We greatly appreciate your critical part in keeping South Dakota safe!!

Please mail completed Questinnaire to:

South Dakota Department of Health Attn: Disease Surveillance Manager 615 East 4th St. Pierre, SD 57501

(OR FAX to 605-773-5509)
