Notify Board of a Change

- For entity change of name, in-state address, closure, or license surrender, submit a Resident & Nonresident Change Notification form ([Notification Form](#)).
- If entity moves to another state, an initial/new application and fee must be submitted, and current license surrendered.
- To verify a requested change has been processed, use board license verification site.

Pharmacist-In-Charge (PIC) Change

- Outgoing PIC must notify board immediately upon knowledge of termination/change of employment. Send notice to (pharmacyboard@state.sd.us).
- Submit PIC transfer/change form within 10 days ([Pharmacist in Charge Change Form](#)).

Change of Ownership Guidance (CHOW)

- If entity ownership changes at the **parent level or below by 50% or more by any method**, a CHOW application must be completed.
- If entity ownership changes at the grandparent level or above (indirect change), board does not need to be notified.
- If entity moves to another state, a completely “new” application must be initiated in this circumstance and the existing license surrendered to the board.
- If there is a name change, home state license must show new name
- If there is an address change, inspection must be for the new location/address
- To complete a CHOW application, click (https://sdbop.igovsolution.net/online/User_login.aspx), login using licensee’s username and password, select “renew” and then “change of ownership” for type of application.
- If questions, contact the board before starting CHOW application process.
