

IX. FOOD DELIVERY and FOOD INSTRUMENT (FI) ACCOUNTABILITY AND CONTROL

(Please indicate) State Agency: South Dakota for FY 2024

Food delivery and food instrument (FI) (*Food instrument* means a voucher, check, electronic benefits transfer card (EBT), coupon or other document which is used by a participant to obtain supplemental foods) accountability and control involve the production, issuance, redemption, and monitoring of automated and manual food instruments through retail systems and the delivery of WIC Program foods by non-retail methods, i.e., home delivery and direct distribution.

During a disaster or public health emergency, or supply chain disruption, the State agency may request to implement existing WIC regulatory and programmatic flexibilities or waivers to support the continuation of Program benefits and services. State agencies should consider the over arching authority, i.e. Stafford Act, Access to Baby formula Act or provision(s) authorized by Congress, and duration before developing a policy and procedure. The State agency must provide a detailed description of how it plans to operationalize the flexibility or waiver through their procedure manual where applicable. Please note that State Plans Guidance is not intended to capture a description of waivers authorized by Congress with separate reporting requirements.

Executive Order (EO) 13988, "*Preventing and Combating Discrimination on the Basis of Gender Identity or Sexual Orientation*," was issued to all Federal Agencies. The EO set out policies that all persons are entitled to dignity, respect, and equal treatment under the law, no matter their gender identity or sexual orientation. The EO does not usurp section 17 of 42 U.S.C, as amended or applicable regulations, rather it complements the language in the nondiscrimination statement. Following the contents of the EO, State agencies must update their policies and procedures to align with the contents of the EO and the **nondiscrimination** statement.
