

2023 Packaging And Shipping Infectious Substances

Program Description

The South Dakota Public Health Laboratory has contracted with the US Department of Transportation to provide up to date training on packaging and shipping infectious substances.

Cost: Free

Class size is limited to 20 students per location.

Classes are from 8:00am-5:00pm.

Class Syllabus

The class syllabus contains an overview of HMR (49 CFR Parts 100-185), the definition of infectious substances, exceptions, packaging, documentation, marking, labeling, placarding, emergency response information, training, and ICAO/IATA.

Faculty

The instructors are from the DOT Transportation Safety Institute.

This workshop is paid for by a grant from the Centers for Disease Control and Prevention (CDC).
