

South Dakota Tobacco Control Program

2016 - 2017 Tobacco Disparities Grants

The Department of Health awarded a total of \$226,194.85 to the following organizations. The Tobacco Disparities Grants are intended to promote long-term change aimed at reducing disparate tobacco use among the following priority populations: youth and young adults, American Indians, pregnant women, Medicaid clients, spit tobacco users, and the mental health and substance abuse populations.
