“Stop The Bleed”

School Kit Distribution Program
Program Goal

• To place “Stop the Bleed” kits near public access AED’s.
• To educate citizens in the use of emergency tourniquets and bleeding control.
• Phase 1
  • To place 1 kit per school in SD.
• Phase 2
  • In high population schools, to place 1 tourniquet in each classroom.
• Assist others who may want to purchase kits.
Kit Contents

• 5 Tourniquets
• 1 Responder Quick Litter
• Trauma Dressings
• 5 x 9 Gauze Pad
• PPE Gloves
• Trauma Shears
• Just in Time Training Card
Training

• County EM is being asked to distribute the kits to the schools in the county.
• County EM and a healthcare provider are being asked to train school staff in “Stop the Bleed” training program.
• This is part of an overall school safety program.
• Counties that have started to implement and train include: Moody, Minnehaha, Clay.
• May be part of an overall county exercise.
