\$28,761	Per Capita Income ¹²	\$24,541

Prevention Strategies

Evidence-based strategies and the South Dakota Prescription Opioid Abuse Advisory Committee informed the creation of the South Dakota Opioid Abuse Strategic Plan that can be found at <https://www.avoidopioidsd.com/about/strategic-plan/>. This plan lays out strategies around these goals:

- Prevention and Early Detection
- Treatment and Recovery
- Reducing Illicit Supply
- Response to Opioid Misuse and Abuse

Acknowledgments

Findings were supported by the National Center for HIV/AIDS, Viral Hepatitis, STD, and TB Prevention (NCHHSTP) of the Centers for Disease Control and Prevention (CDC) under award number NU90TP921980. The findings and conclusions in this project are those of the authors and do not necessarily represent the official position of the CDC. Partners and Stakeholders: South Dakota Department of Health, University of South Dakota, South Dakota State University, SLM Consulting, LLC, South Dakota Opioid Advisory Board, South Dakota Department of Social Services, South Dakota Division of Criminal Investigations, Great Plains Tribal Chairmen's Health Board, South Dakota Association of Healthcare Organizations
